67. Failure to so construct, secure and maintain in good repair, the ditch or water privilege, or to make good any damages which may result from breakage or imperfection as above set out, shall render the water grant subject to cancellation in the discretion of the Minister of Mines and Resources.

68. Every grant of water obtained by the owner of a claim shall be deemed appurtenant to the claim in respect of which record is obtained; and all assignments, transfers or conveyances permitted by law of any claim, shall be construed to have conveyed and transferred, and to convey and transfer, any and all recorded water privileges appurtenant to the claim assigned, transferred or conveyed.

Drainage

69. The mining recorder may grant permission to run a drain or tunnel for drainage purposes through any occupied or unoccupied lands whether mineral or not, and may give exclusive rights of way through and entry upon any mining ground for any term not exceeding five years, for the purpose of constructing and maintaining drains for the drainage thereof.

70. (1) The grantee shall, if requested so to do, before entering upon any of the lands or claims of others for such purpose, give to the owners thereof adequate security for any damage they may sustain by reason of the construction of such tunnel or drain; and payment shall be made by him from time to time before the work is completed, of the compensation to which such owners are entitled; such compensation, if not agreed upon, to be settled by the board of arbitration hereinafter referred to, and to be paid before such drain or tunnel is completed.

(2) The Board of arbitrators shall be appointed as follows:—One arbitrator to be appointed by each of such owners, and in the event of the total number of arbitrators so appointed being an even number, then an additional arbitrator to be selected and appointed by all such arbitrators appointed by the owners.

(3) In the event of the arbitrators appointed by the owners being an even number and being unable to agree upon the additional arbitrator, the mining recorder, upon being requested so to do by such arbitrators, or by any of the interested owners, shall appoint the additional arbitrator.

71. Such drain or tunnel, when constructed, shall be deemed to be the property of the person by whom it has been constructed.

72. (1) Every application for a grant shall state the names of the applicants, the nature and extent of the proposed drain or drains, the amount of toll, if any, to be charged, and the privileges sought to be acquired, and shall, save where the drain is intended only for the drainage of the claim of the person constructing it, be accompanied by a deposit of twenty-five dollars, which shall be refunded if the application is refused, but not otherwise.

(2) Ten full days' notice shall be given of any such application to be made in June, July, August, September or October, and one month's notice of an application to be made in any other month, by affixing the notice to a post planted in some conspicuous part of the ground, and by affixing a copy thereof conspicuously upon the inner walls of the office of the mining recorder.

(3) Prior to such application, the ground included therein shall be marked out to the satisfaction of the mining recorder.

(4) Any person may, within the times hereinbefore prescribed for the notice of such application,

but not afterwards, protest before the mining recorder against such application being granted.

73. (1) The grant of the right of way to construct drains and tunnels shall be in the form F in the schedule hereto.

(2) The grant shall be registered by the grantee in the office of the mining recorder, to whom he shall at the time pay a fee of five dollars; or, if the grant gives power to collect tolls, a fee of forty dollars.

(3) An annual rent of ten dollars shall be paid, in advance, to the mining recorder by the grantee, for each quarter of a mile of right of way legally held by him, save where the drain is for the purpose of draining only the claim of the person constructing it.

Administration

74. If the owner of a claim dies, or is adjudged to be insane, the provisions as to abandonment shall not apply, in the one case, either during his last illness or after his decease, or in the other case, either after he has been so adjudged, or, if it appears that the neglect or omission on account or by reason of which such claim would otherwise have been deemed to be abandoned was attributable to his insanity, during such period prior to his having been so adjudged as he shall be shown to have been insane.

75. The Director may either cause the mining property of any such deceased or insane person to be worked in the usual manner, or he may authorize the working of such property to be dispensed with for such periods as the necessity of the case may in his opinion demand, and he may also, if he sees fit, and if there is no other legal representative, cause the property to be taken possession of and administered subject to the provisions of any law or ordinance respecting the administration of the estates of deceased or insane persons, in the province or territory in which such property may be situated.

76. All charges and expenses which may be incurred by any person acting under the instructions of the Director, in or about the working of such mining property, or in taking or keeping possession thereof, shall be and remain a first charge against the same, until duly paid.

77. Affidavits and declarations made under the provisions of these regulations may be made before a mining recorder, an emergency recorder, or any person duly authorized to administer an oath.

78. (1) On all gold recovered from claims located under the provisions of these regulations and shipped from the Northwest Territories there shall be levied and collected a royalty at the rate of one and one quarter per cent of its value, or at such rate as may be fixed by the Governor in Council from time to time.

(2) Gold upon which royalty shall be payable shall be gold dust as mined, or gold in the form of bars as presented for export.

(3) Such royalty shall be paid in currency to the Director or to some person authorized by him in that behalf.

P.C. 5385

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 31st day of December, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations governing the issue of permits to cut hay and the leasing of Crown Lands for grazing purposes in the Northwest Territories, approved by Order in Council P.C. 1336, dated June 29, 1922, are hereby revoked; and

2. The attached "Regulations governing the issue of permits to cut hay and the leasing of Dominion Lands for grazing in the Northwest Territories" are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
Clerk of the Privy Council.

REGULATIONS GOVERNING THE ISSUE OF PERMITS TO CUT HAY AND THE LEASING OF DOMINION LANDS FOR GRAZING IN THE NORTHWEST TERRITORIES

Short Title

1. These regulations may be cited as the "Northwest Territories Hay and Grazing Regulations".

Interpretation

2. In these regulations, unless the context otherwise requires:

- (a) "Agent" means any person employed in connection with the administration, management, leasing, sale or settlement of Dominion Lands. "Local Agent" means the agent so employed with respect to the lands in a defined district.
- (b) "Department" means the Department of Mines and Resources.
- (c) "Director" means the Director of the Lands and Development Services Branch, Department of Mines and Resources.
- (d) "Dominion Lands" or "lands" or "land" means the lands of the Dominion of Canada in the Northwest Territories.
- (e) "Legal Post" means a stake or post of any kind of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground. The post must be of such diameter that when squared or faced for eighteen inches from the top end, each face of the squared or faced portion shall not be less than four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position, it may be made into a post by cutting the tree off not less than four feet from the ground, and squaring and facing the upper eighteen inches, each face of the portion so squared or faced to be not less than four inches in width. Whether a post is planted or a stump of a tree made into a post, a

mound of stones or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground and not less than eighteen inches high, coneshaped and well constructed.

- (f) "Minister" means the Minister of Mines and Resources.
- (g) "Timber Agent" means the local officer of the Department appointed to collect dues on, and to perform such other duties as are assigned to him in respect to the timber on Dominion Lands.

Permits to Cut Hay

3. The local Agent or any other officer authorized by the Minister may, subject to the provisions of these regulations:

- (a) issue a permit to a settler who is the owner of stock to cut hay on vacant Dominion lands, for his own use but not for barter or sale.
- (b) issue a permit to any person to cut hay on vacant Dominion lands for the purpose of sale.

4. No hay shall be cut on Dominion Lands prior to a date to be fixed each year by the local Agent.

5. (1) Applications from owners of stock to cut hay on vacant Dominion lands for their own use, may be received and permits issued on and after the first day of May in each year.

(2) Applications to cut hay for sale, shall not be entertained by the local Agent prior to the 10th day of May in any year.

6. (1) A permit to a settler who is the owner of stock to cut hay for his own use, may be issued upon payment in advance of a permit fee of \$1.00 and twenty-five cents per ton for each ton of hay the applicant desires to cut.

(2) A permit to any person to cut hay for sale, may be issued upon payment in advance of a permit fee of \$1.00 and \$1.00 per ton for each ton of hay the applicant desires to cut, but shall only be issued after the local Agent is satisfied that the needs of stockowners in the district have been met.

7. (1) Each permit shall describe the lands upon which the permittee may cut hay.

(2) Hay when cut by a permittee or his servants or agents upon Dominion Lands specified in his permit and up to the amount of hay authorized therein, shall be the property of the permittee.

8. The holder of a hay permit who makes improvements on a hay meadow covered by his permit to the satisfaction of the local Agent, shall be given priority if he applies for a permit on such hay meadow from year to year, provided the land is available and he has complied with all the requirements of the regulations.

9. A Half-breed, Indian or Eskimo who is a resident of the Northwest Territories may upon application to the local Agent, be granted a free permit to cut hay for his own use, but in no case shall such person receive a permit for a greater amount of hay than five tons per head for the stock of which he is the sole owner.

10. (1) Upon expiration of his permit, the permittee shall return his permit to the local Agent with the affidavit on the back thereof properly completed,

or if the permit has been lost, he shall complete an affidavit in the same form and forward it to the Agent.

(2) No permit shall be issued to an applicant, if he fails to comply with the provisions of the preceding sub-section.

11. No person shall cut hay on vacant Dominion Lands without a permit.

Grazing

12. The Minister may lease such Dominion Lands in the Northwest Territories for grazing purposes, as he may consider suitable for the purpose.

13. A lease for grazing purposes, shall be in the form prescribed by the Minister and may contain such terms not inconsistent with the Dominion Lands Act and these regulations as he may prescribe.

14. The maximum area which may be leased to a person under the provisions of these regulations shall be 6,400 acres and no person shall be permitted to acquire by lease or leases, more than that area.

15. The rent to be charged for a grazing lease shall be not less than two cents per acre per annum, and shall be payable yearly in advance provided that the rent payable in any lease shall not be less than \$5.00 per annum.

16. A lease shall be for a term of not more than ten years, but the Minister may upon the written request of a lessee made within one month prior to the expiration of the term of the lease, grant to him a renewal lease for a further term not exceeding ten years provided there shall not at the time of such request, be any breach or non-observance of any condition, proviso or stipulation of the lease then in force.

17. A lease for grazing purposes shall be subject to:

- (a) a reservation to the Crown of all minerals which may be found to exist therein, upon or under such lands, together with full power to prospect and work the same, and for that purpose to enter upon, use and occupy the said land, or so much thereof and to such extent as may be necessary for the effective working of such minerals and access to the same.
- (b) a reservation to the Crown of all timber which may be upon the lands and the Timber Agent may grant timber permits under the provisions of the regulations in that respect, to cut and remove timber which may be found within the limits of the leasehold, subject to such conditions for the protection of the interests of the lessee as the Timber Agent may deem proper.
- (c) a reservation of the right to enter upon, work and remove any rock outcrop required for public purposes.
- (d) a reservation of such right or rights of way and of entry as may be required under any regulation in force in connection with the construction, maintenance and use of works for the conveyance of water for use in mining operations.
- (e) a reservation of the right to enter upon the land for the purpose of installing and maintaining any public utility, public service or electric transmission line, found to be necessary by the Minister.

18. It shall be lawful for the Director or any person thereunto authorized by him, at all reasonable times during the currency of a lease, to enter upon the land to examine the condition thereof.

19. If the land described in a lease is not used for grazing purposes, or if the rent or any part thereof shall be unpaid for ninety days after becoming payable (whether demanded or not), or if any covenant, proviso, stipulation or condition in the lease or these regulations is not performed or observed, the Minister may by notice in writing, cancel the lease and thereupon all benefits, rights and privileges granted to the lessee shall absolutely cease and determine and be at an end without any suit or legal proceedings provided that nothing in this section shall prejudice the rights of the Minister to collect all arrears of rent or any remedy he may have for the recovery of such arrears.

20. No acceptance of rent subsequent to any breach or default, other than non-payment of rent, nor any condoning, excusing or overlooking by the Minister on previous occasions of breaches or defaults similar to that for which a cancellation of a lease may be effected, shall be taken to operate as a waiver nor in any way to defect or affect the rights of the Minister under these regulations.

21. If a lease is granted through any error or through misrepresentation, the Minister may cancel the lease and refund any money paid by the applicant.

22. The Minister may at any time during the term of a lease, by giving six months' notice in writing to the lessee, withdraw any portion of the land from the operation of the lessee or cancel the same and in either event, the lessee shall not be entitled to any damages or compensation on account of such withdrawal or termination other than a proportionate reduction or rebate of the annual rental.

23. (1) If a lease is cancelled or expires or any portion of the land is withdrawn from the lease, the lessee shall, provided there are no arrears of rent or taxes, have the right to remove within three months, any improvements owned by him which may be on the leasehold at the time his lease is cancelled or expires, or a portion thereof is withdrawn from the lease.

(2) If the lessee does not remove his improvements before the land is again disposed of, the local Agent or other officer of the Department shall make an appraisal of the improvements which have been left on the land by the lessee and the Minister may direct the sale of same by auction or private sale.

(3) Out of any money realized by the sale, the Minister may, after deducting any expenses of sale and any arrears of rent and taxes, pay to the former lessee, the balance realized from the sale of the improvements.

24. (1) Any person who desires to lease Dominion Lands for grazing purposes, shall make application to the local Agent.

(2) If the lands are not surveyed, application shall be made not later than thirty days after the land has been staked with legal posts. The application shall be in duplicate and shall be accompanied by an application fee of \$5.00 which will be returned to the applicant if the application is not granted, but not otherwise. The application shall contain a description by metes and bounds of the location applied for and shall be accompanied by a sketch in duplicate, showing the position of such location

in its relation to some prominent topographical feature, surveyed line or other known point. The sketch shall contain sufficient data to admit of the position of the location applied for, being definitely shown in the records of the Department.

(3) The application shall show:

(a) if the lands or any part thereof have been improved or are occupied.

(b) the character of the improvements, if any.

(c) by whom the land is occupied and the purpose of the occupation.

(4) The location applied for, shall not exceed four miles in its greatest dimension, nor shall the length of the location exceed three times the breadth thereof; except where a location is on a lake, river or stream, in which case the frontage (or breadth) on the stream shall not exceed one and one-half miles nor shall the length (or depth) in this case be more than four times the breadth.

(5) The local Agent upon being satisfied that the land is available and suitable for grazing purposes and that the sketch and statements contained in the application are in order, shall forward the documents to the Department.

25. The lessee shall not, during the term of the lease, use or allow to be used any part of the lands and premises demised for any purpose other than grazing purposes.

26. The lessee shall not permit any livestock other than his own to graze on the area covered by his lease.

27. (1) During each of the first three years of his lease, the lessee shall place on the land leased to him, not less than one horse, or one head of cattle or five sheep, over the age of one year, for every ninety acres leased to him.

(2) During each year after the first three years of his lease, the lessee shall have and maintain not less than one horse or one head of cattle or five sheep over the age of one year, for every thirty acres leased to him, provided however, that if upon inspection, it is found that the land described in the lease will support more livestock than the number specified, the Minister may require the lessee to place and maintain additional livestock thereon.

28. The lessee shall, within one year from the date of the execution of the lease by the Department, furnish a statutory declaration showing that he is owner of and has the required number of stock on the leasehold, and thereafter, shall furnish a statutory declaration to the Department on the first day of July in each year, or at such other times as the Department may require, showing the number of livestock on the leasehold.

29. The lessee shall be entitled to the hay on the property comprised in his lease, but shall not sell or barter the same unless he has obtained a permit issued under the provisions of these regulations.

30. The lessee may cultivate any portion of his leasehold for the purpose of growing winter feed for his stock, but shall not have the right to dispose of any such feed by barter or sale.

31. (1) The lessee shall not assign or transfer the rights described in his lease or any portion thereof, without the permission of the Minister being first had and obtained. A lessee desiring to assign his lease shall pay all outstanding rental and furnish the Department with a properly exe-

cuted, unconditional assignment in duplicate, of the lease, a registration fee of \$3.00 and evidence from the proper official of a local authority, if any, that all taxes on the lands covered by the assignment have been paid. In no case, however, shall a lessee be allowed to assign or transfer unless he has placed at least one-half the required number of stock on the leasehold, which stock shall be his own property.

(2) The lessee shall not sublet the rights described in his lease or any portion thereof.

32. Any notice affecting a lease shall be valid if signed by the Director or the local Agent and shall be sufficiently served on the lessee if left addressed to him at the demised premises or posted addressed to him at his last known address or left at the said address. A notice sent by post, shall be deemed to be given at the time when in due course of post, it would be delivered at the address to which it is sent.

P.C. 4685

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 19th day of November, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, R.S.C. 1927, is pleased to order as follows:

1. The Regulations for the Leasing and Administration of Lands containing Limestone, Granite, Slate, Marble, Gypsum, Marl, Gravel, Sand, Clay, Volcanic Ash, or any building stone in the Province of Manitoba, Saskatchewan and Alberta and the Northwest Territories, within twenty miles on either side of the Main Line of the Canadian Pacific Railway, in the Province of British Columbia, in the tract of three and one-half ($3\frac{1}{2}$) million acres acquired by the Government of the Dominion from the Province of British Columbia, and referred to in subsection (b) of section three of the Dominion Lands Act, made by Order in Council P.C. 933, of May 13, 1910 and re-established by Order in Council P.C. 1791 of August 16, 1911, as amended, are hereby revoked; and

2. The attached Regulations for the Leasing and Administration of Lands, the Property of the Crown, containing Limestone, Granite, Slate, Marble, Gypsum, Marl, Gravel, Sand, Clay, Volcanic Ash, or any building stone in the Northwest Territories, are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,

3-4

Clerk of the Privy Council.

REGULATIONS FOR THE LEASING AND ADMINISTRATION OF LANDS, THE PROPERTY OF THE CROWN, CONTAINING LIMESTONE, GRANITE, SLATE, MARBLE, GYPSUM, MARL, GRAVEL, SAND, CLAY, VOLCANIC ASH, OR ANY BUILDING STONE, IN THE NORTHWEST TERRITORIES

1. These Regulations may be cited as The Quarrying Regulations.

2. In these Regulations:

(a) "Department" means the Department of Mines and Resources.

(b) "Locator" means the person who locates or stakes a quarrying location in the manner prescribed in these regulations.

- (c) "Minister" means the Minister of Mines and Resources.
- (d) "Quarrying Location" means a tract of Dominion land containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone.
- (e) "Year" means a period of twelve calendar months.

3. Dominion lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone, in the Northwest Territories, may be leased to any person by the Minister at an annual rental of one dollar (\$1.00) an acre payable yearly in advance, for the purpose of quarrying out and removing therefrom stone or other material mentioned herein:

Provided that no lease for a quarrying location shall convey any right to salt, coal, petroleum, natural gas, gold, silver, copper, iron, or other minerals, within or under the land covered by the lease, or any exclusive right or other property or interest in, or any exclusive right or privilege with respect to any lake, river, spring, stream or other body of water within or bordering on or passing through the land covered by the lease:

And provided further that these regulations shall not apply to School Lands, or to any lands comprised within a National Park of Canada, or land reserved by Parliament or by Order of the Governor in Council, or Minister.

4. The term of the lease shall be twenty-one years renewable for a further period of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operating of quarrying locations which may have been made from time to time by the Governor in Council.

5. (1) Except as provided in this section no person shall be allowed to locate more than one quarrying location:

Provided that a person who has been granted a lease for a location, and who subsequently abandons or assigns the same, may after the expiration of twelve months from the date of the said lease, be permitted to make another location:

Provided, further, however, that such right of relocation shall not be granted unless all payments on account of rent, or other liability to the Department, due by such person, have been fully made, up to the date of registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

(2) More than one location may also be acquired under the provisions of these regulations by any Local Administrative District requiring the material described in the application for the construction or maintenance of works or improvements in such district, and personal application for such locations may be made on behalf of the Local Administrative District by any of its responsible officers; provided that a Local Administrative District, acquiring by application under these regulations more than one lease, shall not be at liberty to sell or otherwise dispose of any of the material taken out under the authority of such leases, and it will be necessary to furnish the department with a statement, made under affidavit, on the 1st of November in each year,

showing the quantities of material taken out during the year, the lands from which such material has been taken, and a declaration to the effect that no portion of the material so taken out was sold, or otherwise disposed of. Failure to comply with this provision of the regulations will render the leases subject to cancellation in the discretion of the Minister.

6. Application for a quarrying location shall be filed by the locator in person with the Agent of Dominion Lands for the district in which the location is situated, within thirty days from the date upon which the location applied for was staked in accordance with section eight of these regulations. If, however, the location is situated more than one hundred miles by travelled route from the office of the Agent of Dominion Lands, the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of one hundred miles. If the application is not filed within the time prescribed, it shall not be considered.

7. (1) Application for a quarrying location shall be in duplicate and shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan in duplicate showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The maximum area of the location shall be forty acres and it shall not exceed one-half mile in its greatest dimension, nor shall the length exceed twice the breadth. The location shall be rectangular in form except where a boundary of a previously located tract is adopted as common to both locations.

(2) The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

- (a) That the location contains, in merchantable quantities, material of the class applied for by the locator:
- (b) That the location has been defined on the ground by the locator in person by planting two wooden posts, at least four inches square and standing not less than four feet above the ground, such posts being numbered "1" and "2" respectively. The distance between post No. "1" and post No. "2" shall not exceed 2,640 feet, and upon each post shall be inscribed the name of the locator, the class of material which the land contains, and the date of the location. Upon Post No. "1" there shall be written, in addition to the foregoing, the words "Initial Post," the approximate compass bearing of post No. "2" and a statement of the number of feet lying to the right, and to the left of the line between post No. "1" and post No. "2". Thus (initial post, direction of post No. "2" is. . . . feet lie to the right and. . . . feet to the left of the line between post No. "1" and post No. "2").

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2, so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

- (c) All the particulars required to be inscribed on posts No. 1 and No. 2 shall be set out in the application.
- (d) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply for a lease of the quarrying rights under the said location, within the time prescribed in these regulations.
8. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Agent of Dominion lands that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.
9. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the Minister to do so, and shall quarry out or remove from such location the quantity of stone or other material covered by the lease, as the case may be, specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of stone or other material which the lessee is required to quarry out from such location, which quantity may be increased from time to time, upon thirty days' notice to that effect being given to the lessee, but in no case shall the maximum quantity of stone or material required to be taken out exceed five cubic yards per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of material is not quarried out during each year, the lease may be cancelled by the Minister.
10. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.
11. The boundaries beneath the surface of quarrying locations shall be the vertical planes or lines in which their surface boundaries lie.
12. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.
13. A fee of five dollars shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.
14. The locator shall be given a period of thirty days from the date of the receipt of his application within which to pay to the Agent of Dominion lands the full amount of the rental for the first year of the term of the lease, at the rate of one dollar (\$1) per acre, and upon the receipt of such rental, if the application is granted, the lease shall be issued and shall bear date the day upon which it is so issued, or the date of the acceptance of the application, whichever may be the earlier. If the rental is not paid within the time specified, the application shall absolutely lapse, and the right applied for shall become available for other disposition.
15. If, during the term of the lease, the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar (\$1) an acre per annum, within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all rights granted thereunder.
16. A person operating a quarrying location shall furnish the Agent of Dominion Lands for the district in which the location is situated, with sworn returns every six months, or at such times as the Minister may direct, accounting for the full quantity of merchantable stone or other material quarried out or removed from the location.
17. Every lessee of quarrying rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.
18. In case the surface rights of a quarrying location are covered by a timber licence, grazing or petroleum lease, mining claim or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorize entry thereon except the permission of the Minister is first had and obtained and such permission shall be given subject to such conditions for the protection of rights of such lessee or licensee as it may be considered necessary to impose.
19. (1) In case the mineral rights in any land comprised within a quarrying location are or have been disposed of by the Crown and the lessee of such mineral rights cannot make any arrangement with the lessee of the quarrying location, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of such mineral rights, he may apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing it shall be lawful for the lessee of the mineral rights to give notice to the lessee of the quarrying location, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by the lessee of the mineral rights in order to determine what portion of the surface rights the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the exact position thereof, and the amount of compensation to which the lessee of the quarrying location, owner or occupant shall be entitled.
- (2) The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands, for the district in which the lands in question lie, and shall when practicable, be personally served on such lessee of the quarrying location, or his agent, if known, or occupant, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the lessee of the quarrying location, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the lessee of the quarrying location or his agent resides in the district in which the land is situated, ten days, if out of the district, and if in the province or territory, twenty days, and if out of the province or territory thirty days, before the expiration of the time limited in such notice. If, within thirty days from the date of the service of such notice, the lessee of the quarrying location, or his agent, or occupant, refuses or declines to appoint an arbitrator, or when, for any reason no arbitrator is so appointed in the time limited therefor in the notice

provided for by this section, the agent of Dominion Lands for the district in which the lands in question lie, shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such lessee of the quarrying location, his agent, or occupant, or that such lessee, agent, or occupant, wilfully evades the services of such notice, or cannot be found, and that reasonable efforts have been made to effect such service and that the notice was left at the last place of abode of such lessee, agent or occupant, appoint an arbitrator on his behalf.

20. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the land in question is situated, shall forthwith select such third arbitrator.

21. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights and needs of both lessees, they shall decide as to the particular portion of the surface rights which the lessee of the mineral rights may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the lessee of the quarrying location or occupant shall be entitled.

22. In making such valuation, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein or thereunder.

23. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the land is situated within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall be immediately carried into effect.

24. The arbitrators shall be entitled to be paid a per diem allowance of ten dollars (\$10) together with their necessary travelling and living expenses while engaged in the arbitration, and the cost of such arbitration shall be borne by the lessee of the mineral rights.

25. The lessee of a clay location shall, within two years from the date of the lease, erect upon the lands described therein, or on lands acceptable to the Minister, a plant suitable for the manufacture of brick or other clay products, and he shall, within the same period, furnish evidence, supported by affidavit, showing the character and value of the plant installed and the date of its installation. If the required plant is not installed within the time specified, and if evidence of its installation is not furnished within the same time, the lease shall be subject to cancellation in the discretion of the Minister. Provided, however, that the Minister shall not require that the value of the plant so installed shall exceed the sum of \$10,000.

26. The lessee of a clay location shall, during each year of the term of the lease after the second year, manufacture from his leasehold and produce ready for shipment not less than 100,000 bricks, or their equivalent in some other form of clay products, to the satisfaction of the Minister. If during any year, after the second year of the term of the lease, the lessee fails to manufacture the quantities specified, or fails to furnish satisfactory evidence of his having done so, the lease shall be subject to immediate cancellation in the discretion of the Minister.

27. The Fees to be charged in connection with the administration of these regulations shall be as follows:

Application for lease.. . . .	\$5.00
Recording an Assignment.. . . .	3.00
Renewal of lease.. . . .	5.00
Rental per annum, per acre.. . . .	1.00

P.C. 4985

AT THE GOVERNMENT HOUSE AT OTTAWA

MONDAY, the 8th day of December, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

WHEREAS at a meeting of The New Westminster Harbour Commissioners held on October 23, 1947, a By-law, No. 139, was enacted pursuant to the provisions of The New Westminster Harbour Commissioners Act, Chapter 158 of the Statutes of Canada, 1913, seeking authority for the grant of a lease in accordance with the terms and conditions set out in the form of lease thereto attached to Canadian Western Lumber Company Limited, for a certain parcel of land and land covered by water situate in the Harbour of New Westminster, and more particularly described in the said form of lease;

AND WHEREAS evidence has been supplied that a copy of the said By-law has been served on the City Clerk of New Westminster pursuant to the provisions of Subsection 2 of Section 20 of the said Act;

AND WHEREAS the appropriate Officers of the Department of Transport have examined the terms and conditions of the said lease and consider them equitable and not contrary to the public interest;

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Transport, is pleased, hereby, to confirm the said By-law (of which a copy is hereto attached) and to authorize the grant of the lease therein referred to.

A. D. P. HEENEY,
Clerk of the Privy Council.

THE NEW WESTMINSTER HARBOUR
COMMISSIONERS

At a meeting of the above named Commissioners held at their offices on the 23rd day of October, A.D. 1947, the following was enacted as By-law No. 139:

BY-LAW No. 139

Be it resolved that the Commissioners shall apply to His Excellency in Council for authority to grant a lease to Canadian Western Lumber Company Limited, of that certain parcel of land and/or land covered by water, situated in the Harbour of New Westminster, and more particularly described in the hereto attached form of lease, and in accordance with the terms and conditions fully set out in the said attached form of lease.

Passed the 23rd day of October, A.D. 1947.

K. K. REID,
Chairman.
W. GIFFORD,
Commissioner.
GEO. L. CASSADY,
Commissioner.
H. E. GORDON,
Secretary.

I hereby certify that the above is a true copy of By-law No. 139 of The New Westminster Harbour Commissioners.

H. E. GORDON,
Secretary,

3-1 The New Westminster Commissioners.

APPLICATIONS TO PARLIAMENT

THE SENATE

Copies of the Rules of the Senate relating to Notices and Applications for Bills of Divorce may be had free upon application to the

Clerk of the Senate,
Ottawa.

THE SENATE

Notice for Private Bills

EXTRACTS FROM THE STANDING RULES OF THE SENATE

107. All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a notice published in the *Canada Gazette*. Such notice shall clearly and distinctly state the nature and object of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of Incorporation, the name of the proposed company shall be stated in the notice.

In addition to the notice in the *Canada Gazette* aforesaid, a similar notice shall be given as follows:

A. When the application is for an Act to incorporate,—

1. *A Railway or Canal Company.*—In some leading newspaper published in the principal city, town or village in each county or district through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company.*—In a leading newspaper in the principal city or town in each province or territory in which the company proposes to operate.

3. *A company for the construction of any works* which in their construction or operation might specially affect a particular locality or for obtaining any exclusive rights or privileges, or for doing any matter or thing which in its operation would affect the rights or property of others.—In a leading newspaper in the particular locality or localities which may be affected by the proposed Act.

4. *A Banking Company; an Insurance Company; Trust Company; a Loan Company, or an Industrial Company,* without any exclusive powers.—In the *Canada Gazette* only.

5. And, if the works of any company (incorporated or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specially mentioned in the notice; and the applicants shall cause a copy of such notice to be sent by registered letter to the clerk of each county council and of each municipal corporation which may be specially affected by the construction or operation of such works, and also, to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

B. When the application is for the purpose of amending an existing Act,—

1. For an extension of any line of railway, or of any canal; or for the construction of branches thereto,—the same *mutatis mutandis* as for an Act to incorporate a Railway or Canal Company.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized:—In a principal newspaper in the place where the head office of the company is, or is authorized to be.

3. For the extension of the powers of a company (when not involving the granting of any exclusive rights) or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers; or for any amendment which would in any way affect the rights or interest of the shareholders or bondholders or creditors of the company:—In a principal newspaper in the place where the head office of the company is situated.

C. All such notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week for a period of four consecutive weeks; and when published in the Provinces of Quebec and Manitoba shall be in both the English and French languages; and marked copies of each issue of all newspapers containing any such notice shall be sent to the Clerk of the Senate, endorsed "Private Bill Notice," or a statutory declaration as to due publication may be sent in lieu thereof.

Every notice by registered letter shall be mailed in time to reach the Secretary of the Province and the clerk of each county council and municipal corporation not less than two weeks before the consideration of the petition by the Committee on Standing Orders; and a statutory declaration establishing the fact of such mailing shall be sent to the Clerk of the Senate.

108. No petition praying for the incorporation of a Railway Company, or of a Canal Company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committee, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county, township, district or municipality through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

110. Petitions for private bills shall only be received by the Senate if filed with the Clerk of the Senate within the first six weeks of the Session, and every private bill originating in the Senate shall be presented to the Senate within two weeks after the petition therefor has been favourably reported upon by the examiner of petitions or by the Committee on Standing Orders, and no motion for the suspension of this standing order shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension.

114. Any person seeking to obtain a Private Bill shall deposit with the clerk of the Senate, if it is intended that the Bill shall originate in the Senate, a copy of such Bill in the English or French language, with a sum sufficient to pay for the translation of the same by the officers of the Senate, and the printing of 600 copies in English and 200 in French. The applicant shall also pay the Clerk of the Senate, immediately after second reading and before the consideration of the Bill by the Committee to which it is referred, a sum of \$200, with the cost of printing the Act in the Statutes, and lodge the receipt for the same with the Clerk of such Committee.

The fee payable on the second reading of any Private Bill is paid only in the House in which it is introduced.

Form of a Bill to Amend an Act

60A. (1) In the preparation of Bills amending existing enactments the amendments shall not ordinarily be made by clauses which add or leave out

words or substitute words for others, but by clauses which re-enact the section, subsection or other minor division, as it is amended.

(2) In the text of the Bill, on the left hand page, new matter shall be indicated by such typographical means as may best suit the varying circumstances of each case, such as brackets, italics, underlining, asterisks, etc. Opposite each clause, on the right hand page, the enactment amended thereby, or so much thereof as is essential, shall be printed with the proposed changes to be made therein similarly indicated.

(3) When a clause repeals an existing section, subsection or other minor division of a section, that section, subsection or division, or so much thereof as is essential, shall be printed opposite the clause.

(4) A memorandum by the draftsman explaining briefly the reason for each clause, shall be appended to the Bill, or distributed therewith. Whenever practicable the memorandum shall be printed on the right hand page of the Bill, in paragraphs opposite the clause referred to and numbered correspondingly.

(5) The above rules shall also as far as practicable apply to the reprinting of Bills.

L. C. MOYER,
Clerk of the Senate.

HOUSE OF COMMONS

Copies of the Standing Orders relative to petitions and Private Bills, as also of the Model Bills for the Incorporation of Banks, Insurance Companies, Loan Companies, Railway Companies and Trust Companies, may be had free upon application to the

Clerk of the House of Commons,
Ottawa.

HOUSE OF COMMONS

EXTRACTS FROM THE STANDING ORDERS OF THE
HOUSE OF COMMONS RESPECTING

Publication of Notices

95. (1) All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a notice published in the *Canada Gazette*; such notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same, and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the notice. If the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the notice; and the applicants shall cause a copy of such notice to be sent by registered letter to the clerk of each county or municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located. Every such notice sent by registered letter shall be mailed in time to reach its destination not later than two weeks before the consideration of the proposed Bill by the Committee to which it may be referred; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

(2) In addition to this notice in the *Canada Gazette* aforesaid, a similar notice shall also be published in some leading newspaper, as follows:—

A. When the application is for an Act to incorporate—

1. *A Railway or Canal Company.*—In the principal city, town or village in each county or district through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company.*—In the principal city or town in each province or territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect the particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others.—In the particular locality or localities in which the business, rights or property of other persons or corporations may be affected by the proposed Act.

4. *A Banking Company; an Insurance Company; a Trust Company; a Loan Company or an Industrial Company* without any exclusive powers.—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act—

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto.—In the place where the head office of the company is situated, and in the principal city, town, or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of time for the construction or completion of any line of railway or of any branch or extension thereof, or of any canal, or of any telegraph or telephone line, or of any other works already authorized.—At the place where the head office of the company is situated, and in the principal city or town of the districts affected.

3. For the continuation of a charter or for an extension of the powers of the company (when not involving the granting of any exclusive rights) or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers; or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company.—In the place where the head office of the company is situated or authorized to be.

C. When the application is for the purpose of obtaining for any person or existing corporation any exclusive rights or privileges or the power to do any matter or thing which in its operation would affect the rights or property of others.—In the particular locality or localities in which the business, rights or property of others may be specially affected by the proposed Act.

(3) All such notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week for a period of four consecutive weeks; and when originating in the Province of Quebec or in the Province of Manitoba shall be published in English in an English newspaper and in French in a French newspaper, and in both languages in the *Canada Gazette*, and if there is no newspaper in a locality where a notice is required to be given, such notice shall be given in the next nearest locality wherein a newspaper is published; and proof of the due publication of notice shall be established in each case by statutory declaration; and all such declarations shall be sent to the Clerk of the House, endorsed "Private Bill Notice".

Petitions for Private Bills

92. Petitions for Private Bills shall only be received by the House if presented within the first six weeks of the session, and every Private Bill originating in the Commons shall be presented to the House within two weeks after the petition therefor has been favourably reported upon by the Examiner of Petitions or by the Committee on Standing Orders, and no motion for the suspension of this standing order shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension and giving their reasons therefor.

97. No petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, or for the construction of branches thereto, shall be considered by the Examiner, or by the Committee on Standing Orders until there has been filed with the said Examiner a map or plan, showing the proposed location of the works, and each county, township, municipality or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

Private Bills

93. (1) Any person desiring to obtain any Private Bill shall deposit with the Clerk of the House not later than the first day of each session, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same; the translation to be done by the officers of the House, and the printing by the Department of Public Printing.

(2) After the second reading of a Bill, and before its consideration by the Committee to which it is referred, the applicant shall in every case pay the cost of printing the Act in the Statutes, and a fee of Five Hundred Dollars.

ADDITIONAL CHARGES

(3) The following charges shall be levied and paid in addition to the foregoing, viz:—

(a) When any Standing Order of the House is suspended in reference to a Bill or the Petition therefor, for each such suspension...	\$ 100
(b) When a Bill is presented in the House after the eighth week of the session and not later than the twelfth week...	100
(c) When a Bill is presented in the House after the twelfth week of the session...	200
(d) When the proposed capital stock of a company does not exceed \$250,000...	100
(e) When the proposed capital stock is over \$250,000 and does not exceed \$500,000...	200
(f) When the proposed capital stock is over \$500,000 and does not exceed \$750,000...	300
(g) When the proposed capital stock is over \$750,000 and does not exceed \$1,000,000...	400
(h) When the proposed capital stock is over \$1,000,000 and does not exceed \$1,500,000...	600
(i) When the proposed capital stock is over \$1,500,000 and does not exceed \$2,000,000...	800
(j) For every additional million dollars or fractional part thereof...	200

(4) When a Bill increases the capital stock of an existing company, the additional charge shall be according to the foregoing tariff, upon the amount of the increase only.

(5) (a) When a Bill increases or involves an increase in the borrowing powers of a company without any increase in the capital stock, the additional charge shall be \$300.

(b) When a Bill increases both the capital stock and the borrowing powers of a company, the additional charges shall be made upon both.

(6) If any increase in amount of the proposed capital stock or borrowing powers of a company be made at any stage of a Bill, such Bill shall not be advanced to the next stage until the charges consequent upon such change have been paid.

(7) In this Standing Order the term "proposed capital stock" includes any increase thereto provided for in the Bill and where power is taken in a Bill to increase at any time the amount of the proposed capital stock, the additional charge shall be levied on the maximum amount of such proposed increase which shall be stated in the Bill.

(8) The additional charges provided for in this Standing Order shall also apply to Private Bills originating in the Senate; provided, however, that if a petition for any such Bill has been presented in this House within the first six weeks of the session, the additional charges made under paragraph (b) or (c) of subsection (3) shall not be levied thereon.

Model Bills

96. (1) The Chief Clerk of Private Bills shall be the Examiner of Private Bills, and as such, shall examine and revise all Private Bills before they are printed, for the purpose of insuring uniformity where possible and of seeing that they are drawn in accordance with the Standing Orders of the House respecting Private Bills.

(2) Every Bill for an Act of Incorporation, where a form of Model Bill has been adopted, shall be drawn in accordance with a Model Bill (copies of Model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the Model Bill shall be inserted between brackets or underlined and shall be so printed.

(3) Where a Private Bill amends any section, subsection or paragraph of an existing Act, such section, subsection or paragraph shall be repealed in the text of the Bill and be re-enacted as proposed to be amended, the new matter being indicated by underlining; and the section, subsection or paragraph which is to be so repealed, or so much thereof as is essential, shall be printed in the right hand page opposite such section, subsection or paragraph.

(4) When a Private Bill repeals an existing section, subsection or other minor division of a section, that section, subsection or division, or so much thereof as is essential, shall be printed opposite the clause.

(5) A brief explanatory note giving the reasons for any clause of an unusual nature or which differs from the Model Bill clauses or standard clauses shall be printed opposite the clause in the Bill.

MAP OR PLAN WITH BILLS

98. No Bill for the incorporation of a railway or a canal company, or for authorizing the construction of branch lines or extensions of existing lines of railways or of canals, or for changing the route of the railway or of the canal of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill, a map or plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to

construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve; and such map or plan shall be signed by the Engineer or other person making the same.

ARTHUR BEAUCHESNE,
Clerk of the House of Commons.

Tender forms will be supplied by the Canadian Commercial Corporation upon request. No tenders will be considered unless made on such forms and all tenders shall be subject to the terms set forth or referred to in such forms.

The Plans and Specifications are on exhibition at the Office of the Canadian Commercial Corporation, Room No. 1143, No. 2 Temporary Building, (70 Lyon Street), Ottawa, Ontario, at which offices copies may be obtained upon the deposit of \$25. in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be remitted when such copies are returned in good condition. The Plans and Specifications are also on view at the Building & Construction Industries Exchange of British Columbia, 342 West Pender Street, Vancouver, B.C.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada payable to the Receiver General of Canada, or by bearer bonds, as specified in the form of tender, for ten per cent (10%) of the amount of the tender.

All deposits so made will be returned unless, in the case of the successful tenderer, he should decline to enter into a contract for the work when requested to do so or should fail after accepting the contract to complete the same satisfactorily.

The lowest or any tender will not necessarily be accepted.

CANADIAN COMMERCIAL CORPORATION,

J. D. MCCARTHY,

Secretary.

AVIS DU GOUVERNEMENT

MINISTÈRE DES TRAVAUX PUBLICS

LE ministère des Travaux publics recevra jusqu'à 3 heures p.m., le mercredi 4 février 1948, des soumissions pour la reconstruction du quai de Degnen's Bay, Gabriola-Island (C.-B.), lesquelles soumissions doivent être cachetées, adressées au soussigné, et porter sur leur enveloppe, en sus de l'adresse, les mots: "Soumission pour reconstruction du quai, Degnen's Bay (C.-B.)".

On peut prendre connaissance des plans, du blanc de contrat et du devis, et se procurer la formule de soumission aux bureaux de l'ingénieur en chef du ministère des Travaux publics, à Ottawa, de l'ingénieur régional, bureau de poste, New-Westminster (C.-B.), et aux bureaux de poste de Vancouver, Victoria, Nanaimo et Gabriola-Island (C.-B.).

REMARQUE.—Le ministère fournira, sur demande faite au soussigné, les bleus et le devis de l'ouvrage sur réception d'un dépôt au montant de \$10, sous forme d'un chèque de banque visé fait à l'ordre du ministre des Travaux publics. Ce dépôt sera remis au déposant dès que lesdits bleus et devis seront retournés au ministère, pourvu que la chose soit faite pas plus tard qu'un mois après la date fixée pour la réception des soumissions. Si les bleus et le devis ne sont pas remis au ministère dans ce délai, le dépôt sera confisqué.

On ne tiendra compte que des soumissions qui seront faites sur la formule fournie par le ministère et en conformité des conditions qui y sont stipulées.

Un chèque représentant une valeur égale à 10 p. 100 du montant de la soumission, fait à l'ordre du ministre des Travaux publics et visé par une banque à charte canadienne, doit être joint à chaque soumission. On acceptera aussi, comme cautionnement, soit des bons au porteur du Dominion du Canada, soit des bons au porteur de la Cie du chemin de fer National Canadien et de ses compagnies constituantes dont le principal et l'intérêt sont garantis sans réserve par le Dominion du Canada, soit encore lesdits bons pour une partie du cautionnement et un chèque visé tel que susdit pour la balance.

Par ordre,
J. M. SOMERVILLE,
Secrétaire.

Greffier du Sénat,
Ottawa.

SÉNAT

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada*, comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. Une compagnie de chemin de fer ou de canal—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. Une compagnie de télégraphe ou de téléphone—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet l'exécution d'entreprises dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des droits ou privilèges exclusifs, ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt ou compagnie industrielle, sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçu par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examineur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédient l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimée en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

Ottawa.

EXTRAIT DU RÈGLEMENT DE LA CHAMBRE DES COMMUNES TOUCHANT LA PUBLICATION DES AVIS

95. (1) Toute pétition introductive de bill privé de quelque nature qu'il soit, doit être annoncée par avis publié dans la *Gazette du Canada*. Cet avis doit exposer clairement et distinctement la nature et l'objet du bill projeté; il doit être signé par les pétitionnaires ou en leur nom, avec indication de l'adresse des signataires. Si la pétition tend à une loi de constitution en corporation, l'avis doit mentionner le nom de la compagnie projetée. Si les travaux d'une compagnie, qu'elle soit constituée en corporation ou qu'il s'agisse de la constituer en corporation doivent être reconnus comme étant destinés à profiter au Canada d'une manière générale, l'avis doit énoncer cette intention expressément, et les pétitionnaires doivent faire parvenir une copie de cet avis par lettre recommandée, au secrétaire de chaque comté ou municipalité que la construction ou la mise en œuvre de ces ouvrages peut intéresser, ainsi qu'au secrétaire de la province où ces mêmes ouvrages sont ou pourront être situés. Tout avis

ainsi expédié par lettre recommandée doit être mis à la poste assez tôt pour arriver à destination au moins deux semaines avant la prise en considération du bill par le comité auquel il peut être renvoyé. La preuve que les requérants se sont conformés à cette règle s'établit au moyen d'une déclaration statutaire.

(2) Outre l'avis devant figurer dans la *Gazette du Canada*, il doit en être publié un semblable dans quelque journal important, comme suit:

(A) 1. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de chemin de fer ou de canal, cet avis similaire doit être publié dans la principale cité, ville ou municipalité de village de chaque comté ou district que doit traverser le chemin de fer ou le canal projeté;

2. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de télégraphe ou de téléphone, cet avis similaire doit être publié dans la principale cité ou ville de chaque province ou territoire où la compagnie en question se propose d'établir son service;

3. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie créée en vue de la construction de tous ouvrages dont l'établissement ou la mise en œuvre pourrait intéresser tout particulièrement une localité quelconque, ou en vue de tous droits ou privilèges exclusifs, ou encore en vue de toute opération qui pourrait porter atteinte aux droits ou aux biens d'autrui, cet avis similaire doit être publié dans les diverses localités où la loi projetée pourrait porter atteinte aux affaires, droits ou biens d'autres personnes ou compagnies;

4. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation un établissement bancaire, une compagnie d'assurance, une compagnie de fiducie, une compagnie de prêts ou une compagnie industrielle non dotée de pouvoirs exclusifs, il suffit d'un avis dans la *Gazette du Canada*.

(B) 1. Lorsque la pétition a pour objet de modifier une loi existante en vue de prolongement de tout chemin de fer ou canal ou de la construction d'un embranchement de voie ferrée ou de canal, il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité, ville ou municipalité de village de chaque comté ou district devant être desservi par ce prolongement ou cet embranchement.

2. Lorsque la pétition a pour objet de modifier une loi existante en vue de prorogation du délai fixé pour la construction ou l'achèvement de toute ligne de chemin de fer, de tout embranchement ou prolongement de ligne de chemin de fer, de tout canal, de tout réseau télégraphique ou téléphonique, ou de tout ouvrage déjà autorisé il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité ou ville de chaque district intéressé.

3. Lorsque la pétition a pour objet de modifier une loi existante en vue de la continuation d'une charte ou de l'extension des pouvoirs d'une compagnie (quand elle ne comporte pas la concession de droits exclusifs); ou en vue de l'augmentation ou de la réduction du capital-actions d'une compagnie quelconque; ou en vue de l'accroissement ou de la modification de sa faculté d'émettre des obligations ou de contracter des emprunts d'un autre genre; ou encore en vue de toute modification touchant aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie, il est publié un avis à l'endroit où est situé le siège social de la compagnie ou à l'endroit où la compagnie est autorisée à établir son siège social.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer ladite pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. La preuve que l'avis en question a été dûment publié s'établit dans chaque cas, par voie de déclaration statutaire. Toute déclaration de cette nature doit être envoyée au greffier de la Chambre, et cela doit porter au dos l'indication: "Avis de bill privé".

Pétitions introductives de bills privés

92. Nulle pétition introductive de bill privé n'est reçue par la Chambre si elle n'est pas présentée dans les six premières semaines de la session. Tout bill privé prenant naissance à la Chambre des communes doit y être présenté dans les deux semaines qui suivent le jour où la pétition a été rapportée favorablement par l'examineur des pétitions ou par le comité du Règlement. Nulle motion portant suspension du présent article ne peut être accueillie à moins que le comité du Règlement n'ait préalablement présenté un rapport recommandant cette suspension, en y consignant les motifs de sa décision.

97. Nulle pétition portant constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie se proposant d'exploiter un canal, ou portant prolongement d'une ligne de chemin de fer ou d'un canal existant ou autorisé, ou portant construction d'un embranchement de voie ferrée ou de canal, ne sera prise en considération par l'examineur, ou par le comité du Règlement, tant qu'il n'aura pas été déposé entre les mains dudit examinateur une carte ou un plan indiquant l'endroit où se trouveront ces ouvrages, et chaque comté, canton, municipalité ou district à travers lequel le chemin de fer, le canal, le prolongement ou l'embranchement projeté doit être construit.

Bills privés

93. (1) Quiconque désire obtenir un bill privé doit déposer entre les mains du greffier de la Chambre, au plus tard le premier jour de la session, une copie de ce bill en anglais ou en français, ainsi qu'une somme suffisante pour en défrayer la traduction, qui est faite par le personnel de la Chambre, et l'impression, qui est exécutée par le département des impressions publiques.

(2) Le promoteur d'un bill privé doit, après la deuxième lecture de ce bill et avant sa prise en considération par le comité qui en est saisi, défrayer l'impression de la loi dans le recueil des statuts et payer un droit de cinq cents dollars.

FRAIS ADDITIONNELS

(3) En sus des frais précités, les droits suivants doivent être imposés et payés:

- a) Lorsqu'il y a suspension d'un article du Règlement relativement à un bill ou à la pétition introductive qui s'y rattache \$ 100

- b) Lorsqu'un bill est présenté en Chambre après la huitième semaine et avant l'expiration de la douzième semaine de la session... 100
- c) Lorsqu'un bill est présenté en Chambre après la douzième semaine de la session 200
- d) Lorsque le capital-actions projeté d'une compagnie ne dépasse pas \$250,000... 100
- e) Lorsque le capital-actions projeté d'une compagnie dépasse \$250,000, mais n'est pas supérieur à \$500,000... 200
- f) Lorsque le capital-actions projeté d'une compagnie dépasse \$500,000, mais n'est pas supérieur à \$750,000... 300
- g) Lorsque le capital-actions projeté d'une compagnie dépasse \$750,000, mais n'est pas supérieur à \$1,000,000... 400
- h) Lorsque le capital-actions projeté d'une compagnie dépasse \$1,000,000, mais n'est pas supérieur à \$1,500,000... 600
- i) Lorsque le capital-actions projeté d'une compagnie dépasse \$1,500,000, mais n'est pas supérieur à \$2,000,000... 800
- j) Pour chaque million de dollars de capital-actions additionnel ou fraction de million... 200

(4) Lorsqu'un bill porte augmentation du capital-actions d'une compagnie existante, le droit additionnel à déboursier est basé sur le tarif précité, et il n'y est fait état que du montant de l'accroissement.

(5) a) Lorsqu'un bill tend à l'augmentation de la faculté d'emprunt d'une compagnie ou en comporte l'augmentation sans qu'il y ait accroissement du capital-actions, le droit additionnel est de trois cents dollars.

b) Lorsqu'un bill porte augmentation à la fois du capital-actions et de la faculté d'emprunt d'une compagnie, le droit additionnel est perçu sur les deux.

(6) Si, à quelque phase du bill, il y a augmentation du capital-actions projeté d'une compagnie ou de sa faculté d'emprunt, le bill en question ne peut franchir une autre étape tant que ces promoteurs n'auront pas solder les frais occasionnés par cette modification.

(7) Dans la présente règle, l'expression "capital-actions projeté" comprend toute augmentation de capital-actions prévue par le bill; et quand un bill porte faculté d'augmenter à quelque époque le chiffre du capital-actions, le droit additionnel est calculé sur le maximum de l'augmentation projetée, dont le bill fait mention.

(8) Les droits additionnels établis par la présente règle s'appliquent aussi aux bills privés qui ont pris naissance au Sénat; néanmoins, si la pétition introductive d'un bill privé de ce genre a été présentée à la Chambre des communes dans les six premières semaines de la session, les droits additionnels prévus aux alinéas b) ou c) du paragraphe 3 ne sont pas exigibles.

Du bill-type

96. (1) Le greffier en chef des bills privés remplit les fonctions d'examineur des bills privés, et, comme tel, il est tenu d'étudier et de reviser tous les bills privés antérieurement à leur impression, en vue d'y établir une certaine uniformité, lorsque la chose est possible, et de s'assurer qu'ils ont été élaborés conformément aux articles du Règlement de la Chambre relatifs aux bills privés.

(2) Tout bill tendant à la constitution en corporation d'une compagnie doit, lorsqu'il a été adopté une formule de bill-type, être rédigé en conformité

de ce modèle, dont il peut être obtenu des exemplaires du greffier de la Chambre. Toute disposition d'un bill de ce genre qui n'est pas conforme au bill-type doit être insérée entre crochets ou soulignée, et elle doit être imprimée de la sorte.

(3) Lorsqu'un bill privé porte modification d'un article, paragraphe ou alinéa quelconque d'une loi existante, ce même article, paragraphe ou alinéa doit être abrogé dans le texte du bill et reconstitué selon la modification que les auteurs du bill veulent y apporter, la nouvelle rédaction devant être soulignée. L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

CARTE OU PLAN ACCOMPAGNANT LE BILL

98. Nul bill portant constitution en corporation d'une compagnie de chemin de fer ou de canal, nul bill tendant à faire autoriser la construction d'embranchement ou de prolongements se rattachant à des lignes de chemins de fer ou à des canaux existants, nul bill portant modification de la route suivie par un chemin de fer ou un canal exploité par une compagnie déjà constituée en corporation ne doit être pris en considération par le comité des chemins de fer tant qu'il n'aura pas été produit devant ledit comité, au moins une semaine avant la prise en considération du bill, une carte ou un plan établi sur une échelle d'au moins un demi-pouce au mille, indiquant le territoire sur lequel il est question de construire les ouvrages projetés et aussi les ouvrages analogues qui y ont déjà été construits ou autorisés, ou qui intéressent la région ou la partie de région devant être desservie par les services projetés. Cette carte ou ce plan doit porter la signature de l'ingénieur ou de toute autre personne qui l'a dressé.

AVIS DIVERS

LOI DE LA PROTECTION DES EAUX NAVIGABLES

S.R.C. 1927 CHAPITRE 140

LA compagnie "Canadian International Paper Company" donne avis par les présentes, qu'elle a, en vertu de l'article 7 de ladite Loi, déposé entre les mains du ministre des Travaux publics à Ottawa, ainsi qu'au bureau du registraire régional des terres pour le district de Prescott à L'Orignal, une description de l'emplacement et les plans d'une prise d'eau nouvelle à sa station d'épuisement qu'elle se propose de construire dans la rivière Ottawa à Hawkesbury (Ontario), vis-à-vis le lot numéro 13, de la première concession du township de Hawkesbury-Ouest, comté de Prescott.

Et prenez connaissance, qu'après l'échéance d'un mois suivant la date de la première publication de cet avis, la Compagnie "Canadian International Paper Company" demandera, en vertu de l'article 7 de ladite Loi, au ministre des Travaux publics en son bureau à Ottawa, l'approbation desdits emplacement et plans.

Montréal, le 16e jour de décembre 1947.

CANADIAN INTERNATIONAL PAPER
COMPANY,

ROY CAMPBELL,

NOTE (A)—The Canadian business of the PROVIDENT SAVINGS LIFE ASSURANCE SOCIETY OF NEW YORK which under date December 31, 1910, reinsured its entire business with the Postal Life Insurance Company of New York and which under date July 31, 1926, was finally liquidated and dissolved, is being continued by the Postal Life Insurance Company of New York, which company has undertaken to maintain the necessary deposit for the protection of the Canadian policyholders. The deposit so held at this date amounts to \$50,000 par value, with an accepted value of \$52,500, the net liabilities to Canadian policyholders, which are gradually decreasing, being \$32,610 as at December 31, 1946. The said business is being conducted by the Postal Life Insurance Company from its Head Office in New York. The company is not registered, has no representatives, and in the opinion of the Department of Justice is not transacting business in Canada within the meaning of The Foreign Insurance Companies Act.

ROYAL CAN, ORDER OF SCOTTISH CLANS. This Society having failed to comply with the provisions of the Foreign Insurance Companies Act, 1932, its certificate of registry was not renewed on expiry on March 31, 1935. Its deposit, amounting to \$10,000 par value remains with the Minister of Finance.

NOTE (B)—Additional classes referred to in classes of insurance business for which registered are as follows:—

1. Falling Aircraft Insurance.

ROYAL CANADIAN AIR FORCE ROUTINE ORDERS

ROYAL CANADIAN AIR FORCE

AIR FORCE HEADQUARTERS, OTTAWA.

ORDERS IN COUNCIL

THE following orders in council have been promulgated to the Royal Canadian Air Force:

Air Force Routine Order 34, 9 Jan 48

Financial Regulations for the Royal Canadian Air Force on Active Service, 1945—Amendment Number 33

Chap VI—

Delete Section 5.

Insert new Section 5 as follows:

"Section 5—Entitlements Prior to Reporting for Duty

156. Applicants for Appointment or Enlistment—(1) For the purposes of this Section applicant means a person, other than a member of the naval, military or air forces of Canada who is performing paid duty or paid training, who has applied for appointment to a commission or for enlistment in the R.C.A.F. (Regular) or the R.C.A.F. (Auxiliary) on Active Service or the R.C.A.F. (Reserve) on Active Service.

(2) Where an applicant has been instructed to report for appointment as an officer, and also where he has so reported but is subsequently rejected for any reason, he shall, in respect of any journey in Canada of 200 miles or more between the place to which he was ordered to report and his ordinary place of residence, be entitled to transportation and travelling expenses (see para 126 (e)) in the same manner as though he were proceeding on duty as an officer of the rank in which his appointment was approved.

(3) An applicant for enlistment who has been instructed to report to a recruiting centre shall, in respect of the journey in Canada from his ordinary place of residence to the recruiting centre, be entitled to:—

- (a) transportation and (if applicable under paragraph 132) accommodation, as though he were an aircraftman proceeding on duty;
- (b) a meal ticket of the prescribed nominal value, or an allowance not in excess of fifty cents, for each meal required; and
- (c) a lodging allowance not in excess of \$1.25 for each night necessarily spent at a stop-over point.

(4) An applicant for enlistment, whether or not he has been instructed by a recruiting officer to report to a recruiting centre shall, for the periods prescribed in (5) of this paragraph, be entitled to:—

- (a) quarters and rations in kind, or if these are not available, the allowance in lieu thereof prescribed in paragraph 169 (1) (that is, 50c per day), 170 or 171, as applicable; and

- (b) a pre-enlistment allowance, equivalent to the lowest rate of ordinary pay authorized for an aircraftman, 2nd class, or an aircraftwoman, 2nd class, as applicable.

(5) Subject to (6) of this paragraph, an applicant for enlistment shall be entitled to the benefits prescribed in (4) of this paragraph in respect of the day on which he first reports to the recruiting centre and every subsequent day he is required by the recruiting officer to remain.

(6) When an applicant for enlistment lives at the place in which the recruiting centre is located he shall be entitled to the allowances prescribed in (4) of this paragraph only for each day on which he is required to attend at the recruiting centre but not for the day on which he is rejected or is enlisted, and not granted leave without pay on enlistment.

(7) An applicant for enlistment shall not be entitled to the benefits prescribed in (4) of this paragraph for the day on which he is rejected or is engaged and not granted leave without pay on entry.

(8) When the estimated cost is less than that of maintaining him in accordance with (4) of this paragraph, an applicant for enlistment awaiting acceptance shall be returned to his ordinary place of residence and paid for the journey the allowances prescribed in (3) and (4) (b) of this paragraph.

(9) Where an applicant for enlistment who has reported to a recruiting centre has been found acceptable but is required to return to his ordinary place of residence because his enlistment has been deferred for a definite period, he shall, in respect of the journey, be entitled to the benefits prescribed in (3) and (4) of this paragraph.

(10) When an applicant for enlistment is rejected he shall be granted for the return journey:—

- (a) transportation and allowances prescribed in (3) of this paragraph; and
- (b) the allowance prescribed in (4) (b) of this paragraph, in respect of the day of his departure and each subsequent day up to and including that on which he is due to arrive at his ordinary place of residence.

(11) Subject to (12) of this paragraph where the ordinary place of residence of any applicant is outside Canada, he shall not be entitled to reimbursement in respect of any portion of any journey which takes place outside Canada.

(12) When an applicant is instructed to report for appointment or enlistment he shall be entitled in respect of any portion of the journey from his ordinary place of residence which takes place outside Canada, to reimbursement of an amount not in excess of \$10.00 in Canadian funds.

(13) When any applicant refuses to be appointed or enlisted he shall not be entitled beyond the date of his refusal to transportation or allowances for the return journey.

157. Recruits on Leave Without Pay—(1) Subject to (4) of this paragraph where an airman is, on enlistment, granted leave without pay, he shall, in respect of his return journey from the recruiting centre to his ordinary place of residence, be entitled to the benefits prescribed in paragraph 156 (3) (a) and (b).

(2) Subject to (4) of this paragraph, if an airman granted leave without pay on enlistment is required to report, on the expiration of such leave, to the recruiting centre at which he was enlisted, he shall, in respect of the journey from his ordinary place of residence to the recruiting centre, be entitled to the benefits prescribed in paragraph 156 (3) (a) and (b).

(3) If an airman granted leave without pay on enlistment is required to report, on the expiration of such leave, to a station or unit other than the recruiting centre at which he was enlisted, he shall be entitled to transportation and travelling expenses (*see para. 126 (e)*) prescribed for his rank, for the journey from his ordinary place of residence to such station or unit.

(4) An airman granted leave without pay on enlistment shall not be entitled to the benefit prescribed in this paragraph for any portion of the journey which takes place outside Canada. 158-160. Unallotted.

Under Secretary of State.

DEPARTMENT OF PUBLIC WORKS

SEALED Tenders addressed to the undersigned, and endorsed "Tender for Steel Hopper Scow", will be received until 3 p.m., Wednesday, February 25, 1948, for the construction and delivery of one 150 cu. yd. steel hopper scow.

Plans, form of contract and specification can be seen and forms of tender obtained at the office of the Chief Engineer, Department of Public Works, Ottawa.

NOTE: Upon application to the undersigned, the Department will supply blue-prints and specification of the work on deposit of a sum of \$20, in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on the return of the blue-prints and specification within a month from the date of reception of tenders. If not returned within that period the deposit will be forfeited.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

By Order,

J. M. SOMERVILLE,
Secretary.

Department of Public Works,
Ottawa, January 14, 1948.

ORDERS IN COUNCIL

P.C. 5107

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 16th day of December, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations for the disposal of Quartz Mining Claims on Dominion Lands in the Northwest Territories, made by Order in Council P.C. 507, dated the 4th March, 1932, as amended, are hereby revoked; and

2. The attached "Regulations for the disposal of Quartz Mining Claims on Dominion Lands in the Northwest Territories" are hereby made and established in substitution for the regulations hereby revoked.

A. D. P. HEENEY,

1-4 Clerk of the Privy Council.

REGULATIONS FOR THE DISPOSAL OF
QUARTZ MINING CLAIMS ON
DOMINION LANDS IN THE
NORTHWEST TERRITORIES

1. These Regulations may be cited as the "*Northwest Territories' Quartz Mining Regulations*".

2. These regulations are subject to such other provisions or regulations as may be made by or under the Dominion Lands Act or under any other Act which appear to be necessary or expedient in the public interest governing the development and operation of any mineral claim or mine acquired under these regulations in which ores containing radio-active elements occur, and also to such regulations as may be made governing the production, conservation and control of such ores.

Interpretation

3. In these Regulations, unless the context otherwise requires,

- (a) "adjoining claims" means those which come into contact one with the other at some point on the boundary lines, or which share a common boundary.
- (b) "cause" includes any suit, action, or other proceeding.
- (c) "Department" means the Department of Mines and Resources.
- (d) "Director" means the Director of Lands and Development Services Branch of the Department of Mines and Resources.
- (e) "ditch" includes a flume, pipe, or race, or other artificial means for conducting water by its own weight, to be used for mining purposes.
- (f) "documents" for the purposes of these regulations means any assignment, transfer, bill of sale, or other writing which may in any way affect the title to a mineral claim.
- (g) "entry" means not only the record of a claim in the books of the mining recorder, but also the grant which may be issued for such claim.
- (h) "full claim" means any mineral claim of the full size.

(i) "judgment" includes "order" or "decree".

(j) "legal post" means a stake or post marking a corner of a mineral claim which stake or post shall be of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground. The post shall be of such diameter that when squared or faced for eighteen inches from the upper end, each face of the squared or faced portion shall be, as nearly as reasonably possible, four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position, it may be made into a post by cutting the tree off not less than four feet from the ground, and squaring and facing the upper eighteen inches. Each face of the portion so squared or faced to be, as nearly as reasonably possible, four inches in width. Whether a post is planted or a stump of a tree made into a post, a mound of stones or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground and not less than eighteen inches high, cone-shaped and well constructed, or in treeless territory, remote from any adequate timber supply, a metal tube not less than six inches long and one-half inch in diameter may, if acceptable to the mining recorder for the district, be substituted for the prescribed legal post, provided such tube is securely inserted in the apex of the mound of either earth or stones required under these regulations to be erected around the base of the post. In default of such tube, a tin can or metal container may be substituted, provided that it is inserted in such condition that the contents remain intact. The inscription which should be placed upon the legal post under these regulations, shall in such case, be fully and legibly inscribed in the order indicated on waterproof paper or fabric, in duplicate, and one copy inserted into the tube, can or container, and the other securely attached to the tube, can or container in such manner that the inscription shall be and remain clearly visible, and shall not become illegible or obliterated. The locator shall submit with his application a full and detailed statement respecting each case in which a metal tube, can or container has been substituted for a legal post, and shall submit to the mining recorder a copy of the inscription inserted in and attached to such tube, can or container, and a description of the material upon which it was so inscribed, and how deposited.

(k) "licensee" means a person, mining partnership, or company holding a miner's licence or renewal thereof issued under these regulations.

(l) "marginal", as applied to a mineral claim, means a mineral claim situated on the margin of a body of water and only partly covered by such water, and staked in accordance with sections 24 to 31, both inclusive, of these regulations and having at least one corner situated on land.

(m) "mill-site" means a plot of ground located, as defined by these regulations, for the purpose of erecting thereon any machinery or other works for transporting, crushing, reducing or sampling ores, or for the transmission of power for working mines.

- (n) "mine" means any parcel or tract which shall be mined for gold or other minerals, precious or base, as defined in these regulations.
- (o) "mineral" means all deposits of gold, silver, and all naturally occurring useful minerals other than placer deposits, peat, coal, petroleum, natural gas, bitumen, oil shales, limestone, marble, clay, gypsum or any building stone when mined for building purposes, earth, ash, marl, gravel, sand, as well as any element which may, in the opinion of the Minister form a portion of the agricultural surface of the land.
- (p) "mineral claim" or "location" means a plot of ground containing mineral staked out and acquired under the provisions of these regulations.
- (q) "mining property" includes every mineral claim, ditch, millite, or water right used for mining purposes, and all other things belonging to a mine or used in the working thereof.
- (r) "mining recorder" means the agent of Dominion Lands for a district, or other officer appointed by the Governor in Council for the particular purpose referred to.
- (s) "Minister" means the Minister of Mines and Resources.
- (t) "record", "register" and "registration" have the same meaning, and mean an entry in some official book kept for that purpose.
- (u) "recorded owner" means any person in whose name a mineral claim, acquired under these regulations, stands recorded in the records of the Department.
- (v) "representation" or "assessment" means the work to be done each year to entitle the owner of a claim to a certificate of work.
- (w) "saline solution" or "brine" for the purpose of these regulations means an aqueous solution of mineral salts occurring in a natural state, and containing more than one per cent of mineral salts in solution.
- (x) "submerged", as applied to a mineral claim, means a mineral claim located in accordance with the provisions of Section 32 of these regulations and completely covered by water.
- (y) "sub-recorder" means any person temporarily appointed by the Department to perform, in any remote district, such of the functions of the mining recorder for the district as may, for the convenience of the miners, be assigned to him, and under the direction of such mining recorder.

DUTIES OF MINING RECORDER

4. Every mining recorder shall keep the following books, to be used for quartz entries:—

- (a) Record of applications.
- (b) Record of leases issued.
- (c) Record book.
- (d) Record of documents received.
- (e) Record of licences issued.

5. Every entry made in any of the mining recorder's books shall show the date upon which such entry is made.

6. All books of record and documents filed shall, during office hours, be open to public inspection upon payment of a fee of ten cents in connection with each claim searched.

7. A statement of grants issued and fees collected shall be rendered by the mining recorder at least every month, and such statement shall be accompanied by the amount collected, or, if the money has been deposited to the credit of the Receiver General, by the deposit receipts.

8. (1) Upon any forfeiture or loss of rights in a mineral claim, the mining recorder shall forthwith enter a note thereof with the date of entry upon the record of the claim, and shall mark the claim "lapsed".

(2) Relief from forfeiture or loss of rights, as provided in section 68 of these regulations shall also be noted on the record of the mineral claim by the mining recorder.

9. If application is made to the mining recorder for the reservation of lands for dumping purposes, in connection with any mining operations in progress or in contemplation, he may mark out a space of ground and reserve it for the deposit thereon of tailings, leavings or deads from any tunnel, claim, or mining ground, upon such terms as he may consider just. A survey and plan, in duplicate, of the area so reserved shall, if required by the mining recorder be made at the expense of the person or persons desiring to use it for the purpose mentioned and payment shall be made in advance to the mining recorder by such persons of the rental at the rate of one dollar per acre per annum. If such tract is not utilized for such purposes within a period of three years from the date of the reservation, or if the annual rental is not promptly paid in advance, or if a survey and plan are not made, as required, the Minister may cancel the reservation.

10. The mining recorder shall have the power summarily to order any mining works to be so carried on as not to interfere with or endanger the safety of the public or any employee of such mining works, any public work or highway, or any mining property, and any abandoned works may, by his order, be either filled up or guarded to his satisfaction.

11. Where a claim has been recorded under any name, and the recorded owner or his agent is desirous of changing the same, the mining recorder may, upon application being made by such owner or agent, and upon payment of a fee of twenty-five dollars, amend the record accordingly, provided, however, that such change of name shall not in any way affect or prejudice any proceedings or execution against the recorded owner of the said claim.

LICENCES TO MINE AND LICENCE HOLDERS

12. (1) Any person over eighteen years of age and any joint stock company incorporated or licensed to do business in Canada but not including a partnership, shall be entitled, on payment of the prescribed fee, to obtain a miner's licence in the prescribed form.

(2) The licence shall be dated the day of the issue thereof. Every renewal of a licence shall bear date the 1st of April following the expiration of the licence or renewal. Every licence and every renewal of a licence shall expire on the 31st day of March following the date of issue.

(3) The licence shall be effectual throughout all lands subject to these regulations and shall not be transferable.

(4) Licences to companies shall be issued by the Director.

(5) Licences to individuals may be issued by the Director or by a mining recorder or sub-recorder.

13. (1) Every miner's licence shall be numbered, and shall be stamped to indicate the office from which it was issued.

(2) Any licensee shall at any time be entitled to obtain a renewal of his licence commencing to run at the expiration of his then existing licence or renewal provided that when he applies for such licence or renewal he shall produce such existing licence or renewal.

(3) If a miner's licence be accidentally destroyed or lost, the holder may, on payment of the prescribed fee, obtain a duplicate thereof upon advice from the office out of which the original was issued. Every such duplicate shall be marked "Substitute Licence."

(4) No person, mining partnership, or company shall apply for or hold more than one miner's licence covering the same period.

14. (1) No person, mining partnership, or company, not the holder of a miner's licence, shall prospect for minerals upon lands subject to these regulations or stake out, record, or acquire any claims for which a lease or patent has not already been issued, or acquire any right or interest therein.

(2) A miner's licence held by a mining partnership or a company shall not entitle any partner, shareholder, officer or employee thereof to the rights and privileges of a licensee.

(3) A person who is not a licensee shall not stake out a mineral claim on behalf of a mining partnership or a company.

(4) A clerk or employee of a licensee performing clerical, manual, or other services of a like nature, shall not be required to be a holder of a miner's licence.

(5) On the expiration of a licence, the owner thereof shall forfeit absolutely all his rights and interests in or to any mineral claim acquired under such licence, for which a lease or patent has not been issued, and all and any of the minerals therein, unless he obtain, prior to its expiry, a renewal of his licence, except as provided in section 68.

(6) The Minister, upon proof to his satisfaction of the wilful contravention by any person holding a miner's licence of any of the provisions of these regulations, may revoke the miner's licence of that person and may direct that no other miner's licence be issued to that person during such time as the Minister may, in his discretion, prescribe.

(7) Every licensee shall, upon demand, produce and exhibit his licence to the mining recorder or inspecting officer.

(8) The licensee, his agents or employees shall exercise every care in the use of fire. Any infraction of existing fire laws on the part of the licensee, his agents or employees shall render the licence liable to cancellation.

WHERE AND BY WHOM CLAIMS MAY BE ACQUIRED

15. Every licensee shall have the right personally, but not through another, except as provided in section 20 of these regulations, to enter, locate, prospect, and mine upon any vacant Dominion lands for the minerals defined in these regulations, and upon all lands the right whereon so to enter, prospect, and mine such minerals has been, or hereafter shall be reserved to the Crown, and also to enter, locate, prospect, and mine for gold and silver upon any lands the right whereon so to enter

and mine such gold and silver has been, or shall be, reserved to the Crown.

16. Excepting, however, land occupied by a building and land falling within the curtilage of a dwelling house, and any orchard, and any land valuable for water-power purposes, or for the time being actually under cultivation, unless with the written consent of the owner, lessee, or locator, of the person in whom the legal estate therein is vested, or any land on which is situated any church or cemetery, or any land lawfully occupied for mining purposes, and excepting also game sanctuaries, Indian reserves, national parks, and military, naval, quarantine, and all other reservations made by the Government of Canada.

All undrained or partially drained topographical basins, in which occur natural deposits of soluble salts of sodium, potassium, and magnesium, whether such salts occur in a solid state or in solution, the property of the Crown, and including salt marshes, saline sloughs, saline lake basins, brine springs, and all other types of natural accumulations of soluble mineral salts are withdrawn from disposal under the provisions of these regulations.

17. Subject to the provisions of Section 9 of these regulations.

(1) No person for mining purposes shall enter upon lands owned or lawfully occupied by another until he has received the written permission of the mining recorder.

(2) No person shall mine upon lands owned or lawfully occupied by another until he has given security satisfactory to the mining recorder for any loss or damage which may be thereby caused.

(3) Persons who enter, locate, prospect or mine upon lands owned or lawfully occupied by another shall make compensation to the owner and occupant for all loss or damage so caused, such compensation in case of a dispute shall be fixed by a Stipendiary Magistrate of the Northwest Territories.

SIZE OF CLAIMS AND NUMBER WHICH MAY BE ACQUIRED

18. Any licensee desiring to locate a mineral claim shall, subject to the provisions of these regulations with respect to land which may be located for such purpose, enter upon the same and locate a plot of ground fifteen hundred feet in length by fifteen hundred feet in breadth, with boundary lines running north and south and east and west as nearly as possible, and subject in extent to the rights acquired to any claim or claims previously located in the vicinity, on which such location may encroach. Where a number of contiguous claims have been located, priority of location shall be deemed to convey priority of right to the claim so located, but no locator shall have any prior rights unless and until he has located his claim in accordance with the provisions of these regulations. All angles shall, as nearly as possible, be right angles except in cases where a boundary line of a previously located claim is adopted as common to both locations. In defining the size of a mineral claim it shall be measured horizontally, irrespective of the inequalities of the surface of the ground.

19. Any licensee desiring to locate a fractional mineral claim shall, subject to the provisions of these regulations with respect to land that may be located for such purpose, enter upon the same and locate any plot of ground lying between and bounded on opposite sides by previously located mineral

claims and known by the locator to measure less than the area prescribed in section 18, as a fractional mineral claim. Such fractional mineral claim need not be rectangular in form and the angles need not necessarily be right angles, and the lines of the previously located mineral claims, whether surveyed or not, between which the fractional mineral claim is located, may be adopted as the boundaries of the fractional mineral claim.

20. (1) A licensee may, in any one licence year, in any one mining district, stake out and apply for:

- (a) Not more than six mineral claims on his own licence;
- (b) Not more than six claims each for not more than two other licensees, being eighteen claims in all.

(2) If a licensee stakes out under the regulations a claim upon which he has made independent discovery of mineral in any portion of the Northwest Territories, and if he posts conspicuously on the claim a legible notice claiming discovery and protection, and forwards to the mining recorder for the district, as soon as reasonably possible, advice of such discovery and posting, accompanied by all information as to the position of the claim staked and the character of the discovery made, together with a request for protection from encroachment upon his discovery, no person other than the said licensee or any person authorized by him shall, for a period of thirty days after the date of such staking, have the right to stake out or record a claim within the limits of a square containing a total area of four square miles including and surrounding the claim so staked, each of the boundaries of which square shall be two miles in length, and shall be lines drawn astronomically at a distance of one mile due north and one mile due south, one mile due east and one mile due west in direct distance from No. 1 post marking the claim in connection with which the request is made, as shown in figure 9. Priority of right to protection shall be based upon the date of staking inscribed on the No. 1 post marking such discovery claim. The Director may, in his discretion, extend the period of thirty days' protection above provided for, subject to such conditions as he may consider advisable to impose, and applicable to such tracts as he may designate, and he may at any time withdraw this right of protection from any portion or portions of the said Territories.

21. The Director may grant a location for the mining of iron and mica, not exceeding 160 acres in area, which shall be bounded by north and south and east and west lines astronomically, and its breadth and length shall be equal; provided that should any licensee making any application purporting to be for the purpose of mining iron or mica, thus obtain possession of a valuable mineral deposit other than iron or mica, his right to such deposit shall be restricted to the area hereinbefore prescribed for other minerals, and the rest of the location, in so far as such valuable deposit is concerned, shall hereupon remain in the Crown for such disposition as the Director may direct.

22. The grant issued for such a location shall include the right to the iron and mica only, and shall not include the surface.

23. Provided also that all the requirements as to the location and survey of claims contained in these regulations shall govern such locations as far as they can be made to apply, and provided also that the amount to be expended each year in representation work shall be two hundred dollars.

HOW A MINERAL CLAIM OTHER THAN A SUBMERGED MINERAL CLAIM SHALL BE STAKED

24. Every mineral claim, other than a submerged mineral claim, shall be marked on the ground by four (4) legal posts firmly planted in the ground, one at each of the four corners of the claim, beginning with and marking that at the northeast corner "No. 1"; that at the southeast corner "No. 2"; that at the southwest corner "No. 3"; and that at the northwest corner "No. 4," so that the number shall be on the side of the post toward the post next following it in the order named. In treeless territory remote from any adequate timber supply, this may be modified in accordance with the method prescribed in section 3 in the definition of a legal post.

25. The inscriptions to be placed on these posts shall be and remain clearly and legibly marked by knife, marking iron, or crayon, but not so as to become illegible or obliterated. In treeless territory remote from any adequate timber supply, this may be modified in accordance with the method prescribed in section 3 (legal post).

26. On location post No. 1 on the side facing in the direction of location post No. 2 shall be marked, beginning near the top of the portion faced and extending downward, the following:—

- (1) No. 1.
- (2) The name given to the claim.
- (3) The name of the licensee staking out the claim and number of his licence.
- (4) The date and hour of staking out.
- (5) If the claim is staked out on behalf of another licensee, also the name of such other licensee and the number of his licence.

27. On location posts Nos. 2, 3 and 4 shall be marked, beginning near the upper end of the portion faced and extending downward, the following:

- (1) No. 2, No. 3, or No. 4.
- (2) The name given to the claim.
- (3) The name of the licensee locating the claim, and if the claim is staked on behalf of another licensee also the name of such other licensee.

28. The markings on the location posts of a fractional claim shall be the same as those upon a claim of the full size, with the addition of the letter "F" for fractional immediately below the name given to the claim.

29. In case it is found impossible, owing to the presence of water or other insurmountable obstacle, to set a corner post in its proper position, the locator shall set up a "witness post" on a boundary line, if practicable, as near as possible to where the post should have been placed, and upon this witness post he shall, in addition to the information already prescribed in these regulations to be placed on the corner post, place the letters "W. P.", and further he shall place on the "witness post" the distance in feet from the "witness post" along the boundary line to the true corner of the mineral claim, and if the "witness post" is not placed on a boundary of the mineral claim he shall, in addition, place on the "witness post" the direction from the "witness post" to the true corner of the mineral claim.

30. When the claim has been located, the locator shall mark out immediately the boundary lines, so that they may be distinctly seen at every point throughout their length, by cutting away trees and brushwood and removing obstructions, and trees and

brushwood likely to obstruct a clear view of the lines throughout their entire length, or of the posts marking the claim, shall be removed. The trees at each side of and adjoining the lines shall also be marked at intervals of about fifty feet by placing on each tree three blazes, one blaze on each tree facing the lines, and one blaze on each side of the tree in the direction of the said lines. In a locality where there is neither timber nor brushwood, the locator shall set legal posts or erect monuments of earth or rock not less than eighteen inches high and three feet in diameter at the base, so that such line may be distinctly seen throughout its entire length.

31. All the particulars required to be put on Nos. 1, 2, 3 and 4 posts shall be furnished by the locator to the mining recorder, in writing, at the time the application is made, and shall form a part of the record of such claim, if granted. The locator shall submit, with his application, which shall be in duplicate, a plan in duplicate showing as nearly as possible the position of the location applied for in its relation to the prominent topographical features of the district and to the adjoining claims or some other known point; also the position of the stakes by which the location is marked on the ground.

HOW TO LOCATE A SUBMERGED MINERAL CLAIM

32. (1) Subject to the limitation set out in subsection two of this section, where a licensee has located or acquired a marginal mineral claim and has reason to believe the ore body upon which he has located extends under the water, he may locate by means of a post for each claim, placed as prescribed in subsection four of this section, not more than two submerged mineral claims by producing opposite sides of the mineral claim, the required distances to include not more than 51.65 acres in each submerged mineral claim. A submerged mineral claim shall not, in any circumstances, exceed 51.65 acres.

(2) The number of submerged mineral claims which may be staked from any one marginal mineral claim shall not, in any circumstances, exceed two submerged mineral claims.

(3) Under the same conditions and subject to the same limitation, not more than two submerged mineral claims may be staked for another licensee, but such mineral claims must be staked in the same manner from a marginal mineral claim staked for or held by that licensee.

(4) The post referred to in subsection one of this section shall be made and planted firmly in the ground in the same manner as a legal post and shall be placed as close as possible to the post witnessing or marking the nearest corner of the marginal mineral claim. This post shall bear the following markings on the side facing in the direction of the submerged mineral claim:—

- (a) The name given to the mineral claim;
- (b) The name of the licensee locating the submerged mineral claim and the number of his licence;
- (c) The date and hour of locating;
- (d) If the mineral claim is located on behalf of another licensee, also the name of such other licensee and the number of his licence;
- (e) The letters "S. C.", denoting submerged claim; and
- (f) The direction of the submerged claim.

(5) A submerged mineral claim shall not be staked from any marginal mineral claim located on an island whose greatest length or breadth is less than one hundred feet.

(6) Every submerged mineral claim shall be so indicated by the mining recorder on the form "B"—Record of a Mineral Claim—and upon the record of that mineral claim.

SKETCH PLAN OF MINTO CLAIM

33. Post No. 1 shall not be moved under any circumstances and Posts Nos. 2, 3, and 4 shall only be moved by a Dominion Land Surveyor when authorized under the provisions of these regulations.

34. Except as provided in these regulations,

- (a) No person shall move any legal post of a mineral claim whether such mineral claim is in good standing or otherwise.
- (b) No person shall deface or alter in any manner the notices or markings on any legal post of a mineral claim whether such mineral claim is in good standing or otherwise.

35. When a fractional mineral claim has been located between previously located and unsurveyed mineral claims, and when any such previously located mineral claims are surveyed, if any of the posts of the fractional mineral claim are found to

be not on the surveyed boundaries of the previously located mineral claims, the location of such fractional mineral claim shall not be invalid for that reason, and the owner of such fractional mineral claim may, by obtaining the permission of the mining recorder, move the posts of the fractional mineral claim and place them on the surveyed lines of the adjoining previously located mineral claims.

36. Nothing in these regulations, however, shall be construed to prevent Dominion land surveyors in their operations from taking up posts or other boundary marks when necessary.

RECORDING

37. Subject to section forty, within fifteen days after a mineral claim has been staked out by licensee, either on his own behalf or on behalf of another licensee, application for a record of such

shall be made to the mining recorder for the district, if the claim has been located within ten miles of the office of the said recorder. Where a claim staked is situated more than ten miles travelled route from the office of the recorder, every additional ten miles or fraction thereof shall be allowed for filing application for such record. The application shall be in duplicate and in the prescribed form, and shall be accompanied by a plan, in duplicate, showing the location of the claim, as prescribed by section 31 of these regulations. The record shall be made in duplicate and to be kept for that purpose in the office of the mining recorder, in which shall be inserted the name of the licensee by whom the claim was staked, the name of the licensee on whose behalf application is made, the numbers of their respective licences, the name of the claim, the locality, the date of location, and any other and further information required in accordance with the provisions of these regulations. The record shall be as nearly as may be possible in the form "B" in the schedule of forms prescribed by these regulations, which form, duly completed and signed, shall be given by the mining recorder to the locator or his agent. A claim which shall not have been recorded within the prescribed period shall be deemed to have been abandoned and void, without any declaration of cancellation or abandonment on the part of the Crown.

(2) A licensee by whom application is made to record a mineral claim shall at the time of application, produce his licence, and the mining recorder shall endorse and sign upon the back of the licence a record of the claim or claims recorded together with a record of claims staked by the licensee on behalf of the other licensees if such there be. A record of claims staked on behalf of such other licensees shall also be recorded on the back of the licence of the licensee in whose name such claims are to be recorded. No record shall be complete or effective until such endorsement or endorsements have been made.

40. In the event of the claim being more than ten hundred miles, by travelled route, from the mining recorder's office, and situated in an area where other claims are being located, the licensees, not less than five (5) in number, are authorized to meet in such area and appoint one of their number an emergency recorder.

41. Where a claim is recorded with an emergency recorder as provided in the next succeeding section, the application for a record of such claim shall be made to the emergency recorder within ten days after the date of the staking of such claim.

(1) The emergency recorder shall, at the earliest possible date after his appointment, notify the mining recorder for the district in which the claims are, of such appointment, and he shall deliver personally or otherwise to such mining recorder the applications which he may have received for mineral claims and the fees which he has collected for recording the same. The mining recorder shall then grant to each person to whom the emergency recorder has accepted an application and a fee, an entry for his claim in the form "B" of these regulations, provided such application was made in accordance with the provisions of these regulations on form "A", "A-1" or "A-2". If, at the end of the entry to date from the day the emergency recorder accepted the application and fee. If the emergency recorder fails within four months to forward the mining recorder of his appointment, and

to deliver to him personally or otherwise the applications received and the fees collected, entry for such claims may be refused in the discretion of the Director. The emergency recorder shall note on each application the date upon which such application was received by him and the amount of fees paid in respect thereto.

(2) An emergency recorder who, while acting as such, has staked claims in the vicinity of claims staked by the licensees who appoint him an emergency recorder, may record mineral claims so staked by him at any time within the period in which he is required to deliver to the mining recorder his appointment and the applications received by him from the other licensees.

41. No mineral claim shall be recorded unless the application is accompanied by an affidavit or solemn declaration made by the applicant on form "A" of these regulations, or if it be a fractional mineral claim on the form "A-1", or if it be a submerged mineral claim on the form "A-2".

42. Provided that failure on the part of the locator of a mineral claim to comply in every respect with the foregoing provisions shall not be deemed to invalidate such location, if, upon the facts, it shall appear to the satisfaction of the mining recorder that such locator has staked out such location as nearly as possible in the manner prescribed, and that there has been on his part a bona fide attempt to comply with all the provisions of these regulations, and that the non-observance of any of the formalities hereinbefore referred to is not of a character calculated to mislead other persons desiring to locate claims in the vicinity. The mining recorder may, however, before granting entry, require the locator to remedy immediately any material defaults committed in the observance of the formalities required by these regulations in respect of the location of a mineral claim, and if such defaults are not remedied within a period to be fixed by the mining recorder, and to his satisfaction, entry may be refused.

43. A locator shall not be entitled to a record of a mineral claim until he shall have furnished the mining recorder with all the particulars necessary for such record.

44. (1) Except in cases to which the provisions of Section forty and subsection (2) of this section apply, the record of a mineral claim shall be made at the office of the mining recorder for the district in which the claim is situated, but the application may be made to an agent of Dominion lands, a sub-agent, a mining recorder or sub-recorder, to be forwarded to the mining recorder for the district in which the claim is situated. The date upon which the application and the fee may be received in the office of the mining recorder for the district in which the claim is situated, however, shall govern, and shall be considered the date of the application.

(2) Where a prospector stakes a number of adjacent mineral claims, any one of which lies across the boundary or boundaries of adjoining mining districts, or which the prospector or mining recorder may believe to lie on or near such boundary or boundaries, the prospector may record the claims in the office of any one of the mining districts, the boundary of which lies across or near his claims. In such cases the prospector shall prepare such additional copies of his affidavits and sketches as are required for filing in other mining districts which may be affected and deliver them to the mining recorder who shall forward certified copies of the

documents filed with him to the mining recorder of such other mining districts. The mining recorder with whom such mineral claims are first recorded may on his own initiative file copies of documents respecting any mineral claim which he believes lies near or across the boundary of another mining district with the mining recorder of that district.

(3) Mining recorder shall keep a special record of:—

- (a) such mineral claims originally recorded in his office;
- (b) mineral claims which were originally recorded in the office of another mining recorder and later recorded in his office.

(4) Any persons desiring to file a document affecting any claim recorded under the provisions of subsection (2) of this section shall file such document in the office of the mining recorder who issued the form "B" and supply such mining recorder with certified copies of such document for filing in the office of the mining recorders of the other mining districts affected.

(5) A mining recorder shall make no charge for filing certified copies sent to him by another mining recorder.

45. As soon as reasonably possible after the recording of the mineral claim, the recorded owner of the claim shall affix or cause to be affixed securely to each of the corner posts of the said claim, a metal tag plainly marked or impressed with the recorded number and letter or letters, if any, of the claim, and in default the claim may be cancelled by the mining recorder on the application of anyone misled by the lack of such tags. The mining recorder, on application, shall supply such numbered tags free of charge.

46. Where a tunnel is run for the development of mineral, the owner of such tunnel shall, in addition to any mineral claim legally held by him, have the right to all minerals discovered in such tunnel, provided that the ground containing such minerals be marked out by him as a mineral claim, and provided, further, that such minerals are not included in any existing mineral claim. Any money or labour expended in constructing a tunnel to develop minerals shall be deemed to have been expended on such mining property.

47. (1) The recorded owner of a mineral claim shall be entitled to all minerals to which these regulations apply, the property of the Crown, which may lie within his claim, but he shall not be entitled to mine outside the boundary lines of his claim continued vertically downwards.

(2) In case mineral of economic value is discovered and claims comprising such discovery have been recorded under the provision of these regulations, and in case evidence is furnished to the satisfaction of the Minister that the recorded owner of such claims is prepared to incur large additional expenditures in further prospecting and development work with a view to further discoveries and the ultimate establishment of a large mining industry, the Governor in Council may, upon application and upon proof of the applicant's financial ability and intention to make the required expenditures, withdraw from disposal under these regulations, by apt amendment thereof, for such period and upon such terms and conditions as the remoteness of the region may appear to warrant, such area surrounding the claims already acquired by the applicant as may be considered necessary to

permit of legitimate prospecting operations being continued and commensurate to the expenditure incurred and contemplated.

(3) The person on whose behalf such a withdrawal may be made may be required by notification to release from time to time such portions of the area as the minister may deem it advisable in the public interest should be released, and the portions so released shall, upon rescission by the Governor in Council of the amendments of the regulations aforesaid, pursuant to the requirements of the Dominion Lands Act, become subject to all the provisions of the regulations.

(4) The mining recorder for the district shall while such area remains withdrawn, refuse to record any mineral claim within the limits thereof, except to the applicant or to any person authorized by him.

48. Any location made upon a Sunday or on a public holiday shall not, for that reason, be invalid.

49. The interest of a recorded owner of a mineral claim shall, prior to the issue of a lease, be deemed to be a chattel interest, equivalent to a lease of the minerals in or under the land for one year, and thence from year to year, subject to the performance and observance of all the terms and conditions of these regulations.

GROUPING

50. Upon written application being made to him by the recorded owner or owners of adjoining claims not exceeding thirty-six in number, the mining recorder may grant a certificate in the form "E" authorizing the claims to be comprised in one group, and the recorded owners of the claims so grouped shall be permitted to perform on any one or more of such claims all the work required to entitle him or them to a certificate of work for each claim. The grouping certificate shall be issued on payment of the fee prescribed and shall be recorded against each claim affected, without payment of any additional recording fee.

REPRESENTATION

51. (1) Any licensee having duly located and recorded a mineral claim, shall be entitled to hold it for the period of one year, and thence from year to year, without the necessity of re-recording the same, provided, however, that during each year and each succeeding year the recorded owner of such mineral claim shall perform or cause to be performed work on the claim itself which shall consist of stripping or opening up mines, sinking shafts, boring, drilling, or other actual mining operations to the value of at least one hundred dollars. The cost of surveying a mineral claim under instructions from the Surveyor General, not exceeding one hundred dollars, may be accepted as representation work upon the claim provided an affidavit in the form "C" is completed and sworn to by the Dominion Land Surveyor making the survey. Work performed on a mineral claim, after such claim has been duly located and before it has been recorded may, if acceptable, be considered as work required to be done during the first year.

(2) If more work is performed by or on behalf of the recorded owner of a claim than is hereinafter required during any year, the excess, upon proof of the same having been performed in accordance with the requirements of these regulations, shall be credited by the mining recorder upon the work

quired to be done during the subsequent year or years. Excess work shall be recorded during the year in which it was performed or within one month after the expiry of such year.

(3) Where it is shown that a recorded owner has performed work in geological investigations, aerial reconnaissance, or other like preliminary operation which appears to be essential to the successful location of commercial ore bodies, on any claim or on any claims grouped together for the performance of work, consideration may be given to the expenditure incurred in the performance of such work, or such portion of the work as the Director may consider justifiable which may have been performed prior to the termination of the first three years after the date of the record of the claim or of the group of claims affected, but consideration shall not be given to any such work subsequently performed. Work so performed shall not, however, be accepted in satisfaction of the requirements of clause (a) of section 51 of these regulations, nor shall credit which may have been granted a claim owner under subsection (2) of this section, on account of the performance of excess work of this class, be accepted as representation work on any claim beyond the termination of the third year after the date of the record of such claim.

(4) Within one month after the expiration of each period during which work should, under these regulations, be performed on a mineral claim, the recorded owner of such claim shall furnish the mining recorder for the district with evidence that such work has been done, which evidence shall be submitted under affidavit in the form "C" of these regulations, containing a detailed statement, in duplicate, of the work performed and the dates upon which it was so performed, together with a sketch of the claim or claims affected, clearly indicating the position and extent of such work. If geological investigation or other like preliminary operation is claimed in the statement submitted as representation work performed, copies of all maps or other information so obtained, in duplicate, shall accompany that statement. If such evidence is received in the office of the mining recorder within the period specified, and if the mining recorder is satisfied that the prescribed work has been duly performed, he shall issue to the owner of the claim a certificate in the form "D" hereto, of such work having been done. If for any reason he may deem it advisable, the mining recorder may, after noting the evidence in his records, have an inspection made of the work done and if he is satisfied as the result of such inspection that the work has been duly performed, as required, he shall then issue a certificate to that effect. If the statement submitted of work performed includes geological investigation, aerial reconnaissance, or other like preliminary operation, such statement shall in all cases be referred to the Director before a certificate is issued. If, in the opinion of the Director, the prescribed work has not been done or sufficient work has not been performed, the recorded owner of the claim shall not be entitled to a certificate of work. If evidence of work performed is submitted to the mining recorder within the required period, the claim shall not be deemed to have lapsed because of any delay which may occur in consideration of the evidence or in making any investigation which may be deemed necessary. An affidavit shall not be required for any period during which, in consequence of the work having previously been done and accepted, no work has been done. The affidavit shall show in detail the names and addresses of

the persons who actually performed the work and the date upon which each person worked in its performance.

(5) The construction of buildings or roads or other like improvements shall not constitute actual mining operations within the meaning of this section.

52. (1) The Director may grant extensions of time for periods up to one year for the performance of the representation work prescribed by subsection (1) of section fifty-one; provided,

(a) that written reasons in justification of the extension of time satisfactory to the mining recorder, are submitted to and received by such mining recorder prior to the expiry of the period of time in which the work should have been done; and

(b) that a fee of five dollars (\$5.00) is tendered for each claim affected along with such written reasons.

(2) If, however, the proper amount of work as required by section fifty-one is not done during the time prescribed by these regulations and any extensions of time granted under this section, the claim shall lapse on the expiry of that period of time during which the work should have been performed without any declaration of cancellation or forfeiture on the part of the Crown and be open for relocation under these regulations only after one month from the expiry of such period.

53. If the recorded owner of a fractional mineral claim furnishes evidence to the satisfaction of the mining recorder that the area of such claim is less than twenty-five acres, the work required to be done each year in mining operations on such fractional claim, to entitle the recorded owner to a certificate of work, shall be one-half that required under these regulations in respect of a full claim. If, however, upon survey, a fractional claim in connection with which such representations have been made is found to contain twenty-five acres or more, the recorded owner thereof shall be required to complete the additional work required for a full claim, before he shall be entitled to receive a certificate of improvements in connection with such claim.

54. If two or more persons own a claim, each such person shall contribute proportionately to his interest in such claim to the work required to be done by section fifty-one of these regulations and to the payment of all expenses and charges, including fees for licence and renewals thereof, provided for in the regulations, and in the event of its being proved to the satisfaction of the mining recorder, after notice of hearing has been served as directed on all the parties interested, that any co-owner has not done so, his interest shall become vested, by order of the mining recorder, in the other co-owner or co-owners according to the sum of the value of the work done and money paid by each respectively.

55. (1) The mining recorder, any mining inspector or any officer appointed by the Minister, may inspect a mineral claim at any time.

(2) A report of each inspection, except when made only for the purpose of a dispute, appeal or other proceeding, shall be made in writing by the inspecting officer and shall be filed in the office of the mining recorder who shall forthwith enter upon the record of the mineral claim a note stating the effect of the report and the date of entry.

(3) Subject to Section 58 of these regulations, if the mining recorder, upon the report or upon any investigation he may deem necessary as a result of the report, deems that the mineral claim or any entry upon the record of a mineral claim should be cancelled, he shall issue an order to that effect, setting out the reasons for such order. Such order shall be entered forthwith upon the record of the mineral claim, and the mining recorder shall affix his signature or initials thereto, and shall mark the mineral claim or the entry thereon "cancelled", and shall, by registered letter forthwith, notify the recorded owner of the mineral claim and other interested parties, if any, of the receipt and effect of the report or of his investigation and that the mineral claim, or entry upon the record of the mineral claim, as the case may be, is cancelled.

(4) Should it be proved to the satisfaction of the mining recorder that any person has:—

(a) been guilty of misrepresentation in the statement sworn to by him in the form "C" of these regulations, or in any of the statements required under these regulations to be made by him under oath, or

(b) removed, or destroyed with intent to remove, or defaced any legal post or stake or other mark placed under the provisions of these regulations,

the mining recorder may, in his discretion, order that such person be debarred from the right to obtain entry for, or a certificate of work in connection with, any mineral claim for any length of time the mining recorder deems advisable. A copy of any order made under this subsection shall be mailed forthwith by the mining recorder, by registered letter, to that person.

(5) An appeal from any action taken, or order made by the mining recorder, under the provisions of this section or of the preceding section, shall lie to a Stipendiary Magistrate and shall be made within the time and in the manner provided by section 69 of these regulations.

(6) The mining recorder shall on the expiration of one month from the date of his order cancelling a claim, if no appeal is taken, or on the expiration of one month from the date of the judgment of the Stipendiary Magistrate in cases where the cancellation of the mineral claim is upheld or within one month from the date of the filing with the Stipendiary Magistrate of a notice signed by the appellant, or his solicitor, withdrawing or discontinuing an appeal, post up in his office a notice of cancellation and the land or mining rights comprised within such mineral claim shall upon the day following the posting of such notice, but not before, be open for prospecting and staking out.

56. When any mineral claim is lapsed, forfeited or cancelled, the recorded owner of that mineral claim may, with the consent of the mining recorder and under such conditions and within such time as the mining recorder may prescribe, remove any machinery and personal property which he may have placed on the mineral claim.

DISPUTES

57. In case of any dispute as to the location of a mineral claim, the title to the claim shall be recognized according to the priority of such location, subject to any question as to the validity of the record itself, and subject, further, to the locator having complied with all the terms and conditions of these regulations.

58. Upon any dispute as to the title to any mineral claim, no irregularity happening previous to the date of the record of the last certificate of work shall affect the title thereto, and it shall be assumed that up to that date the title of such claim was perfect, except when fraud is proved.

59. Whenever, through the acts or default of any person other than the recorded owner of a mineral claim, or his agent by him duly authorized, the evidence of the location of record on the ground, or the situation of a mineral claim has been destroyed, lost or effaced, or is difficult of ascertainment, nevertheless effect shall be given to same as far as possible, and the Director shall have power to make all necessary inquiries, directions, and references in the premises, for the purpose of carrying out the object hereof, and vesting title in the first bona fide acquirer of the claim.

60. (1) No person shall suffer from any omission, delay or improper act on the part of any government official.

(2) The Minister may make such order as he may deem necessary to remedy any injury caused by any such omission, delay or improper act.

REQUIREMENTS FOR CERTIFICATE OF IMPROVEMENTS

61. Subject to the provisions of the next succeeding section whenever the recorded owner of a mineral claim shall have complied with the following requirements to the satisfaction of the mining recorder, he shall be entitled to receive from the mining recorder a certificate of improvements in the Form "F", in respect of such claim, unless proceedings have been taken by the person claiming an adverse right under section 69 of these regulations:

(a) Done or caused to be done work on the claim itself in developing a mine to the value of five hundred dollars, as defined in subsection (1) of section 51, exclusive of the cost of all houses, roads, or other like improvements, and exclusive also of the cost of work performed in geological investigation, aerial reconnaissance, or other like preliminary operation which may have been accepted under the provisions of subsection (3) of section 51 of these regulations. The amount of work done and its compliance with the requirements of the said section 51 shall be assessed by the mining recorder. In the case of a fractional claim, however, the work to be done shall be that specified in section 53. For the purposes of this section, work done on a claim by a predecessor or predecessors in valid title shall be deemed to have been done by the person who received transfer of such claim. If an applicant for a certificate of improvements is the recorded owner of a group of adjoining claims not exceeding thirty-six in number, upon one or more of which a greater expenditure than that above prescribed has been incurred and proved, such excess expenditure may be applied for the issue of a certificate of improvements to these claims included in the group upon which a less expenditure may have been incurred, provided that the total expenditure so incurred and proved shall be equal to or greater than the expenditure required to be incurred in connection with each claim included in such group;

- (b) Found valuable mineral within the limits of such claim, to the satisfaction of the mining recorder;
- (c) Had the claim surveyed at his own expense in accordance with instructions from the Surveyor General by an authorized Dominion Land Surveyor and had the survey thereof duly approved by the Surveyor General;
- (d) Shall have posted in the nearest post office, and in the mining recorder's office, a legible notice in the Form "G" of the schedule of these regulations of his intention to apply for a certificate of improvements;
- (e) Published a copy of such notice in the Form "G" in a newspaper approved by the mining recorder and circulated in the district in which the claim is situated for at least sixty days prior to such application, which publication can be made at any time after the posting of the notice;
- (f) Filed with the mining recorder an affidavit, in duplicate, in the Form "H" of the schedule in these regulations.

62. (1) A certificate of improvements shall not be issued until a report has been furnished by a person satisfactory to the Director to the effect that upon investigation, he is satisfied that the required work in developing a mine has been actually completed, and that mineral has been found within the limits of the claim;

(2) After the recorded owner of a mineral claim has complied with the requirements of the preceding section delay in having an investigation made or delay in having the survey approved, not attributable to the recorded owner shall not render it necessary for such owner to perform further representation work in connection with the claim affected because of such delay;

(3) If the recorded owner of the claim has proved the performance of work thereon to the value of one hundred dollars as required by the provisions of these regulations, but has not complied with all the requirements necessary to admit of application for a certificate of improvements being made, such recorded owner shall continue to do or cause to be done, work on the claim each year to the value of at least one hundred dollars, unless evidence of sufficient excess expenditure has been submitted and accepted, otherwise, the claim shall lapse.

63. (1) When the recorded owner of the claim shall have complied with the requirements of these regulations for obtaining a certificate of improvements and no action shall have been commenced and notice thereof filed with the mining recorder, a certificate of improvements shall be issued and forwarded by the mining recorder to the recorded owner or his agent;

(2) The mining recorder shall forward to the Department a copy of such certificate of improvements, a copy of the affidavit filed in the Form "H" and his certificate in the Form "I" of the schedule of these regulations, together with particulars of the full christian name and surname of the recorded owner, or each of the recorded owners, their occupation and respective interests.

64. The Director in his discretion may, by order waive publication in a newspaper of any notice in the Form "G" or the Form "J" set out in the schedule to these Regulations.

65. A certificate of improvements when issued as aforesaid shall be final and conclusive, unless such certificate was procured by fraud.

66. After the issue and recording of such certificate of improvements, and while such certificate shall be in force but a lease not yet issued, it shall not be necessary to do any work on such claim.

67. The recorded owner of a mineral claim for which a certificate of improvements has been granted and recorded, shall be entitled to a lease of such claim upon payment being made within three months of the rental and fee prescribed by section 96 of these regulations.

RELIEF FROM FORFEITURE

68. Where forfeiture or loss of rights has occurred,

- (a) by reason of failure to obtain a renewal of licence as provided in subsection (5) of section 14 of these regulations;
- (b) by reason of failure to submit evidence that the prescribed work has been performed, as provided in subsection (4) of section 51; or
- (c) by reason of failure to make application for a lease within the period prescribed in section 67,

the Director may, within three months after such default has occurred, upon such terms as he may deem just, make an order relieving the person in default from such forfeiture or loss of rights, and upon compliance with the terms, if any, so imposed, the interest or rights forfeited or lost shall be re-vested in the person so relieved, but if the default is that referred to in clause (a) of this section, a special renewal licence may be issued by the Director, the mining recorder, or sub-recorder, which shall be so marked, and which shall be issued only upon payment being made of twice the prescribed licence fee, and if the default is that referred to in clause (b) of this section, the person in default shall file the prescribed evidence forthwith, and shall make payment of a special fee of ten dollars.

HEARING AND DECISION OF DISPUTES

69. (1) The mining recorder shall have power to hear and determine all disputes arising within his district in regard to mining property, previous to the issue of a lease of the claim, subject to appeal by either of the parties, in the manner hereinafter provided in this regulation.

(2) No particular forms of procedure shall be necessary, but the matter complained of must be properly expressed in writing, and a copy of the complaint shall be served on the opposite party not less than seven days before the hearing of the said complaint, or such other time as the mining recorder may deem necessary. The mining recorder may require a party to any such dispute to file affidavits verifying the facts upon which he relies.

(3) The complaint may, by leave of the mining recorder, be amended at any time before or during the proceedings.

(4) The complaint shall, at the time of filing his complaint, deposit therewith a cash bond of such amount as the mining recorder may consider advisable in the circumstances, which shall be returned to him if the complaint proves to have been well founded, but not otherwise, except for special cause, by direction of the Director.

(5) A mining recorder may summon before him any person by subpoena issued by him, examine such person under oath and compel the production of papers and writings before him.

(6) If the mining recorder decides that it is necessary to a proper decision of the matter in issue to have an investigation on the ground, or, in cases of disputed boundaries or measurements, to employ a Dominion land surveyor to measure or survey the land in question, the expense of the inspection or measurement or survey, as the case may be, shall be borne by the litigants, who shall pay into the hands of the mining recorder, in equal parts, such sums as he may think sufficient for the same before it takes place; otherwise it shall not proceed, and the party who refuses to pay such sum shall be adjudged in default. The said mining recorder shall subsequently decide in what proportion the said expense shall be borne by the parties, respectively, and the surplusage, if any, shall then be returned to the parties, as he may order.

(7) All cash bonds adjudged as forfeited and all payments retained under the last preceding section shall, as soon as a decision has been rendered, and all entry and other fees or moneys shall, as soon as they have been received by him, be paid by the said mining recorder to the credit of the Receiver General in the same manner as other moneys received by him on account of Dominion lands.

(8) If an adverse claim affect only a portion of the ground for which application is made for a certificate of improvements, the applicant may relinquish the portion covered by the adverse claim and still be entitled to a certificate of improvements for the undisputed remainder of his claim, upon complying with the requirements of these regulations. The mining recorder shall enter in the "record book" any judgment which may be rendered in such case, and if by any judgment the original boundaries of any claim shall be changed, a plan made by a Dominion land surveyor and signed by the mining recorder if the judgment was rendered by him, or by the stipendiary magistrate by whom the judgment may have been given, shall be filed with the mining recorder, who shall forward it to the Department.

- (9) (i) An appeal shall lie from the decision of the mining recorder to a stipendiary magistrate, whose decision shall be final and binding on the parties.
- (ii) Notice of any such appeal shall be given within fifteen days from the day upon which the decision appealed from is pronounced or given, or within such further time as the mining recorder may allow, and after service upon the opposite party shall be filed with the mining recorder.
- (iii) At the time of filing notice of appeal the appellant shall deposit with the mining recorder such sum of money or security therefor, as security for costs of the appeal, as the mining recorder may consider necessary.
- (iv) Upon receipt of a notice of appeal and deposit, if any, as security for costs, the mining recorder shall forthwith transfer the complaint, evidence and other proceedings to a stipendiary magistrate, other than the mining recorder who heard the complaint, if he should be a stipendiary magistrate.
- (v) The stipendiary magistrate who is to hear the appeal shall fix the time of hearing at as early a date as may be conveniently arranged.

ADDRESS FOR SERVICE

70. Every application for a mineral claim and every other application, and every transfer or assignment of a mineral claim, or of an interest therein,

acquired under the provisions of these regulations, shall contain, or shall have endorsed thereon, the full and proper name, the place of residence and the post office address of the applicant, transferee, or assignee, and his occupation, and no application, transfer or assignment shall be accepted or recorded unless it conforms with this provision.

WHAT ENTRY OR LEASE CONVEYS

71. (1) The recorded owner of a mineral claim, by entry or by lease, located on vacant Dominion lands, shall be entitled to all mineral within the meaning of these regulations, and whether such mineral is found separately or in combination in, upon, or under the lands included in such entry or lease, together with the right to enter upon and use and occupy the surface of the claim, or such portion thereof and to such extent as the minister may consider necessary for the efficient and miner-like operation of the mines and minerals contained in the claim, but for no other purpose, including the right to cut, free of dues, such of the timber on the claim or such portion thereof as may be necessary for the working of the same, but not for sale or traffic, except where such timber has been granted or disposed of prior to the date of entry. The timber agent, however, may permit any person to cut and remove from the claim timber for his own use for mining purposes, when such timber cannot otherwise be had within a reasonable distance, but no such permit shall convey the right to cut or remove timber required by the recorded owner of the claim for his mining operations actually in progress.

(2) When any timber is cut upon a mineral claim, whether by the recorded owner thereof or by any other authorized person, the branches and debris arising from such cutting or clearing operations shall be disposed of in accordance with the instructions and to the satisfaction of the authorized officers of the Department.

(3) The Minister may, upon application, grant to the recorded owner a mineral claim in good standing, located on vacant Dominion lands, acquired by entry or by lease, a lease of the whole or any portion of the available surface rights of such mineral claim at a rental of one dollar an acre per annum, payable yearly in advance. The term of such surface lease shall not exceed the term of the grant issued for the minerals, and shall be appurtenant to such grant, and the said lease shall be subject to such terms and conditions as may be prescribed by the Minister, under these regulations. The lessee shall not assign, transfer, or sub-let the rights described in such surface lease, or any portion thereof, or any interest therein, without the consent in writing of the Minister being first had and obtained.

(4) Notwithstanding anything contained in these regulations the Minister or such officer as he may designate may reserve any area containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone and may dispose of such materials under permit at rates to be determined following inspection.

72. A lease of a mineral claim located on lands the surface rights of which have been disposed of, but the right whereon to enter, prospect, and mine for mineral has been reserved to the Crown, shall convey to the lessee the mineral within the meaning of these regulations, and whether such mineral is found separately or in combination which may be

n, upon, or under the land described in the lease but shall convey no right of entry upon such surface.

73. Where the mineral claim is located on land lawfully occupied under a timber licence, the lease shall convey the mineral within the meaning of these regulations, subject to the provisions of section 17 of these regulations, but shall reserve the timber.

74. A lease of a mineral claim located on lands the surface rights of which have been disposed of, but the right whereon to enter and mine gold and silver has been reserved to the Crown, shall convey to the lessee the right to the gold and silver which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon the surface, except as provided in section 103.

75. A lease of a mineral claim issued under the provisions of these regulations shall reserve to the Crown such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance, and use of works for the conveyance of water for mining operations.

SURVEYS

76. The recorded owner of a mineral claim shall have a survey thereof made at his own expense by a duly qualified Dominion land surveyor under instructions from the Surveyor General, within one year from the date upon which notifications by the mining recorder to do so may be sent to him. Such notification, however, shall not be given until the expiration of at least one year from the date upon which the claim was recorded. If the survey is not made, and if the returns of such survey are not received and approved by the Surveyor General within one year from the date of notification, the entry granted for the mineral claim shall be subject to immediate cancellation in the discretion of the Director. The recorded owner of a claim may, however, have such survey made at any time.

77. (1) A survey of a mineral claim made in accordance with the provisions of these regulations shall be accepted as establishing the boundaries of the claim, provided,

(a) that the recorded owner of the claim causes to be posted in the nearest post office and in the office of the mining recorder for the district:

(i) A copy of the plan of survey of the said claim with a notice in the Form G-1 in the schedule of these regulations endorsed thereon by the Surveyor General of Dominion Lands; and

(ii) A notice of such survey in the Form "J" in the said schedule;

(b) that a notice of such survey in the said Form "J" is published following the posting of the plan, for a period of not less than sixty days in a newspaper approved by the mining recorder and circulating in the mining district in which the claim is situated.

(2) If the survey remains unprotested during the period of publication, the Surveyor General, upon receipt of advice from the Director that all other requirements of the regulations have been complied with, shall approve the survey and the survey so approved shall be accepted as defining the boundaries of the claim so surveyed.

(3) If, however, the survey is protested during the period of publication the protest shall be heard and determined in the manner provided in Section 69 of these regulations.

78. The surveyor shall define and mark accurately the boundaries of such claim on the ground, in full compliance with the instructions issued to him, and as soon as reasonably possible after the completion of the survey, and not later than six months after such survey has been made on that ground, he shall forward to the Surveyor General at Ottawa the original field notes and plan, signed and certified as accurate, under oath. After a certificate of improvement has been issued in respect of any claim so surveyed, prima facie evidence of its location upon the ground may be given by any person who has seen and who can describe the position of such posts, purporting to be marked as aforesaid.

79. (1) If it is found upon a survey required or authorized by these regulations, that the area of a mineral claim exceeds the prescribed acreage, the Director may reduce the area to the prescribed acreage, or thereabouts.

(2) The reduction may, where practicable, be made as follows:

Keeping No. 1 post as the northeast corner, and taking the straight line joining No. 1 and No. 2 posts, or if that line exceeds 1,500 feet in length, the northly 1,500 feet of it, as the eastern boundary; keeping the southern and western boundaries respectively parallel to or coinciding with the straight lines joining No. 2 and No. 3 and No. 4 posts, but shortening each of these boundaries to 1,500 feet where it exceeds that length; and connecting the northwest corner so established with No. 1 post for the northern boundary; or the survey may be made in such other way as the Surveyor General shall direct.

(3) Where a survey shows a small fraction or gore of land to exist between mineral claims, the Minister may lease such available fraction or gore to the holder of one or other of the said claims, or may divide the same between them, or may otherwise dispose of the same as he may see fit, without requiring such gore or fraction to be staked out as a mineral claim.

(4) While the prescribed area of a mineral claim is 51.65 acres, the maximum area which may be included in any claim, without deduction, shall be 60 acres, and if the margin of error exceeds this allowance, the area in excess of 51.65 acres shall be withdrawn after survey and, upon withdrawal, shall in the discretion of the Director be disposed of subject to all provisions of these regulations in one of the three methods following, that is to say—

(a) be included in the claim and subsequent lease as a supplementary area for which must be paid an additional sum by way of penalty of \$5.00 per acre or fraction thereof, provided such supplementary area does not exceed 51.65 acres. If the supplementary area is greater than 51.65 acres the Director may in his discretion increase the penalty charge on the entire supplementary area from \$5.00 per acre to any sum not exceeding \$10.00 per acre. These penalty charges shall be in addition to the penalty charge provided for in Section 96 of the regulations;

(b) be granted under the regulations to the highest bidder at public auction;

(c) revert to disposal under these regulations as vacant and available Dominion Lands.

80. A Dominion Land Surveyor when surveying a fractional mineral claim, may survey such claim so that it shall contain as nearly as possible all the unoccupied ground lying between the previously located mineral claims as described in the affidavit and sketch furnished by the locator when the claim was recorded, provided that the area of the claim as surveyed shall be less than 51.65 acres.

81. The surveyor shall, in the discretion of the Surveyor General, connect the survey of the claim with some known point in a previous survey, or with some other known point or boundary, so that the position of the claim may be definitely fixed on the plans of the Department.

82. It shall be the duty of the surveyor, before proceeding with the survey, to examine the application made for the claim and the plan which accompanied such application, and before completing the survey, to ascertain by careful examination of the ground, or by all other reasonable means in his power, whether or not any other subsisting claim conflicts with the claim he is surveying, and he shall furnish with his returns of survey a certificate, duly signed by him, in the following form:—

I hereby certify that I have carefully examined the ground included in . . . mineral claim surveyed by me, and have otherwise made all reasonable investigations in my power to ascertain if there was any other subsisting claim conflicting therewith, and I certify that I have found no trace or indication and have no knowledge or information of any such claim, except as follows (if none, so state; if any, give particulars).

83. Should the survey of a claim be made and advertised in the manner specified herein before the recorded owner of the claim has sufficiently complied with the regulations to admit of his applying for a certificate of improvements, then the posting and publication of notice of the survey of the claim in the manner indicated shall be accepted as satisfaction of the posting and advertising requirements of section 61 of these regulations, but before a certificate of improvements shall be issued in connection with such a claim, all the other requirements of section 61 shall be fully complied with.

84. If, in the event of the destruction by forest fire of the stakes marking the location of claims in any district, which claims have not been completely surveyed, it becomes necessary, in the opinion of the Director, that a joint survey of a number of claims should be made in order to delimit them one from another, the recorded owners in the area shall be notified, and if they cannot agree within one year as to the appointment of a surveyor, the Director shall appoint a surveyor, and payment for such joint survey at the usual rates shall be made by the recorded owners of the claims affected, in such proportion as may be fixed by the Surveyor General, or, in default, such payment shall be and shall remain, until paid with interest, a charge against each such claim, and the recorded owner or owners thereof shall not be entitled to receive a certificate of work, a certificate of improvements, or a lease for any claim affected by the joint survey in connection with which payment of the share fixed has not been made, and in each such case the claim shall be deemed to have lapsed.

TRANSFER OF A MINERAL CLAIM

85. No transfer of an entry for any mineral claim, or of any interest therein shall be effectual unless the same is in writing, signed by the transferor, or

by his agent authorized in writing, and recorded by the mining recorder; and, if signed by an agent, the authority of such agent shall be recorded before the record of such transfer. The assignment shall be in duplicate, signed and sealed by the assignor in the presence of a witness, who shall furnish proof of execution by affidavit, and when recorded the mining recorder shall return to the assignee one copy thereof, with a certificate endorsed thereon that it has been recorded in his office, and retain the other copy.

86. If the record of entry (form "B") has been lost or destroyed, the mining recorder may, upon receipt of evidence to his satisfaction, supported by the affidavit of the recorded owner or owners, or one of them, if possible, that such is the case, and upon receipt of a fee of ten dollars, issue a "substitutional" record of entry which shall be so marked, and which shall be as far as practicable a copy of the record of entry (form "B") originally issued for such claim.

87. Any conveyance, bill of sale, mortgage, or other document of title relating to a mineral claim for which entry has been granted under the provisions of these regulations, may be recorded with the mining recorder. Failure so to record any such document shall not invalidate the same as between the parties thereto, but such documents as to third parties shall take effect from the date of record and not from the date of the document.

88. After a lease of a mineral claim has been issued, an assignment of the whole or an undivided interest in such claim shall be filed with the Department, accompanied by a fee of three dollars, and by the lessee's copy of the lease, but the Department shall not be required to accept and register such assignment unless it is unconditional and its execution has been proved to the satisfaction of the Minister, and unless the regulations in respect of such claim have been fully complied with.

89. After a lease of the mineral claim has been issued a conditional assignment or option may be filed with the Department accompanied by a fee of three dollars and by the lessee's copy of the lease and may be recorded in the Department with the consent of the Minister.

90. If the recorded owner of a mineral claim, after applying for a certificate of improvements, shall sell and transfer such claim, upon satisfactory proof of such sale and transfer being made to the mining recorder, the new recorded owner of the claim shall be entitled to a certificate of improvements in his own name.

91. If a transfer shall be made to any person or company after a certificate of improvements shall have been issued, but before a lease has been prepared, upon proper proof of such transfer being made, to the satisfaction of the Director, and upon receipt of a new certificate in the form "I" of these regulations, the lease may issue to the new holder of the claim.

92. No lease of a mineral claim shall issue until all liens which may have been attached to such claim have been fully released.

MINING PARTNERSHIPS

93. All rights, liabilities and conditions pertaining to mining partnerships heretofore formed under these regulations shall remain in full force and virtue until the termination of the partnership.

ROYALTY

94. (1) There shall be paid to the Crown on every mine acquired under the provisions of these regulations an annual royalty on any profits of such mine which exceed the sum of ten thousand dollars during any calendar year, and the owner, manager, holder, tenant, lessee, occupier, or operator of the mine, shall be liable for and shall pay to the Crown an annual royalty as follows:—

- (a) Upon annual profits in excess of \$10,000 and up to \$1,000,000 3 per centum
- (b) On the excess above \$1,000,000 up to \$5,000,000... 5 per centum
- (c) On the excess above \$5,000,000 up to \$10,000,000... 6 per centum
- (d) On the excess above \$10,000,000 a proportional increase of one per cent for each additional \$5,000,000...

(2) For the purposes of this section, all mines and mineral workings in the territories to which these regulations apply, occupied, worked, or operated by the same person, or under the same general management or control or the profits of which accrue to the same person, shall, for the purpose of determining whether there is liability for royalty hereunder, be deemed to be and be dealt with as one and the same mine, and not as separate mines.

(3) The royalty imposed by this section shall be deemed to accrue on the 1st day of January of the year in which the same is payable, and shall become payable on the 1st day of October following, in each year, and shall be paid to the mining recorder or other officer named by the Director.

(4) The annual profits shall be ascertained and fixed in the following manner:—

The gross receipts from the year's output of the mine, or in case the ore, mineral, or mineral-bearing substance, or any part thereof, is not sold but is treated by or for the owner, tenant, holder, lessee, occupier, or operator of the mine, upon the premises or elsewhere, then the actual market value of the output at the pit's mouth, or if there is no means of ascertaining the market value, or if there is no established market price or value, the value of the same as appraised by the mining recorder shall be ascertained, and from the amount so ascertained, the following and no other expenses, payment, allowances or deductions shall be deducted and made, that is to say:

- (a) the actual cost of transportation of any output sold, if paid or borne by the owner, tenant, holder, lessee, occupier, or operator;
- (b) the actual and proper working expenses of the mine, both under ground and above ground, including salaries and wages of necessary superintendents, foremen, workmen, firemen, enginemen, labourers, and employees of all sorts employed at or about the mine, together with the actual and proper salaries and office expenses for necessary office work done at the mine and in immediate connection with the operation thereof;
- (c) the cost of supplying power and light, and of the hire of horses or other means of transportation used in the mining operation, or in handling the ore or mineral;
- (d) the actual cost price of food and provisions for all employees aforesaid, whose salaries or wages are made less by reason of being fur-

nished therewith; also the actual cost of fodder for horses used as above mentioned;

- (e) the actual cost of explosives, fuel, and any other supplies necessarily used in the mining operations;
- (f) any actual and proper outlay incurred in safeguarding and protecting the mine or mineral product;
- (g) the cost of proper insurance upon the output, if paid or borne by the owner, tenant, holder, lessee, occupier, or operator, and upon the mining plant, machinery, equipment and building used for or in connection with mining operations or for storing the ore or mineral;
- (h) an allowance of a sum for annual depreciation, by ordinary wear and tear of the said plant, machinery, equipment and buildings, such sum to be based upon the probable annual average cost of repairs and renewals necessary to maintain the same in a condition of efficiency, and in no case to exceed for any year fifteen per centum of the value at the commencement of such year, such value to be appraised by the mining recorder;
- (i) the cost of actual work done in sinking new shafts, making new openings, workings, or excavations of any kind, or of stripping, trenching, or diamond drilling in or upon the land upon which the mine is situated, or upon any other land belonging to the same lessee, owner, holder, tenant, occupier, or operator in the said territories, or the cost of any work which, in the opinion of the Director, has for its objects the opening of mines, or testing for ore or minerals;
- (j) all taxes payable or paid upon the profits of the mine or upon the profits of the mine or mining work, or upon the profits made in smelting, refining, or otherwise treating any of the products of the mine or mineral work.

(5) No allowance or deduction shall in any case be made for the cost of plant, machinery, equipment or buildings, nor for capital invested, nor for interest or dividend upon capital, or stock, or investment, nor for depreciation in the value of the mine, mining land, or mining property, by reason of exhaustion or partial exhaustion of the ore or mineral.

(6) For the purpose of this section, unless a contrary intention appears, the operations, business, matters and things carried on, occurring or existing during the preceding calendar year, shall be taken as fixing, assessing, and ascertaining the royalty payable thereunder, but the royalty payable shall nevertheless be deemed to be a royalty for the calendar year in which it is payable.

(7) The owner, lessee, tenant, holder, occupier, manager, or operator of every mine from which ore, minerals or mineral-bearing substances is or are being taken, shall, within ten days after the commencement of such active operations, notify the mining recorder of the fact that such mine is in active operation, and shall give in such notice the name of the mine and the name and address of the owner, lessee, tenant, holder, occupier, manager, or operator of such mine, and the name and address of the manager or of some other person to whom notice may be sent (to be known as the name and address for service), and shall forthwith notify the change in the ownership, holding, tenancy, management of such manager or person, and of every mining recorder of every change in the name and

ment, occupation or operation of such mine, and of every discontinuance of active operations, and of every resumption thereof after discontinuance.

(8) On or before the first day of April in each year, every person liable to pay the royalty imposed by this section shall, without any notice or demand to that effect, in addition to any other statements which may otherwise be required, deliver to the mining recorder a detailed statement in which shall be set forth:—

- (a) the name and description of the mine;
- (b) the name and address of the person or persons owning or operating the mine as lessee, agent, occupant, or otherwise;
- (c) the quantity of ore, minerals and mineral-bearing substances shipped or sent from or treated on the mining premises during the year ending on the 31st of December last preceding;
- (d) the name or names of the smelter or mill, and the locality to which the ore, minerals or mineral-bearing substances, or any part thereof, were sent;
- (e) the cost per ton for transportation to the smelter; refinery or mill, and the actual, proper and necessary expenses of making the sale, if any, and by whom paid or borne;
- (f) the cost per ton for smelter and mill charges, and by whom paid or borne;
- (g) the quantity of ore, minerals, and mineral-bearing substances treated on the mining premises during the said year;
- (h) the value of the ore, minerals and mineral-bearing substances shipped, after deducting the charges for making sales and for transportation or for treatment;
- (i) the value of the ore, minerals and mineral-bearing substances treated on the mining premises;

Such statement and information shall be made and furnished by and under the oath of the owner, manager, holder, lessee, tenant, occupier or operator of the mine, and shall also show in other columns the various expenses, payments, allowances, and deductions which may properly be made under the provisions of this section, and such statement shall also show by way of summary the total receipts or market value at the mine of the year's output, and the total amount of the expenses, payments, allowances, and deductions to be deducted therefrom, and the balance of profits for the year as in this section provided.

In addition to the above-mentioned statement, the Director may at any time of the year, require from any other person connected with the operations or management of the mine or mill, a statement, under affidavit, containing such information or particulars as the said Director may think proper to exact.

The Director may enlarge the time for making such return or statement.

(9) Every person liable to pay the royalty imposed by this section shall keep at or near the mine proper books of account of the ore, minerals or mineral-bearing substances taken from the said mine, containing the quantity, weight, and other particulars of the same, and the value thereof, and showing the returns from the smelter, mill or refining works, or other returns of the amounts derived from the sale of such ores, minerals, or mineral-bearing substances; and no ore, mineral or mineral-

bearing substance taken out of any mine shall be removed therefrom or treated at any smelter, mill or refining works, until the weight thereof shall have been correctly ascertained and entered in the said books of account; and each person shall also keep proper books showing each of the several expenses, payments, allowances, or deductions mentioned in this section, and showing any other facts and circumstances necessary or proper for ascertaining the amount of the royalty payable hereunder.

If any doubt arises as to where such book or books shall be kept, or as to how many or what books shall be maintained, the Director shall determine the number and character of the books to be kept, and the place or places at which they shall be kept.

(10) It shall be at all times lawful for the mining recorder or any person designated by him to enter upon mining property for the purpose of making an inspection and obtaining information as to the amount and value of the output of the mine, and for this purpose such officer may descend all pits and shafts and use all such tackle, machinery, and appliances belonging to the mine as he may deem necessary or expedient, and he shall have free ingress and egress to, from and over all buildings, erections, and vessels used in connection with the mine, and he shall be allowed to take from the said mining property such samples or specimens as he may desire, for the purpose of determining by assay or otherwise the value of the ore, minerals or mineral-bearing substances being taken therefrom, or any product thereof, and he shall have full and complete access to all books of account, correspondence, and documents maintained or used for or in connection with the actual operations and business of such mine, and may examine the same and take copies thereof or extracts therefrom, but any information of a private or confidential nature acquired by such officer shall not be disclosed to anyone, except so far as may be necessary for the purpose of this section.

(11) It shall be the duty of the mining recorder or such other person as may be directed by the Director, to keep a record of all arrears of royalty due, based upon returns to be furnished him by the Department, with the increased amounts from time to time entered therein.

(12) All royalties, percentages, penalties and costs, respectively, payable under this section shall be a special lien on the mine, mining property, mineral claim, or mining rights, and upon all ore, minerals, or mineral-bearing substances taken therefrom, and upon all machinery upon or connected with the mine in priority of every claim, privilege, lien or encumbrance of any person whether the right or title of such person has accrued before, or shall accrue after the attaching of such lien, and its priority shall not be lost or impaired by any neglect, omission, or error of any official, officer or person, or by want of registration, and the same may be realized by action for sale of any or all property, leases and rights, subject to such lien.

(13) If the royalty imposed by this section is not paid when due, the same together with interest, may be recovered from the owner, tenant, holder, lessee, occupier, or operator of the mine, by an action at the suit of the Minister in any court of competent jurisdiction together with the costs of the action.

(14) In addition to any other remedies for the recovery of the royalty imposed by this section, an injunction or order in the nature of injunction, or

the appointment of a receiver with all necessary powers, or such other relief or remedy as may seem necessary or expedient for securing payment of the royalty, may, in any case where the royalty is overdue, or where the payment of the royalty seems endangered be obtained in a court having jurisdiction in such matters at the instance and in the name of the Minister to prevent the removal, transportation or transmission of any ore, mineral or mineral-bearing substance, or to prevent or restrict mining operations, or to provide for such operations or production upon such terms and conditions as may seem proper.

(15) Any action which may be brought under the provisions of this regulation may be brought by the Minister as plaintiff, and it shall not be necessary to name the Minister, and the action shall not abate by reason of a change in the name of such Minister, or by reason of the office being vacant at any time, but the action may proceed as though no change had been made or no vacancy existed.

(16) In every grant and lease issued under the provisions of these regulations shall be implied a condition or stipulation to the effect that upon default of payment of any royalties imposed by these regulations the same together with interest and costs may be levied and collected by distress, together with the costs of distress upon the goods and chattels wherever found of the person or persons liable therefor, under warrant signed by the Director or the mining recorder directed to the sheriff, and that the sheriff may realize the amount directed to be realized by the warrant and all costs by a sale of such goods or so much thereof as may be necessary to satisfy the amount to be levied by such warrant.

TERM OF LEASE AND RENTAL

95. The lease shall be for a term of twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Director that during the term of the lease he has complied in every respect with the conditions of such lease and with the provisions of these regulations, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

96. The rental of a whole or fractional mineral claim, granted under a lease, shall be fifty dollars, provided the claim does not exceed the maximum area of 51.65 acres. For each acre in excess of the said maximum area which the claim may, upon survey, be shown to contain, and which may be included in the lease, payment shall be made of rental at the rate of five dollars an acre. The rental shall be payable in advance within three months after the date upon which a certificate of improvements in connection with the claim may be issued, and no further rental shall be due or payable in connection with such claim until the termination of the above period of twenty-one years. For the renewal of a lease, the lessee shall pay in advance the sum of two hundred dollars, to cover the rental for a further period of twenty-one years, and for excess area at the rate of twenty dollars an acre. For the rental of a claim containing an area of 160 acres, acquired under the provisions of section 21 of these regulations, the rental shall be one hundred and fifty dollars for the first period of twenty-one years, and a rental of six hundred dollars for a renewal period of like duration. If the

claim contains more than 160 acres, payment for the excess area shall be at the rate of twenty dollars an acre for the second period. The fee for the issue of a lease of a mineral claim shall be ten dollars.

97. In case payment of the rental and fee for the first term of twenty-one years is not made within the prescribed period of three months from the date of the certificate of improvements, or in case payment is not made of the rental for the renewal term within three months from the date upon which it becomes due, then all right to the claim or to a lease thereof, or to a renewal of such lease, shall absolutely lapse without any declaration of cancellation or forfeiture on the part of the Crown, and such rights shall immediately be and become revested in the Crown subject to the provisions of these regulations regarding relief from forfeiture.

98. The lessee shall not assign, transfer, or sublet the rights described in his lease, or any interest therein, without the consent in writing of the Minister being first had and obtained.

99. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

MINE PLANS

100. (1) The recorded owner of every mine shall make and maintain or cause to be made and maintained by a competent mining engineer or surveyor, a clear and accurate plan or plans, with sections, if necessary, showing clearly all the workings of such mine and at least six months or oftener, if necessary, the recorded owner of such mine shall cause to be shown clearly and accurately on the plan or plans of such mine all the excavations made thereon during the time elapsed since such excavations were last shown on such plan or plans, and all parts of the said mine that shall have been worked out or abandoned during the said period of time shall be indicated clearly on such plan or plans and all underground workings shall be surveyed and mapped out before they are allowed to become inaccessible.

(2) The methods of survey and computation thereof shall be according to instructions to be obtained from the mining recorder. All mine plans, survey notes and computations shall be kept at the mine office away from risk of damage by fire or any other cause and shall be treated as confidential information to which the mining recorder shall have access at all times, but they shall not be exhibited nor shall any information contained therein be imparted to any person except with the written permission of the owner or agent of the mine.

(3) Plans shall be drawn on a scale of not more than 50 feet to one inch of every working mine in which levels, cross-cuts, or other openings have been driven from any shaft, adit, or tunnel, and in addition to the size of the openings they shall indicate all important geological information obtained in working the mine, together with assay values wherever the ore has been sampled in situ. For the sake of clearness more than one plan may be employed on which to plot such information.

(4) Every dam or bulkhead erected underground shall be shown clearly on the mine plans and all machinery, ladderways, stores and other material or equipment shall be indicated by an approved symbol.

(5) Where abandoned workings on the group of claims being worked on land adjacent thereto are liable to contain water, the plans shall show the

position and extent of such workings as accurately as can be obtained.

(6) Any recorded owner of an adjoining mineral claim may apply to the mining recorder for the purpose of ascertaining whether any mine is being worked into his territory, and upon such application being made, the mining recorder may examine and make report thereon to the recorded owner of the adjoining mineral claim as to whether his territory is or is not being encroached upon.

(7) Before a mine or any part of a mine is abandoned, closed down, or otherwise rendered inaccessible, all underground plans and sections shall be brought up-to-date and a certified copy filed with the mining recorder.

TREATMENT OF ORES IN CANADA

101. All grants and leases issued under the provisions of these regulations shall be subject to the provision that all ores or minerals mined from locations described in such grants or leases shall be treated and refined within the Dominion of Canada so as to yield refined metal or other product, suitable for direct use in the arts without further treatment; in default whereof the grant or lease issued for such lands shall be and become null and void, and the said lands shall forthwith revert to and become revested in the Crown freed and discharged of any interest or claim of any person or persons whomsoever, and shall be open to disposal in such manner as the Director may decide. Iron ores produced in excess of smelter requirements from locations situated on any of the islands of Hudson Bay in the Northwest Territories may, however, be exported for treatment.

ARBITRATION

102. In case the surface of a mineral claim, or any portion of it, is covered by a timber licence, or by a petroleum, grazing, or coal mining lease, or any other form of terminable grant, the lease issued under the provisions of these regulations shall not authorize entry upon the land so covered without the permission of the Director being first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

103. In case the surface rights of a mineral claim have been patented or have been disposed of by the Crown under any act or regulation which contemplates the earning of patent for such surface rights, and the recorded owner of the mineral claim cannot make an arrangement with the owner of such surface rights, or with his agent, or the occupant thereof for entry upon the location or for the acquisition of such interest in the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his grant or lease, he may (provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights) apply to the Director for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the recorded owner to give notice to the owner of the surface rights or his agent, or the occupant, to appoint an arbitrator, within a period of sixty days from the date of such notice, to act with another arbitrator

named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire:—

- (a) for the efficient and economical operation of the rights and privileges granted him under his grant or lease;
- (b) the exact position thereof, and
- (c) the amount of compensation to which the owner or occupant of the surface rights shall be entitled.

104. The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at or sending it by registered mail to the last known place of abode or address of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situate. Such notice shall be for a period of ten days if the owner or his agent resides in the district in which the land is situate, if out of the district, and if in the territory, twenty days, and if out of the territory, thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the mining recorder shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant, wilfully evades the service of such notice or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode or known address of such owner, agent or occupant as above provided, appoint an arbitrator on his behalf.

105. In case two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when two such arbitrators cannot agree upon a third arbitrator, the mining recorder shall forthwith select such third arbitrator.

106. All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economic operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

107. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

108. The award of any two such arbitrators made in writing shall govern and shall be filed with the mining recorder for the district in which the land is situate within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

109. The arbitrators shall be entitled to be paid per diem allowance of ten dollars, together with their necessary travelling and living expenses, while engaged in the arbitration, and the cost of such arbitration shall be in the discretion of the arbitrators.

ADMINISTRATION OF THE ESTATES OF DECEASED OR INSANE MINERS

110. If the recorded owner of a claim for which a lease has not yet been issued, or if the recorded owner of an interest in such a claim dies or is adjudged to be insane, the provisions of these regulations as to forfeiture for non-performance of work and payment of fees shall not apply except as hereinafter provided, in the first case, either during his last illness or after his decease, and, in the second case, either after he has been so adjudged insane, or, if it appears that the neglect or omission in account or by reason of which such claim would otherwise have been deemed to be forfeited was attributable to this insanity, then during such period prior to his having been adjudged insane as he may have been shown to have been insane.

111. The Director may limit the period during which all or any interest in any mineral claim, the property of such deceased or insane person, shall be exempt from the provisions of the regulations which require annual performance of work and payment of fees, and may fix the date upon which the claim shall again become subject to all the provisions of these regulations.

112. At the termination of the period fixed, the claim shall become subject to all the provisions of these regulations, and if such regulations are not complied with the title thereto shall be absolutely forfeited in the event of the estate of such deceased person being the sole owner of the claim, and the claim shall forthwith be open for relocation without any declaration of cancellation or forfeiture on the part of the Crown. In the event, however, of such an estate being a co-owner, the interest of the estate shall thereupon ipso facto become vested in the other co-owners who have complied with the regulations in proportion to their respective interests.

113. The Director may, by order from time to time, extend the period of such exemption as the necessity of the case may, in his opinion, demand, provided that in the case of deceased persons, the period during which such exemption shall apply shall not extend beyond three years from the date of the death of the deceased.

114. If there is no other legal representative of the estate of any such deceased or insane persons, the Director may cause the public administrator, or such responsible officer as he may name, to take possession of such property and administer the same, subject to the provisions of any ordinance in force respecting the administration of the estate of deceased or insane persons.

115. No exemption of the interest of a deceased or insane recorded owner in any claim shall apply or exempt any co-owner's interest from the provisions of these regulations as to the annual performance of work and payment of fees, and the rights of such co-owners shall be entitled to protection provided they do or cause to be done the prescribed representation work and pay the prescribed fees necessary in connection with those interests not exempted from performance of work and payment of fees.

116. Where the estate of the deceased or insane person owns an interest in a claim, and the co-owners who are required to perform work and pay fees have, during the period of such exemption, failed to perform the work required to be done thereon, the interest of such co-owners may, upon such failure being proved to the satisfaction of the mining recorder, after notice of hearing has been served upon all persons interested in the manner prescribed by him, be vested by order of the mining recorder in such estate.

117. Any person receiving from the public administrator or other legal representative of the estate of a deceased or insane person an assignment of a claim that has been exempted from the provisions of the regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, shall record such assignment within two months from the date thereof, and after the assignment has been recorded the claim shall again become subject to all the provisions of these regulations. If the assignment is not so recorded, the provisions exempting such claim shall cease to apply and the claim shall, at the expiration of the said two months, become absolutely forfeited and shall be open to relocation and entry.

118. Any person receiving from the public administrator or other legal representative of the estate of a deceased or insane person, an assignment of an interest in a claim which has been exempted from the provisions of these regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, and on which the other co-owner or co-owners are required to perform work and pay fees, shall, within two months from the date of such assignment, record the same and comply with the provisions of the regulations in respect of representation work from the day of the recording of such transfer. If the assignment is not so recorded and if the regulations are not otherwise complied with, the interest in question shall thereupon ipso facto become vested in the other co-owner or co-owners in proportion to their respective interests. If the co-owners who are required to perform work and pay fees have failed to do so, the interest of such co-owner or co-owners may, upon such failure being proved to the satisfaction of the mining recorder, after notice of hearing has been served upon all persons interested, become vested in the co-owner who has acquired the interest of the estate in such claim, and who may have complied with the provisions of these regulations.

MILL-SITES

119. The Minister may, in his discretion, grant to the lessee of a mineral claim a lease of a tract of available, unoccupied and unreserved Crown land, not known to contain mineral of commercial value, as a mill-site. Lands available for water-power purposes shall not be open to lease for this purpose except by authority of the Governor in Council.

120. The mill-site shall be marked on the ground and surveyed in the same manner as a mineral claim. The term of the lease shall be concurrent with the lease of the mineral claim in connection with which the mill-site is applied for, and shall be appurtenant thereto, and shall be for such period as the Minister may decide, and the rental shall be at the rate of one dollar an acre per annum, payable yearly in advance from the date of the lease.

121. In case the mill-site is not utilized as such to the satisfaction of the Minister within three years from the date of the lease, such lease shall be subject to cancellation in the discretion of the Minister.

TUNNELS AND ADITS

122. The holder of a mineral claim by entry or by lease may, in the discretion of the mining recorder, obtain permission to run an adit or tunnel for drainage or access to a mine through any occupied or unoccupied lands, whether mineral or otherwise, acquired under these regulations, upon security being first deposited or given to the mining recorder to his satisfaction for any damage that may be done thereby, and upon such other terms as he may consider advisable. The person obtaining such permission shall immediately record it in the office of the mining recorder against each claim affected thereby.

WATER RIGHTS

123. The recorded owner of a mineral claim or of any mill-site may obtain a grant to a water right of any unappropriated water for any mining or milling purposes, under the provisions of the regulations governing placer mining in the Northwest Territories, or under the provisions of the Dominion Water Power Regulations, according to the purpose for which the water is to be used.

PARTY WALL

124. (1) Unless the recorded owners agree to dispense therewith, in all mining operations there shall be left between all adjoining properties a party wall at least fifteen feet thick (being seven and one-half feet on each property), to the use of which the recorded owners of adjoining mineral claims shall be entitled in common.

(2) The record owners shall be entitled to such party wall in common as a roadway for all purposes and no person shall obstruct such roadway in any way by depositing soil, rock or other material thereon, or in any other manner.

(3) Any recorded owners of adjoining mineral claims may, in any case, apply to the mining recorder, who may make an order dispensing with such party wall or roadway, or providing for the working of any material therein, or otherwise, as he may deem just.

NOTICES OF INTENTION TO BEGIN, SUSPEND AND ABANDON

125. (1) Before beginning actual mining operations, whether below ground or in open cut, on a location acquired under the provisions of the regulations, the recorded owner shall notify the mining recorder in writing of his intention to begin such operations, and the approximate date, at least fifteen days beforehand, but such notification does not apply to work that has for its object only the stripping or otherwise uncovering of an ore body purely as a means of prospecting. The notice which may be on forms to be obtained from the Department shall contain the following information:—

- (a) the particular point on the location at which a shaft or an adit is to be opened or open work begun;
- (b) the name or number by which the shaft or other working shall be known, which name or number shall not be changed without consent of the Director.

- (c) the name and post office address of the person in charge of such operations.

Failure or neglect on the part of the recorded owner so to notify the mining recorder of his intention to begin mining operations or to furnish the information provided for shall render the lease or grant liable to cancellation at the discretion of the Minister.

(2) Before suspending operations on any workings connected with a shaft, adit, or open cut for a period likely to exceed three months, the recorded owner shall notify the mining recorder in writing at least fifteen days before such suspension shall take effect. When such suspension is the result of accident and previous notice is impossible, the recorded owner shall state the cause and whether all workings have been surveyed, as required by section 100.

(3) Upon resumption of work in any mine after a delay of more than three months, the recorded owner shall notify the mining recorder within fifteen days, stating the date of resumption.

(4) Before abandoning any workings connected with any shaft, adit, or open cut which, as a result of such abandonment, may become inaccessible, or in the event of complete abandonment of a mine in any case, the recorded owner shall notify the mining recorder on forms to be obtained from the Department and at least fifteen days before abandonment, unless such abandonment be due to accident, in which case the notice shall be sent at the first opportunity and the cause of the delay stated. The notice shall show:—

- (a) the reasons of abandonment;
- (b) the approximate position of any workings which have not been shown on the mine plans and the reason why this has not been done;
- (c) the amount of ore blocked out in the abandoned workings and the value per ton;
- (d) the state of natural ventilation of the mine;
- (e) the inflow of water and probable level to which it may rise;
- (f) how it is proposed to fence each opening which may be dangerous to people on the surface, such fencing to be of a character not deteriorating rapidly;
- (g) in the case of complete abandonment, the mine plans, notes, etc., must accompany this form, or it must be stated, in the event of their requiring time to complete, how soon they will be sent.

MISCELLANEOUS

126. Except as provided in section 9 of these regulations no person shall throw or dump earth, clay, stones or other material upon any mineral claim of which he is not the recorded owner or cause or allow water to be pumped or baled from his own claim onto the claim of another without the consent of the recorded owner.

127. Nothing herein contained shall, save where such intention is expressly stated, be so construed as to affect prejudicially any mining rights and interests acquired prior to the passing of these regulations, and all mining rights and privileges heretofore and hereunder acquired shall, without the same being expressly stated, be deemed to be taken and held subject to the rights of His Majesty, his heirs and successors, and to the public rights of way and water.

28. Affidavits and declarations made under the provisions of these regulations may be made before mining recorder, a sub-recorder, an emergency recorder or any person duly authorized to administer an oath.

9. Any person designated by the Director shall have the right to enter into or upon and examine a mineral claim or mine within the meaning of these regulations. At any such examination the Director conducting the same may institute such inquiry as he sees fit, and the recorded owner or his agent shall reply to any questions fully and to the best of his ability.

10. (1) Nothing herein contained shall be construed to limit the right of the proper authorities to lay out from time to time public roads across, through, over, or under any ditch, mill-site, water right, or mineral claim.

(2) The Director may from time to time grant authority to lay out rights-of-way for electrical transmission lines across, through, along, over or under any mining property acquired under the provisions of these regulations, together with full right of entry upon such mining property, or such portion thereof as the Director may deem necessary for construction, maintenance, and repair of such electrical transmission lines, subject to full compensation being made to the owner of the mining property for any damage or loss which he may sustain by reason of such entry, such compensation in case of dispute to be determined by a Stipendiary Magistrate of the Northwest Territories.

11. Nothing herein contained shall affect any action pending at the time these regulations may become effective. Any person, however, who may

have staked out a mineral claim or claims as nearly in accordance with the provisions of any former regulations as circumstances would admit, and who may have submitted application for entry of such claim or claims within the prescribed delay, but who may not yet have received such entry, may be granted entry for such claim or claims under the provisions of these regulations, if it can be shown to the satisfaction of the mining recorder for the district that a bona fide attempt was made to comply with the regulations at the time in force, and that the non-observance of any of the prescribed formalities was not of a character calculated to mislead others, and subject also to compliance within a reasonable period with such of the additional requirements of these regulations as the mining recorder for the district may consider necessary.

132. Every licensee who stakes out and records a mineral claim on his own licence shall be given by the mining recorder two free assay coupons upon the recording of the claim and two additional free assay coupons upon the recording of each year's representation work in connection with the claim thereafter. Provided such licensee shall forward to the Director, with charges prepaid, samples from the mineral claim together with the required number of coupons obtained in the manner set forth herein, he shall be entitled to have such samples assayed, without charge, to the following extent: For one coupon, one assay for any ONE of the metals, gold, silver, copper, lead or iron; for two coupons, one assay for any ONE of the metals, nickel, zinc, tin, cobalt or tungsten. The assay results shall not be used for advertising purposes in any manner or form whatsoever.

SCHEDULE OF FEES

- | | |
|--|----------|
| 1. For a miner's licence or renewal thereof for an individual..... | \$ 5.00 |
| 2. For an individual miner's licence issued on or after the 1st October in any year | 3.00 |
| 3. For renewal of a miner's licence of a mining partnership having not more than two partners | 5.00 |
| 4. For renewal of a miner's licence of a mining partnership having more than two but not more than five partners | 10.00 |
| 5. For renewal of a miner's licence of a mining partnership having more than five partners | 20.00 |
| 6. The fee for a miner's licence or renewal thereof for an incorporated company shall be based on the total value of all authorized shares of the company according to the following scale, provided, however, that in no case shall the value of any share having a par value be considered to be less than its par value, nor shall the value of any no-par value be considered to be less than one dollar (\$1.00) :— | |
| (a) Where the total value of all authorized shares of the company does not exceed \$40,000, the fee shall be..... | 25.00 |
| (b) Where the total value of all authorized shares of the company exceeds \$40,000 but does not exceed \$100,000, the fee shall be..... | 50.00 |
| (c) Where the total value of all authorized shares of the company exceeds \$100,000 but does not exceed \$500,000, the fee shall be..... | 75.00 |
| (d) Where the total value of all authorized shares of the company exceeds \$500,000 but does not exceed \$1,000,000, the fee shall be..... | 100.00 |
| (e) Where the total value of all authorized shares exceeds \$1,000,000 but does not exceed \$10,000,000, for each million dollars value, or fraction thereof, the fee shall be | 100.00 |
| (f) Where the total value of all authorized shares exceeds \$10,000,000, the fee shall be | 1,000.00 |

Provided that in cases where the licence fee, as calculated above would be in excess of one hundred dollars (\$100.00) and it is by affidavit of the president or secretary of the company proved to the satisfaction of the Minister that a part of the capital of the company is being used in other business enterprises and not in mining on Dominion lands in the North-west Territories, such part may be deducted from such total value for the purpose of fixing the fee but not so as to reduce the fee for licence or renewal thereof below \$100.00. Full information must be supplied in the affidavit of the president or secretary with regard to the name, nature and location of, and the amount of capital in each of the other enterprises referred to in this paragraph for which a deduction is claimed.

If the market value of a par value share of a company exceeds its par value, or if the market value of a no-par value share exceeds one dollar (\$1.00), the market value of all the shares of a company exceeding par value in the case of par value shares, or one dollar (\$1.00) in the case of no-par value shares at the time of application for a licence or renewal thereof, shall be considered as the value of those shares in ascertaining the total value of the authorized shares of the company for the purpose of fixing the fee for licence or renewal thereof.

- 7. Whenever a miner's licence for a company is issued on or after the 1st October in any year, the fee shall be only one-half the amount above specified.

P.C. 5268
AT THE GOVERNMENT HOUSE AT OTTAWA
TUESDAY, the 23rd day of December, 1947.
PRESENT:
HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

- 1. The Regulations governing Placer Mining in Manitoba, Saskatchewan, Alberta, and the Northwest Territories of Canada, established by Order in Council P.C. 158, dated the 8th February, 1909, as amended, are hereby revoked; and
- 2. The attached "Regulations governing Placer Mining in the Northwest Territories of Canada," are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
Clerk of the Privy Council.

REGULATIONS GOVERNING PLACER
MINING IN THE NORTHWEST
TERRITORIES OF CANADA

Interpretation

- 1. These regulations may be cited as The Northwest Territories Placer Mining Regulations.
- 2. In these regulations, unless the context otherwise requires:
 - (a) "base line" of a creek or river means a traverse line following the general direction of the centre bottom lands of the valley of the creek or river, surveyed and established under the direction and with the approval of the Director;
 - (b) "claim" means any parcel of land located or granted for placer mining under these regulations;
 - (c) "creek" means and includes all natural water-courses, whether usually containing water or not; and that portion of any stream below the point where the same enters the valley of the parent stream; but does not include streams which may be considered rivers under the provisions of the dredging regulations, that is, streams having an average width of one hundred and fifty feet or more;

- (d) "Department" means the Department of Mines and Resources;
- (e) "Director" means Director of Lands and Development Services Branch;
- (f) "ditch" includes flume, pipe, race or other artificial means of conducting water by its own weight, to be used for mining purposes;
- (g) "legal post" means a stake having a diameter throughout of not less than five inches, standing not less than four feet above the ground and flatted on two sides for at least one foot from the top, each of the sides so flatted measuring at least four inches across the face, and includes also any stump or tree cut off and flatted or faced to the aforesaid height and size;
- (h) "mine" means any natural stratum or bed of earth, soil, gravel or cement, mined for gold or other precious minerals or stones;
- (i) "mining" or "placer mining" includes every mode and method of working whatsoever whereby earth, soil, gravel or cement may be removed, washed, sifted or refined or otherwise dealt with, for the purpose of obtaining gold or such other minerals or stones, but does not include the working of rock in place;
- (j) "Mining Recorder" means the Agent of Dominion Lands for a district, or other officer appointed by the government for the particular purpose referred to;
- (k) "mining property" includes besides claims, all other things belonging thereto or used in the working thereof for mining purposes;
- (l) "Minister" means the Minister of Mines and Resources of Canada;
- (m) "river" means a stream of water having an average general width of at least one hundred feet at the low water stage thereof.

3. These regulations are subject to such other provisions or regulations as may be made by or under the Dominion Lands Act or under any other Act which appear to be necessary or expedient in the public interest governing the development and operation of any mineral claim or mine acquired under these regulations in which minerals containing radio-active elements occur, and also to such regulations as may be made governing the production, conservation and control of such minerals.

4. Nothing herein contained shall be construed to limit the right of the proper authorities, from time to time, to lay out public roads across, through or along any claims without compensation.

Mining Officials

5. Every mining recorder shall keep the following books to be used for placer mining entries:—

- (a) Record of applications;
- (b) Record of refused applications;
- (c) Record book;
- (d) Record of documents received.

6. Every entry made in any of the mining recorder's books shall show the date upon which such entry is made.

7. All books of record and documents filed shall, during office hours be open to public inspection upon payment of a fee of ten cents in connection with each claim searched.

8. Every copy of, or extract from, any entry in any of the said books, or of any document filed in the mining recorder's office, certified by the mining recorder to be a true copy or extract, shall be received in any court as evidence of the matters therein contained.

9. Before issuing any grant, or making any entry in any book of record, or filing any document, or making any copy or extract therefrom, the mining recorder shall collect the fees payable in respect thereof, as set out in Schedule D to these regulations.

10. The mining recorder shall receive all deposits of money directed to be made with him.

11. A statement of the grants issued and fees collected shall be rendered by the mining recorder at least every month, and such statement shall be accompanied by the amount collected, or, if the money has been deposited to the credit of the Receiver General, by the deposit receipts.

12. The mining recorder may summarily order any mining works to be so carried on as not to interfere with or endanger the safety of the public or any employee of such mining works, or any public work or highway, or any mining property, mineral claim, drain or flume; and any abandoned works may, by his order, be either filled up or guarded to his satisfaction. This provision, however, is not intended in any way to limit or interfere with the authority of the Commissioner in Council of the Northwest Territories to regulate the working of mines within the Northwest Territories.

Right to Acquire Claims

13. Any person eighteen years of age, and over, may enter for mining purposes, locate, prospect and mine for minerals upon any lands the right to which entry, prospecting and mining is vested in or reserved to the Crown, except lands within any local administrative district or settlement, or lands occupied by a building, or within the curtilage of a dwelling house, or lands lawfully occupied for placer mining purposes, or which form part of an Indian or other reservation or National Park.

14. No person shall enter for mining purposes, or shall mine upon lands owned or lawfully occupied by another until he has given adequate security to the satisfaction of the mining recorder, for any loss or damage which may be thereby caused, and persons so entering or mining upon any such lands shall make full compensation to the owner or occupant of such lands for any loss or damage so caused, such compensation, in case of dispute, to be determined by a court having jurisdiction in mining disputes.

Size, Form and other Particulars of Claims

15. Claims shall be designated creek claims, river claims, and inland claims, that is claims situated elsewhere than on a creek or river.

16. (1) A creek claim shall not exceed 500 feet in length, measured along the base line of the creek, established or to be established by a government survey.

(2) Every creek claim shall be as nearly as possible rectangular in form, and shall be marked by two legal posts firmly fixed in the ground on the base line at each end of the claim. In the event of the base line not being established, the claim may

be staked along the general direction of the valley of the creek, but in such case, when the base line is established, the boundaries thereby defined shall be conformed to.

17. The rear boundaries of the claim shall be parallel to the base line and shall be defined by measuring 1,000 feet on each side of such base line, so that the claim shall include the bed of the creek and a tract extending for 1,000 feet on each side of the base line thereof.

18. The official survey which establishes the base line of a creek shall, at the same time, establish the side lines of claims located on the creek, and shall be a final determination of the location of such base line and side lines.

19. A river claim shall be situated on one side of the river only, and shall not exceed 1,000 feet in length measured in the general direction of the river. The rear boundary of the claim, which runs in the general direction of the river, shall be defined by measuring 1,000 feet from low water mark of the river.

20. Every river claim shall be as nearly as possible rectangular in form, and shall be marked by two legal posts firmly fixed in the ground at each end of the claim on the margin of the river.

21. Inland claims, that is claims situated elsewhere than on a creek or river, shall not exceed 1,000 feet in length by 1,000 feet.

(2) If such claims, however, front towards a creek or river they shall be staked as nearly as possible in the general direction of the valley of the creek or river towards which they front.

22. Inland claims shall be as nearly as possible rectangular in form, and shall be marked by two legal posts firmly fixed in the ground in a line parallel, and on the side nearest to the creek or river towards which they may front.

23. All claims shall be measured horizontally irrespective of inequalities on the surface of the ground.

24. The line between the two posts shall be well cut out so that one post may, if the nature of the surface will permit, be seen from the other.

25. One of the flatted sides of each post shall face the claim, and on each post shall be written on the side facing the claim a legible notice stating the name or number of the claim, or both if possible, its length in feet, the date when staked, and the full Christian and surname of the locator.

26. The posts shall be numbered 1 and 2 respectively and it shall not be lawful to move them except that No. 2 may be moved by a Dominion land surveyor, if the distance between the posts exceeds the length prescribed by these regulations, but not otherwise.

27. Notwithstanding anything herein contained failure on the part of a locator of a claim to comply with any of the foregoing provisions, shall not be deemed to invalidate his location, if, upon the facts, it appears to the satisfaction of the mining recorder that there has been on the part of the locator a *bona fide* attempt to comply with the provisions of these regulations, and that the non-observance of the formalities hereinbefore referred to is not of a character calculated to mislead other persons desiring to locate claims in the vicinity.

28. Any person or party of persons locating under these regulations the first creek claim on any stream or watercourse, or locating a creek claim on any

stream upon which there is no recorded claim, shall be entitled to a claim or claims respectively of the following size, namely:—

One locator, one claim, fifteen hundred feet in length.

A party of two locators, two claims each one thousand two hundred and fifty feet in length.

A party of more than two locators, two claims, each one thousand feet in length, and for each member of the party beyond two, a claim of the ordinary size only.

(2) Any person or party of persons locating under these regulations the first river or inland claim on any river, hill, bench, bar or plain, or locating such a claim on any river, hill, bench, bar or plain upon which there is no recorded claim, shall be entitled to a claim or claims respectively of the following size, namely:

One locator, one claim, three thousand feet in length.

A party of two locators, two claims, each two thousand five hundred feet in length.

A party of more than two locators, two claims, each two thousand feet in length, and for each member of the party beyond two a claim of the ordinary size only.

29. The boundaries of any claim for which a grant has been issued may, by order of the mining recorder, upon application by the owner thereof, be enlarged to the size of the claim allowed by these regulations, if such enlargement will not interfere with any mining property owned by any other person.

Locating and Recording

30. The forms of application for grant, of grant and of renewal of grant of a claim shall be those contained respectively in Schedules A, B and C to these regulations.

31. (1) An application for a grant of a claim shall be filed with the mining recorder within ten days after the location thereof, if it is located within ten miles of the mining recorder's office.

(2) One extra day shall be allowed for every additional ten miles or fraction thereof.

32. No grant shall be issued by a mining recorder for a part of a claim which is already recorded.

33. The location of a claim on Sunday or any public holiday shall not for that reason be invalid.

34. In the event of the claim being more than one hundred miles, by travelled route, from the mining recorder's office, and situated in an area where other claims are being located, the locators, not less than five (5) in number, are authorized to meet in such area and appoint one of their number an "emergency recorder." Where a claim is recorded with an emergency recorder as provided in the next succeeding section, the application for a record of such claim shall be made to the emergency recorder within seven days after the date of the staking of such claim.

35. (1) The emergency recorder shall at the earliest possible date after his appointment notify the mining recorder for the district in which the claims are, of such appointment, and he shall deliver personally or otherwise to such mining recorder the applications he may have received for mineral claims and the fees which he may have collected for recording the

same. The mining recorder shall then grant to each person from whom the emergency recorder has accepted an application in the form set out in Schedule A and the fee, a grant for his claim in the form set out in Schedule B of these regulations, the grant to date from the day the emergency recorder accepted the application and fee. If the emergency recorder fails within four months to notify the mining recorder of his appointment and to deliver to him personally or otherwise, the applications received and the fees collected, the grants for such claims may be refused in the discretion of the Director. The emergency recorder shall note on each application the date upon which such application was received by him and the amount of fees paid in respect thereto.

(2) The emergency recorder who, while acting as such, has staked a claim in the vicinity of claims staked by the persons who appoint him an emergency recorder may record the mineral claim so staked by him at any time within the period in which he is required to deliver to the mining recorder his appointment and the applications received by him from such persons.

36. Any person upon satisfying a mining recorder that he is about to undertake a bona fide prospecting trip, may, upon payment of a fee of \$2, receive written permission from the mining recorder, allowing him to record a claim within his mining district at any time within a period not exceeding six months from the date of his staking such claim.

37. No application shall be received for a claim which has not been staked by the application in person in the manner specified in these regulations, provided that if any person satisfies the mining recorder that he is about to undertake a bona fide prospecting trip, and files with the mining recorder a power of attorney, from any number of persons, not exceeding two, authorizing him to stake claims for them in consideration of their having enabled him to undertake the trip, he may stake one claim of the ordinary size in the name of each such person within the valley or basin of any creek or river upon which he makes a discovery.

38. As soon as reasonably possible after the recording of the mineral claim, the holder of the claim shall affix or cause to be affixed securely to each of the corner posts of the said claim, a metal tag plainly marked or impressed with the recorded number and letter or letters, if any, of the claim, and in default the claim may be cancelled by the mining recorder on the application of anyone misled by the lack of such tags. The mining recorder, on application shall supply such numbered tags free of charge.

39. (1) A person holding a grant of a claim, may, at any time abandon the claim, by giving notice in writing of his intention to do so to the mining recorder and surrendering his grant to the mining recorder, and thereafter he shall not personally or through any other person relocate the same claim.

(2) No claim shall be relocated within thirty days of its being so abandoned, nor until after notice of such abandonment has been posted up for at least a week in a conspicuous place on the claim and in the office of the mining recorder, nor until a statutory declaration has been filed with the mining recorder that the notices have been so posted.

40. Any person having recorded a claim shall not have the right to locate another claim within the valley or basin of the same creek or river within sixty days of the date on which he has located the said claim.

41. During the absence of the mining recorder from his office, an application for a claim may be received by any person whom he may appoint to perform his duties in his absence.

42. (1) No person shall move any legal post of a placer claim whether such claim is in good standing or otherwise.

(2) No person shall deface or alter in any manner the notices or markings on any legal post of a placer claim whether such claim is in good standing or otherwise.

Title

43. (1) Any person having duly located a claim may obtain a grant thereof for one year by paying to the mining recorder, in advance, the fees prescribed in Schedule D to these regulations.

(2) Such person shall, upon receiving such grant, be entitled to hold the claim for the period mentioned therein, with the absolute right of renewal from year to year thereafter upon payment of the renewal fee prescribed in said schedule, provided such person during each year of the said period, and during each year for which such renewal is granted, does, or causes to be done, work on the claim to the value of one hundred dollars, in accordance with a schedule to be prepared by the mining recorder and approved by the Director and filed within one month after the date of the expiration of the said period or renewal thereof, with the mining recorder or his agent, an affidavit made by him or his agent, stating that such work has been done, and setting out a detailed statement thereof.

(3) Any such work done outside of a claim with intent to work the claim shall be deemed, if it has direct relation to the claim, and if it is to the satisfaction of the mining recorder, to be work done on the claim for the purpose of this section.

44. (1) In the event of the work referred to in the last preceding section not being done as therein provided, the title of the owner to the claim shall thereupon become absolutely forfeited and the claim shall forthwith be open for relocation without any declaration of cancellation or forfeiture on the part of the Crown.

(2) The Director may grant an extension of time for periods up to one year for the performance of the representation work prescribed by Section forty-three of these regulations provided (a) that reasons in justification of the extension of time satisfactory to the mining recorder are submitted by the recorded owner of a claim, (b) that a fee of \$5.00 is tendered for each claim affected.

45. If the owner of a claim has done the required work thereon, but has failed to renew his grant thereof, the mining recorder may issue a grant to any person relocating such claim; provided that the owner may, within six months after the date at which his grant came due for renewal, apply for the cancellation of any grant so issued, and the latter grant shall be cancelled upon its being proved to the satisfaction of the mining recorder that the required work was done by said owner, and upon the said owner paying a renewal fee of fifteen dollars, if the application is made during the first three months, or a fee of thirty dollars, if the application is made during the second three months, and also paying the expenses to which the relocater may have been put in locating and applying for the said claim and obtaining a grant thereof, and compensation for any bona fide work that he may have performed thereon, less the reasonable value of any mineral which he may have taken out.

46. If two or more persons own a claim, each such person shall contribute, proportionately to his interest, to the work required to be done thereon, and in the event of its being proved to the mining recorder, after notice of hearing has been served as directed on all parties interested, that any co-owner has not done so, his interest may become vested by order of the mining recorder, in the other co-owner or co-owners in proportion to their respective interests.

47. (1) The owner of a claim may sell, mortgage or dispose of it, provided the instrument showing such disposal is deposited in duplicate with the mining recorder.

(2) The mining recorder shall, upon such deposit, register the instrument and return to the assignee one of the duplicates with a certificate endorsed thereon that the instrument has been recorded in his office, and retain the other.

48. No agreement affecting the title to any claim, or to any interest therein, shall be enforceable against any person without notice, unless such agreement or some memorandum thereof is in writing, duly signed, and is recorded in the office of the mining recorder.

49. Every person receiving a grant of a claim, or the permission to record a claim within the period not exceeding six months hereinbefore authorized may, during the continuance of his grant or permission, cut timber, not otherwise acquired, for his own use and for any purpose incidental and necessary to the operation of his claim; and shall also have the exclusive right to enter upon his claim for the miner-like working thereof and the construction of a residence thereon, and shall be entitled to all the proceeds realized therefrom; provided that the mining recorder may grant to the holders of other claims such rights of entry thereon as may be absolutely necessary for the working of their claims, upon such terms as to him seem reasonable.

50. (1) No person shall suffer from any omission, delay or improper act on the part of any government official.

(2) The Minister may make such order as he may deem necessary to remedy any injury caused by any such omission, delay or improper act.

51. Whenever, through the acts or defaults of any person other than the recorded owner of a claim, or his agent by him duly authorized, the evidence of the location or record on the ground or the situation of the claim has been destroyed, lost or effaced, or is difficult of ascertainment, effect shall nevertheless be given to the location as far as possible, and the mining recorder may make all necessary inquiries, directions and references in the premises for the purposes of carrying out the object of such location and vesting title in such owner.

Grouping

52. (1) Upon application being made to him by the owner, or owners, of adjoining claims, which claims do not exceed ten in number, the mining recorder may grant permission for a term not exceeding five years to such owner, or owners, to perform on any one or more of such claims all of the work required to entitle such owner or owners to a renewal grant for each of the same.

(2) Where such claims are recorded in the name of more than one owner, before said permission is granted, a partnership agreement creating a joint

and several liability on the part of all of the owners of said claims for the joint working of the same shall be executed by each of the said owners and filed with the mining recorder.

(3) Upon application being made to him for such permission with respect to more than ten adjoining placer mining claims, or any number of placer mining claims, some of which do not adjoin, by the owner or owners thereof the same may be granted by the Director for the period aforesaid if, upon report by the mining inspector, it is shown to the satisfaction of the Director that said claims are to be operated by a system of mining which has a direct bearing upon all of the claims affected, and renders a considerable area necessary to successful operation by the system proposed.

(4) Where such claims are recorded in the names of more than one owner, before such permission is granted, a partnership agreement, as provided by subsection two hereof, shall be executed and filed with the mining recorder.

(5) Such agreement shall state the address within the Northwest Territories at which the notice of cancellation, hereinafter rendered to, may be served upon the said partnership; service of such notice at which address shall be good and sufficient notice to all the parties to said partnership agreement and to all persons interested.

(6) Such permission, however, shall be subject to cancellation at any time by the Director after sixty days' notice to the persons interested, in case it appears from the report of the mining inspector or otherwise that the system of mining contemplated when such permission was granted is not being installed or operated with reasonable diligence.

53. (1) Grants of claims in respect of which such permission has been granted, and grants of any claims within a mining district, owned by one person, may be made renewable by the mining recorder on the same day.

(2) In granting the privilege allowed under this section the mining recorder shall charge the applicant one dollar and twenty-five cents for every three months or portion thereof for each claim during that portion of the year it is necessary to renew the same to make all the claims renewable on the same day, and the representation work required for the fractional portion of the year for which each claim is renewed shall be allowed at the rate of twenty-five dollars for each three months or fraction thereof, and said representation work shall be performed and recorded on or before the date from which all the claims are first made renewable.

Water Rights

54. Every person owning a claim shall be entitled to the seepage water on his claim and to the use of so much of the water naturally flowing through or past his claim, and not already lawfully appropriated, as, in the opinion of the mining recorder, is necessary for the due working thereof; and shall be entitled to drain his own claim free of charge.

55. A mining recorder may, upon application being made as hereinafter mentioned, grant to any person, who is the holder of a recorded interest in any mining ground, for any mining purpose on such ground, or for any purpose incidental thereto, for any term not exceeding five years, or in special cases for such longer term as may be determined, the right to divert or take, and use the water from any stream or lake, at any particular part thereof.

and the right of way through and entry upon any mining ground for the purpose of constructing and pairing ditches and flumes to convey such water.

56. (1) Every applicant for a water grant shall post or twenty days previous to the making of the application a notice in writing of his intention to apply to the mining recorder for such grant—

- (a) at the point of proposed diversion or taking;
 - (b) on the claim on which such water is intended to be used;
 - (c) on each claim or person's land to be crossed by the water in course of transit to the place of user; and
 - (d) in the office of the mining recorder;
- and shall forward a copy of such notice to the mining recorder.

(2) Such notice shall state—

- (a) the name of the applicant;
- (b) the name, or, if unnamed, a sufficient description of the stream, lake or other source from which water is intended to be diverted or taken;
- (c) the point of diversion or taking or intended ditchhead, and the point where the water is to be returned to the stream;
- (d) the means by which it is intended to divert or take, or to store the water;
- (e) the number of inches of water to be applied for;
- (f) the purposes for which it is required, stated with reasonable particularity;
- (g) the claim upon which the water is to be used; and,
- (h) the date of the posting of the notice, and the date on which application will be made to the mining recorder for the granting of the record.

57. On the day mentioned in the notice of application or at a subsequent day and time to be fixed by the mining recorder, as the case may be, application shall be made by or on behalf of the applicant, either by attendance in person or by agent, in writing, for a grant in accordance with the terms of the notice.

58. The mining recorder shall, at such day and time, proceed to adjudicate upon the application, and may, upon proof to his satisfaction that the applicant is the holder of a recorded interest in the mining ground upon which the water is to be used; the publication of notice in manner aforesaid; the ability of the applicant to construct the necessary works; of the right of the applicant to apply for a record under the foregoing provisions of these regulations or any of them; and of the volume of unrecorded water available for diversion, having regard to existing rights and records whether held by land owners or mine owners, and to pending applications, issue to the applicant a grant, in the form in Schedule E to these regulations, of such amount of water and for such purposes as, in the discretion of the mining recorder, are reasonably required by the applicant for the purposes specified in his notice of application.

59. The mining recorder may adjourn such adjudication from time to time as circumstances render expedient, and may take evidence by statutory declaration or otherwise, and hear all parties whose rights are or may be affected by the application.

60. The holder of a water grant shall take all reasonable means for utilizing the water granted

to him; and if he wilfully wastes any water or takes a quantity of water in excess of his actual requirements, or has worked out or abandoned the claim or claims with respect to which the water grant was issued, the mining recorder may cancel or reduce the grant, or impose such conditions as he thinks proper.

61. Every grant of water on an occupied creek shall be subject to the rights of such claim owners as shall, at the time of such grant, be working on the stream above or below the ditchhead, and of any other persons lawfully using such water for any purpose whatsoever.

62. If, after a grant has been made, any person or persons locate and *bona fide* work any claim or claims below the ditchhead on the stream affected by such grant, they shall collectively be entitled to the continuous flow in the said stream of the water passing such claim or claims to the following extent: if three hundred inches or less are diverted, they shall be entitled to forty inches and no more; if over three hundred are diverted, they shall be entitled to sixty inches, and no more, except, in either case, upon paying to the owner of the ditch, and all other persons interested therein, compensation equal to the amount of damage sustained by the continuous flow of such extra quantity of water as is desired; and in computing such damage the loss sustained by the owners of such claims using water from the ditch and all other reasonable losses shall be considered.

63. In measuring water in any ditch or sluice, the following rules shall be observed:—

- (a) The water taken into a ditch or sluice shall be measured at the ditch or sluicehead;
- (b) No water shall be taken into a ditch or sluice except in a trough placed horizontally at the place at which the water enters it;
- (c) One inch of water shall mean half the quantity that will pass through an orifice two inches high by one inch wide with a constant head of seven inches above the upper side of the orifice;
- (d) A sluice head shall consist of fifty such inches of water.

64. The owner of any ditch, water privilege or claim shall, at his own expense, construct, secure and maintain all culverts necessary for the passage of waste and superfluous water flowing through or over any such ditch, water privilege or claim.

65. The owner of any ditch or water privilege shall construct and secure the same in a proper and substantial manner, and maintain the same in good repair, to the satisfaction of the mining recorder, and so that no damage shall occur to any road or work in its vicinity from any part of the works of such ditch or water privilege.

66. The owner of any ditch or water privilege shall be liable for, and shall make good in such manner as the mining recorder determines, all damages which may be occasioned by or through any part of the works of the said ditch, water privilege, or right, breaking or being imperfect.

67. Failure to so construct, secure and maintain in good repair, the ditch or water privilege, or to make good any damages which may result from breakage or imperfection as above set out, shall render the water grant subject to cancellation in the discretion of the Minister of Mines and Resources.

68. Every grant of water obtained by the owner of a claim shall be deemed appurtenant to the claim in respect of which record is obtained; and all assignments, transfers or conveyances permitted by law of any claim, shall be construed to have conveyed and transferred, and to convey and transfer, any and all recorded water privileges appurtenant to the claim assigned, transferred or conveyed.

Drainage

69. The mining recorder may grant permission to run a drain or tunnel for drainage purposes through any occupied or unoccupied lands whether mineral or not, and may give exclusive rights of way through and entry upon any mining ground for any term not exceeding five years, for the purpose of constructing and maintaining drains for the drainage thereof.

70. (1) The grantee shall, if requested so to do, before entering upon any of the lands or claims of others for such purpose, give to the owners thereof adequate security for any damage they may sustain by reason of the construction of such tunnel or drain; and payment shall be made by him from time to time before the work is completed, of the compensation to which such owners are entitled; such compensation, if not agreed upon, to be settled by the board of arbitration hereinafter referred to, and to be paid before such drain or tunnel is completed.

(2) The Board of arbitrators shall be appointed as follows:—One arbitrator to be appointed by each of such owners, and in the event of the total number of arbitrators so appointed being an even number, then an additional arbitrator to be selected and appointed by all such arbitrators appointed by the owners.

(3) In the event of the arbitrators appointed by the owners being an even number and being unable to agree upon the additional arbitrator, the mining recorder, upon being requested so to do by such arbitrators, or by any of the interested owners, shall appoint the additional arbitrator.

71. Such drain or tunnel, when constructed, shall be deemed to be the property of the person by whom it has been constructed.

72. (1) Every application for a grant shall state the names of the applicants, the nature and extent of the proposed drain or drains, the amount of toll, if any, to be charged, and the privileges sought to be acquired, and shall, save where the drain is intended only for the drainage of the claim of the person constructing it, be accompanied by a deposit of twenty-five dollars, which shall be refunded if the application is refused, but not otherwise.

(2) Ten full days' notice shall be given of any such application to be made in June, July, August, September or October, and one month's notice of an application to be made in any other month, by affixing the notice to a post planted in some conspicuous part of the ground, and by affixing a copy thereof conspicuously upon the inner walls of the office of the mining recorder.

(3) Prior to such application, the ground included therein shall be marked out to the satisfaction of the mining recorder.

(4) Any person may, within the times hereinbefore prescribed for the notice of such application,

but not afterwards, protest before the mining recorder against such application being granted.

73. (1) The grant of the right of way to construct drains and tunnels shall be in the form F in the schedule hereto.

(2) The grant shall be registered by the grantee in the office of the mining recorder, to whom he shall at the time pay a fee of five dollars; or, if the grant gives power to collect tolls, a fee of forty dollars.

(3) An annual rent of ten dollars shall be paid, in advance, to the mining recorder by the grantee, for each quarter of a mile of right of way legally held by him, save where the drain is for the purpose of draining only the claim of the person constructing it.

Administration

74. If the owner of a claim dies, or is adjudged to be insane, the provisions as to abandonment shall not apply, in the one case, either during his last illness or after his decease, or in the other case, either after he has been so adjudged, or, if it appears that the neglect or omission on account or by reason of which such claim would otherwise have been deemed to be abandoned was attributable to his insanity, during such period prior to his having been so adjudged as he shall be shown to have been insane.

75. The Director may either cause the mining property of any such deceased or insane person to be worked in the usual manner, or he may authorize the working of such property to be dispensed with for such periods as the necessity of the case may in his opinion demand, and he may also, if he sees fit, and if there is no other legal representative, cause the property to be taken possession of and administered subject to the provisions of any law or ordinance respecting the administration of the estates of deceased or insane persons, in the province or territory in which such property may be situated.

76. All charges and expenses which may be incurred by any person acting under the instructions of the Director, in or about the working of such mining property, or in taking or keeping possession thereof, shall be and remain a first charge against the same, until duly paid.

77. Affidavits and declarations made under the provisions of these regulations may be made before a mining recorder, an emergency recorder, or any person duly authorized to administer an oath.

78. (1) On all gold recovered from claims located under the provisions of these regulations and shipped from the Northwest Territories there shall be levied and collected a royalty at the rate of one and one quarter per cent of its value, or at such rate as may be fixed by the Governor in Council from time to time.

(2) Gold upon which royalty shall be payable shall be gold dust as mined, or gold in the form of bars as presented for export.

(3) Such royalty shall be paid in currency to the Director or to some person authorized by him in that behalf.

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 31st day of December, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations governing the issue of permits to cut hay and the leasing of Crown Lands for grazing purposes in the Northwest Territories, approved by Order in Council P.C. 1336, dated June 29, 1922, are hereby revoked; and

2. The attached "Regulations governing the issue of permits to cut hay and the leasing of Dominion Lands for grazing in the Northwest Territories" are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,

2-4 Clerk of the Privy Council.

REGULATIONS GOVERNING THE ISSUE OF PERMITS TO
CUT HAY AND THE LEASING OF DOMINION LANDS
FOR GRAZING IN THE NORTHWEST TERRITORIES

Short Title

1. These regulations may be cited as the "Northwest Territories Hay and Grazing Regulations".

Interpretation

2. In these regulations, unless the context otherwise requires:

- (a) "Agent" means any person employed in connection with the administration, management, leasing, sale or settlement of Dominion Lands. "Local Agent" means the agent so employed with respect to the lands in a defined district.
- (b) "Department" means the Department of Mines and Resources.
- (c) "Director" means the Director of the Lands and Development Services Branch, Department of Mines and Resources.
- (d) "Dominion Lands" or "lands" or "land" means the lands of the Dominion of Canada in the Northwest Territories.
- (e) "Legal Post" means a stake or post of any kind of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground. The post must be of such diameter that when squared or faced for eighteen inches from the top end, each face of the squared or faced portion shall not be less than four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position, it may be made into a post by cutting the tree off not less than four feet from the ground, and squaring and facing the upper eighteen inches, each face of the portion so squared or faced to be not less than four inches in width. Whether a post is planted or a stump of a tree made into a post, a

mound of stones or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground and not less than eighteen inches high, coneshaped and well constructed.

- (f) "Minister" means the Minister of Mines and Resources.
- (g) "Timber Agent" means the local officer of the Department appointed to collect dues and to perform such other duties as are assigned to him in respect to the timber of Dominion Lands.

Permits to Cut Hay

3. The local Agent or any other officer authorized by the Minister may, subject to the provisions of these regulations:

- (a) issue a permit to a settler who is the owner of stock to cut hay on vacant Dominion lands, for his own use but not for barter or sale.
- (b) issue a permit to any person to cut hay on vacant Dominion lands for the purpose of sale.

4. No hay shall be cut on Dominion Lands prior to a date to be fixed each year by the local Agent.

5. (1) Applications from owners of stock to cut hay on vacant Dominion lands for their own use may be received and permits issued on and after the first day of May in each year.

(2) Applications to cut hay for sale, shall not be entertained by the local Agent prior to the 10th day of May in any year.

6. (1) A permit to a settler who is the owner of stock to cut hay for his own use, may be issued upon payment in advance of a permit fee of \$1.00 and twenty-five cents per ton for each ton of hay the applicant desires to cut.

(2) A permit to any person to cut hay for sale, may be issued upon payment in advance of a permit fee of \$1.00 and \$1.00 per ton for each ton of hay the applicant desires to cut, but shall only be issued after the local Agent is satisfied that the needs of stockowners in the district have been met.

7. (1) Each permit shall describe the lands upon which the permittee may cut hay.

(2) Hay when cut by a permittee or his servants or agents upon Dominion Lands specified in his permit and up to the amount of hay authorized therein, shall be the property of the permittee.

8. The holder of a hay permit who makes improvements on a hay meadow covered by his permit to the satisfaction of the local Agent, shall be given priority if he applies for a permit on such hay meadow from year to year, provided the land is available and he has complied with all the requirements of the regulations.

9. A Half-breed, Indian or Eskimo who is a resident of the Northwest Territories may upon application to the local Agent, be granted a free permit to cut hay for his own use, but in no case shall such person receive a permit for a greater amount of hay than five tons per head for the stock of which he is the sole owner.

10. (1) Upon expiration of his permit, the permittee shall return his permit to the local Agent with the affidavit on the back thereof properly completed,

if the permit has been lost, he shall complete an affidavit in the same form and forward it to the agent.

2) No permit shall be issued to an applicant, if he fails to comply with the provisions of the preceding sub-section.

1. No person shall cut hay on vacant Dominion lands without a permit.

Grazing

2. The Minister may lease such Dominion Lands in the Northwest Territories for grazing purposes, as he may consider suitable for the purpose.

3. A lease for grazing purposes, shall be in the form prescribed by the Minister and may contain such terms not inconsistent with the Dominion Lands Act and these regulations as he may prescribe.

4. The maximum area which may be leased to a person under the provisions of these regulations shall be 6,400 acres and no person shall be permitted to acquire by lease or leases, more than that area.

5. The rent to be charged for a grazing lease shall be not less than two cents per acre per annum, and shall be payable yearly in advance provided that the rent payable in any lease shall not be less than \$5.00 per annum.

6. A lease shall be for a term of not more than ten years, but the Minister may upon the written request of a lessee made within one month prior to the expiration of the term of the lease, grant him a renewal lease for a further term not exceeding ten years provided there shall not at the time of such request, be any breach or non-observance of any condition, proviso or stipulation of the lease then in force.

7. A lease for grazing purposes shall be subject to:

(a) a reservation to the Crown of all minerals which may be found to exist therein, upon or under such lands, together with full power to prospect and work the same, and for that purpose to enter upon, use and occupy the said land, or so much thereof and to such extent as may be necessary for the effective working of such minerals and access to the same.

(b) a reservation to the Crown of all timber which may be upon the lands and the Timber Agent may grant timber permits under the provisions of the regulations in that respect, to cut and remove timber which may be found within the limits of the leasehold, subject to such conditions for the protection of the interests of the lessee as the Timber Agent may deem proper.

(c) a reservation of the right to enter upon, work and remove any rock outcrop required for public purposes.

(d) a reservation of such right or rights of way and of entry as may be required under any regulation in force in connection with the construction, maintenance and use of works for the conveyance of water for use in mining operations.

(e) a reservation of the right to enter upon the land for the purpose of installing and maintaining any public utility, public service or electric transmission line, found to be necessary by the Minister.

18. It shall be lawful for the Director or any person thereunto authorized by him, at all reasonable times during the currency of a lease, to enter upon the land to examine the condition thereof.

19. If the land described in a lease is not used for grazing purposes, or if the rent or any part thereof shall be unpaid for ninety days after becoming payable (whether demanded or not), or if any covenant, proviso, stipulation or condition in the lease or these regulations is not performed or observed, the Minister may by notice in writing, cancel the lease and thereupon all benefits, rights and privileges granted to the lessee shall absolutely cease and determine and be at an end without any suit or legal proceedings provided that nothing in this section shall prejudice the rights of the Minister to collect all arrears of rent or any remedy he may have for the recovery of such arrears.

20. No acceptance of rent subsequent to any breach or default, other than non-payment of rent, nor any condoning, excusing or overlooking by the Minister on previous occasions of breaches or defaults similar to that for which a cancellation of a lease may be effected, shall be taken to operate as a waiver nor in any way to defect or affect the rights of the Minister under these regulations.

21. If a lease is granted through any error or through misrepresentation, the Minister may cancel the lease and refund any money paid by the applicant.

22. The Minister may at any time during the term of a lease, by giving six months' notice in writing to the lessee, withdraw any portion of the land from the operation of the lease or cancel the same and in either event, the lessee shall not be entitled to any damages or compensation on account of such withdrawal or termination other than a proportionate reduction or rebate of the annual rental.

23. (1) If a lease is cancelled or expires or any portion of the land is withdrawn from the lease, the lessee shall, provided there are no arrears of rent or taxes, have the right to remove within three months, any improvements owned by him which may be on the leasehold at the time his lease is cancelled or expires, or a portion thereof is withdrawn from the lease.

(2) If the lessee does not remove his improvements before the land is again disposed of, the local Agent or other officer of the Department shall make an appraisal of the improvements which have been left on the land by the lessee and the Minister may direct the sale of same by auction or private sale.

(3) Out of any money realized by the sale, the Minister may, after deducting any expenses of sale and any arrears of rent and taxes, pay to the former lessee, the balance realized from the sale of the improvements.

24. (1) Any person who desires to lease Dominion Lands for grazing purposes, shall make application to the local Agent.

(2) If the lands are not surveyed, application shall be made not later than thirty days after the land has been staked with legal posts. The application shall be in duplicate and shall be accompanied by an application fee of \$5.00 which will be returned to the applicant if the application is not granted, but not otherwise. The application shall contain a description by metes and bounds of the location applied for and shall be accompanied by a sketch in duplicate, showing the position of such location.

in its relation to some prominent topographical feature, surveyed line or other known point. The sketch shall contain sufficient data to admit of the position of the location applied for, being definitely shown in the records of the Department.

(3) The application shall show:

- (a) if the lands or any part thereof have been improved or are occupied.
- (b) the character of the improvements, if any.
- (c) by whom the land is occupied and the purpose of the occupation.

(4) The location applied for, shall not exceed four miles in its greatest dimension, nor shall the length of the location exceed three times the breadth thereof; except where a location is on a lake, river or stream, in which case the frontage (or breadth) on the stream shall not exceed one and one-half miles nor shall the length (or depth) in this case be more than four times the breadth.

(5) The local Agent upon being satisfied that the land is available and suitable for grazing purposes and that the sketch and statements contained in the application are in order, shall forward the documents to the Department.

25. The lessee shall not, during the term of the lease, use or allow to be used any part of the lands and premises demised for any purpose other than grazing purposes.

26. The lessee shall not permit any livestock other than his own to graze on the area covered by his lease.

27. (1) During each of the first three years of his lease, the lessee shall place on the land leased to him, not less than one horse, or one head of cattle or five sheep, over the age of one year, for every ninety acres leased to him.

(2) During each year after the first three years of his lease, the lessee shall have and maintain not less than one horse or one head of cattle or five sheep over the age of one year, for every thirty acres leased to him, provided however, that if upon inspection, it is found that the land described in the lease will support more livestock than the number specified, the Minister may require the lessee to place and maintain additional livestock thereon.

28. The lessee shall, within one year from the date of the execution of the lease by the Department, furnish a statutory declaration showing that he is owner of and has the required number of stock on the leasehold, and thereafter, shall furnish a statutory declaration to the Department on the 1st day of July in each year, or at such other times as the Department may require, showing the number of livestock on the leasehold.

29. The lessee shall be entitled to the hay on the property comprised in his lease, but shall not sell or barter the same unless he has obtained a permit issued under the provisions of these regulations.

30. The lessee may cultivate any portion of his leasehold for the purpose of growing winter feed for his stock, but shall not have the right to dispose of any such feed by barter or sale.

31. (1) The lessee shall not assign or transfer the rights described in his lease or any portion thereof, without the permission of the Minister being first had and obtained. A lessee desiring to assign his lease shall pay all outstanding rental and furnish the Department with a properly ex-

ecuted, unconditional assignment in duplicate, of the lease, a registration fee of \$3.00 and evidence from the proper official of a local authority, if any, that all taxes on the lands covered by the assignment have been paid. In no case, however, shall a lessee be allowed to assign or transfer unless he has placed at least one-half the required number of stock on the leasehold, which stock shall be his own property.

(2) The lessee shall not sublet the rights described in his lease or any portion thereof.

32. Any notice affecting a lease shall be valid if signed by the Director or the local Agent and shall be sufficiently served on the lessee if left addressed to him at the demised premises or posted addressed to him at his last known address or left at the said address. A notice sent by post, shall be deemed to be given at the time when in due course of post, it would be delivered at the address to which it is sent.

P.C. 4685

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 19th day of November, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, R.S.C. 1927, is pleased to order as follows:

1. The Regulations for the Leasing and Administration of Lands containing Limestone, Granite, Slate, Marble, Gypsum, Marl, Gravel, Sand, Clay, Volcanic Ash, or any building stone in the Province of Manitoba, Saskatchewan and Alberta and the Northwest Territories, within twenty miles on either side of the Main Line of the Canadian Pacific Railway, in the Province of British Columbia, in the tract of three and one-half ($3\frac{1}{2}$) million acres acquired by the Government of the Dominion from the Province of British Columbia, and referred to in subsection (b) of section three of the Dominion Lands Act, made by Order in Council P.C. 933, of May 13, 1910 and re-established by Order in Council P.C. 1791 of August 16, 1911, as amended, are hereby revoked; and

2. The attached Regulations for the Leasing and Administration of Lands, the Property of the Crown, containing Limestone, Granite, Slate, Marble, Gypsum, Marl, Gravel, Sand, Clay, Volcanic Ash, or any building stone in the Northwest Territories, are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,

3-4 Clerk of the Privy Council.

REGULATIONS FOR THE LEASING AND ADMINISTRATION OF LANDS, THE PROPERTY OF THE CROWN, CONTAINING LIMESTONE, GRANITE, SLATE, MARBLE, GYPSUM, MARL, GRAVEL, SAND, CLAY, VOLCANIC ASH, OR ANY BUILDING STONE, IN THE NORTHWEST TERRITORIES

1. These Regulations may be cited as The Quarrying Regulations.

2. In these Regulations:

- (a) "Department" means the Department of Mines and Resources.
- (b) "Locator" means the person who locates or stakes a quarrying location in the manner prescribed in these regulations.

- (c) "Minister" means the Minister of Mines and Resources.
- (d) "Quarrying Location" means a tract of Dominion land containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone.

(e) "Year" means a period of twelve calendar months.

3. Dominion lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone, in the Northwest Territories, may be leased to any person by the Minister at an annual rental of one dollar (\$1.00) per acre payable yearly in advance, for the purpose of quarrying out and removing therefrom stone or other material mentioned herein:

Provided that no lease for a quarrying location shall convey any right to salt, coal, petroleum, natural gas, gold, silver, copper, iron, or other minerals, within or under the land covered by the lease, or any exclusive right or other property or interest in, or any exclusive right or privilege with respect to any lake, river, spring, stream or other body of water within or bordering on or passing through the land covered by the lease:

And provided further that these regulations shall not apply to School Lands, or to any lands comprised within a National Park of Canada, or land reserved by Parliament or by Order of the Governor in Council, or Minister.

4. The term of the lease shall be twenty-one years renewable for a further period of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operating of quarrying locations which may have been made from time to time by the Governor in Council.

5. (1) Except as provided in this section no person shall be allowed to locate more than one quarrying location:

Provided that a person who has been granted a lease for a location, and who subsequently abandons the same, may after the expiration of twelve months from the date of the said lease, be permitted to make another location:

Provided, further, however, that such right of location shall not be granted unless all payments on account of rent, or other liability to the Department, due by such person, have been fully made, up to the date of registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

(2) More than one location may also be acquired under the provisions of these regulations by any Local Administrative District requiring the material described in the application for the construction and maintenance of works or improvements in such district, and personal application for such locations may be made on behalf of the Local Administrative District by any of its responsible officers; provided that a Local Administrative District, acquiring by application under these regulations more than one lease, shall not be at liberty to sell or otherwise dispose of any of the material taken out under the authority of such leases, and it will be necessary to furnish the department with a statement, made under affidavit, on the 1st of November in each year, showing the quantities of material taken out during

the year, the lands from which such material has been taken, and a declaration to the effect that no portion of the material so taken out was sold, or otherwise disposed of. Failure to comply with this provision of the regulations will render the leases subject to cancellation in the discretion of the Minister.

6. Application for a quarrying location shall be filed by the locator in person with the Agent of Dominion Lands for the district in which the location is situated, within thirty days from the date upon which the location applied for was staked in accordance with section eight of these regulations. If, however, the location is situated more than one hundred miles by travelled route from the office of the Agent of Dominion Lands, the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of one hundred miles. If the application is not filed within the time prescribed, it shall not be considered.

7. (1) Application for a quarrying location shall be in duplicate and shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan in duplicate showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The maximum area of the location shall be forty acres and it shall not exceed one-half mile in its greatest dimension, nor shall the length exceed twice the breadth. The location shall be rectangular in form except where a boundary of a previously located tract is adopted as common to both locations.

(2) The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(a) That the location contains, in merchantable quantities, material of the class applied for by the locator:

(b) That the location has been defined on the ground by the locator in person by planting two wooden posts, at least four inches square and standing not less than four feet above the ground, such posts being numbered "1" and "2" respectively. The distance between post No. "1" and post No. "2" shall not exceed 2,640 feet, and upon each post shall be inscribed the name of the locator, the class of material which the land contains, and the date of the location. Upon Post No. "1" there shall be written, in addition to the foregoing, the words "Initial Post," the approximate compass bearing of post No. "2" and a statement of the number of feet lying to the right, and to the left of the line between post No. "1" and post No. "2". Thus (initial post, direction of post No. "2" is. . . . feet lie to the right and. . . . feet to the left of the line between post No. "1" and post No. "2").

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2, so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen

- (c) All the particulars required to be inscribed on posts No. 1 and No. 2 shall be set out in the application.
- (d) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply for a lease of the quarrying rights under the said location, within the time prescribed in these regulations.

8. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Agent of Dominion lands that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the Minister to do so, and shall quarry out or remove from such location the quantity of stone or other material covered by the lease, as the case may be, specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of stone or other material which the lessee is required to quarry out from such location, which quantity may be increased from time to time, upon thirty days' notice to that effect being given to the lessee, but in no case shall the maximum quantity of stone or material required to be taken out exceed five cubic yards per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of material is not quarried out during each year, the lease may be cancelled by the Minister.

10. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

11. The boundaries beneath the surface of quarrying locations shall be the vertical planes or lines in which their surface boundaries lie.

12. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

13. A fee of five dollars shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

14. The locator shall be given a period of thirty days from the date of the receipt of his application within which to pay to the Agent of Dominion lands the full amount of the rental for the first year of the term of the lease, at the rate of one dollar (\$1) per acre, and upon the receipt of such rental, if the application is granted, the lease shall be issued and shall bear date the day upon which it is so issued, or the date of the acceptance of the application, whichever may be the earlier. If the rental is not paid within the time specified, the application shall absolutely lapse, and the right applied for shall become available for other disposition.

15. If, during the term of the lease, the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar (\$1) an acre per annum, within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all rights granted thereunder.

16. A person operating a quarrying location shall furnish the Agent of Dominion Lands for the dis-

trict in which the location is situated, with sworn returns every six months, or at such times as the Minister may direct, accounting for the full quantity of merchantable stone or other material quarried out or removed from the location.

17. Every lessee of quarrying rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

18. In case the surface rights of a quarrying location are covered by a timber licence, grazing or petroleum lease, mining claim or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorize entry thereon except the permission of the Minister is first had and obtained and such permission shall be given subject to such conditions for the protection of rights of such lessee or licensee as it may be considered necessary to impose.

19. (1) In case the mineral rights in any land comprised within a quarrying location are or have been disposed of by the Crown and the lessee of such mineral rights cannot make any arrangement with the lessee of the quarrying location, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of such mineral rights, he may apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing it shall be lawful for the lessee of the mineral rights to give notice to the lessee of the quarrying location, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by the lessee of the mineral rights in order to determine what portion of the surface rights the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the exact position thereof, and the amount of compensation to which the lessee of the quarrying location, owner or occupant shall be entitled.

(2) The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands, for the district in which the lands in question lie, and shall when practicable, be personally served on such lessee of the quarrying location, or his agent, if known, or occupant, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the lessee of the quarrying location, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the lessee of the quarrying location or his agent resides in the district in which the land is situated, ten days, if out of the district, and if in the province or territory, twenty days, and if out of the province or territory thirty days, before the expiration of the time limited in such notice. If, within thirty days from the date of the service of such notice, the lessee of the quarrying location, or his agent, or occupant, refuses or declines to appoint an arbitrator, or when, for any reason no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the agent of Dominion Lands for the district in which the lands in question lie, shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such lessee of the quarrying location, his agent, or occupant, or that such lessee, agent, or occupant, wilfully evades the services of such notice, or can-

not be found, and that reasonable efforts have been made to effect such service and that the notice was left at the last place of abode of such lessee, agent or occupant, appoint an arbitrator on his behalf.

20. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the land in question is situated, shall forthwith select such third arbitrator.

21. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights and needs of both lessees, they shall decide as to the particular portion of the surface rights which the lessee of the mineral rights may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the lessee of the quarrying location or occupant shall be entitled.

22. In making such valuation, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein or thereunder.

23. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the land is situated within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall be immediately carried into effect.

24. The arbitrators shall be entitled to be paid per diem allowance of ten dollars (\$10) together with their necessary travelling and living expenses while engaged in the arbitration, and the cost of such arbitration shall be borne by the lessee of the mineral rights.

25. The lessee of a clay location shall, within two years from the date of the lease, erect upon the lands described therein, or on lands acceptable to the Minister, a plant suitable for the manufacture of brick or other clay products, and he shall, within the same period, furnish evidence, supported by affidavit, showing the character and value of the plant installed and the date of its installation. If the required plant is not installed within the time specified, and if evidence of its installation is not furnished within the same time, the lease shall be subject to cancellation in the discretion of the Minister. Provided, however, that the Minister shall not require that the value of the plant so installed shall exceed the sum of \$10,000.

26. The lessee of a clay location shall, during each year of the term of the lease after the second year, manufacture from his leasehold and produce ready for shipment not less than 100,000 bricks, or their equivalent in some other form of clay products, to the satisfaction of the Minister. If during any year, after the second year of the term of the lease, the lessee fails to manufacture the quantities specified, or fails to furnish satisfactory evidence of his having done so, the lease shall be subject to immediate cancellation in the discretion of the Minister.

27. The Fees to be charged in connection with the administration of these regulations shall be as follows:

Application for lease.. . . .	\$5.00
Recording an Assignment.. . . .	3.00
Renewal of lease.. . . .	5.00
Rental per annum, per acre.. . . .	1.00

P.C. 94

CERTIFIED to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 13th January, 1948.

THE Committee of the Privy Council have had before them a report, dated 3rd January, 1948, from the Minister of Mines and Resources, representing:

That an application has been received from Mr. John Alexander Cameron of Hay River Settlement, Northwest Territories, for a waterfront lease comprising a portion of Lot 7, Block "G", Hay River Settlement, in the Northwest Territories; and

That the surface rights of the land affected are vacant and available for the purpose of this application.

The Minister is of the opinion that this application should receive favourable consideration, and therefore recommends that under and by virtue of the provisions of the Dominion Lands Act, Chapter 113, Revised Statutes of Canada 1927, authority be granted to issue a lease for the said land as described hereunder, with the addition of a clause providing that the lease may be terminated, or any portion of the land withdrawn from the operation thereof on six months' notice; the said lease to be for a term of ten (10) years from the first of January, 1948, at an annual rental of Thirty-three Dollars (\$33.00) for the first five years at the expiration of which the amount of rental will be subject to revision for the following five years; the said rent in each and every year to be payable in advance; the lease may be renewed for further terms of ten years subject to further revision at the time of each renewal and again five years thereafter:

Description

All that portion of lot numbered seven block "G" Hay River Settlement, Northwest Territories, as the same is shown on a plan of Blocks A, B, C, D, E, F and G in said settlement, approved and confirmed at Ottawa on the fifteenth day of April, nineteen hundred and forty-seven, by Frederick Hatheway Peters, Surveyor General of Dominion Lands, and of record under number forty thousand three hundred and forty-one in the Legal Surveys and Map Service of the Department of Mines and Resources at Ottawa, which said portion may be more particularly described as follows: commencing at the north westerly corner of said lot; thence easterly following the northerly boundary of same a distance of sixty-six feet to a point; thence southerly and parallel to the westerly boundary of said lot to the bank of Hay River; thence westerly following the said bank to the south west corner of said lot; thence northerly following the westerly boundary of said lot to the point of commencement, comprising an area of one-third of an acre more or less, subject to the rights of the recording owner of the mineral claim or claims affecting or which may in future affect the said lands to enter upon, use and occupy the surface of the said mineral claim or claims, or such portion thereof and to such extent as the Minister may consider necessary for the efficient and minerlike operation of the mines and minerals contained in the mineral claim or claims, but for no other purpose, including the right to cut such of the timber on the mineral claim or claims or such portion thereof as may be necessary for the working of the same.

A. D. P. HEENEY,
Clerk of the Privy Council.

APPLICATIONS TO PARLIAMENT

THE SENATE

Copies of the Rules of the Senate relating to Notices and Applications for Bills of Divorce may be had free upon application to the

Clerk of the Senate,
Ottawa.

THE SENATE

Notice for Private Bills

EXTRACTS FROM THE STANDING RULES OF THE SENATE

107. All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a notice published in the *Canada Gazette*. Such notice shall clearly and distinctly state the nature and object of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the appli-

cation is for an Act of Incorporation, the name of the proposed company shall be stated in the notice.

In addition to the notice in the *Canada Gazette* aforesaid, a similar notice shall be given as follows:

A. When the application is for an Act to incorporate,—

1. *A Railway or Canal Company.*—In some leading newspaper published in the principal city, town or village in each county or district through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company.*—In a leading newspaper in the principal city or town in each province or territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect a particular locality or for obtaining any exclusive rights or privileges, or for doing any matter or thing which in its operation would affect the rights or property of others.—In a leading newspaper in the particular locality or localities which may be affected by the proposed Act.

4. *A Banking Company; an Insurance Company; a Trust Company; a Loan Company, or an Industrial Company,* without any exclusive powers.—In the *Canada Gazette* only.

5. And, if the works of any company (incorporated or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specially mentioned in the notice; and the applicants shall cause a copy of such notice to be sent by registered letter to the clerk of each county council and of each municipal corporation which may be specially affected by the construction or operation of such works, and also, to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

B. When the application is for the purpose of amending an existing Act,—

1. For an extension of any line of railway, or of any canal; or for the construction of branches thereto,—the same *mutatis mutandis* as for an Act to incorporate a Railway or Canal Company.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized:—In a principal newspaper in the place where the head office of the company is, or is authorized to be.

3. For the extension of the powers of a company (when not involving the granting of any exclusive rights) or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers; or for any amendment which would in any way affect the rights or interest of the shareholders or bondholders or creditors of the company:—In a principal newspaper in the place where the head office of the company is situated.

C. All such notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week for a period of four consecutive weeks; and when published in the Provinces of Quebec and Manitoba shall be in both the English and French languages; and marked copies of each issue of all newspapers containing any such notice shall be sent to the Clerk of the Senate, endorsed "Private Bill Notice," or a statutory declaration as to due publication may be sent in lieu thereof.

Every notice by registered letter shall be mailed in time to reach the Secretary of the Province and the clerk of each county council and municipal corporation not less than two weeks before the consideration of the petition by the Committee on Standing Orders; and a statutory declaration establishing the fact of such mailing shall be sent to the Clerk of the Senate.

108. No petition praying for the incorporation of a Railway Company, or of a Canal Company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committee, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county, township, district or municipality through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

110. Petitions for private bills shall only be received by the Senate if filed with the Clerk of the Senate within the first six weeks of the Session, and every private bill originating in the Senate shall be presented to the Senate within two weeks after the petition therefor has been favourably reported upon by the examiner of petitions or by the Committee on Standing Orders, and no motion for the suspension of this standing order shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension.

114. Any person seeking to obtain a Private Bill shall deposit with the clerk of the Senate, if it is intended that the Bill shall originate in the Senate, a copy of such Bill in the English or French language, with a sum sufficient to pay for the translation of the same by the officers of the Senate, and the printing of 600 copies in English and 200 in French. The applicant shall also pay the Clerk of the Senate, immediately after second reading and before the consideration of the Bill by the Committee to which it is referred, a sum of \$200, with the cost of printing the Act in the Statutes, and lodge the receipt for the same with the Clerk of such Committee.

The fee payable on the second reading of any Private Bill is paid only in the House in which it is introduced.

Form of a Bill to Amend an Act

60A. (1) In the preparation of Bills amending existing enactments the amendments shall not ordinarily be made by clauses which add or leave out words or substitute words for others, but by clauses which re-enact the section, subsection or other minor division, as it is amended.

(2) In the text of the Bill, on the left hand page, new matter shall be indicated by such typographical means as may best suit the varying circumstances of each case, such as brackets, italics, underlining, asterisks, etc. Opposite each clause, on the right hand page, the enactment amended thereby, or so much thereof as is essential, shall be printed with the proposed changes to be made therein similarly indicated.

(3) When a clause repeals an existing section, subsection or other minor division of a section, that section, subsection or division, or so much thereof as is essential, shall be printed opposite the clause.

(4) A memorandum by the draftsman explaining briefly the reason for each clause, shall be appended to the Bill, or distributed therewith. Whenever practicable the memorandum shall be printed on

the right hand page of the Bill, in paragraphs opposite the clause referred to and numbered correspondingly.

(5) The above rules shall also as far as practicable apply to the reprinting of Bills.

L. C. MOYER,

Clerk of the Senate.

HOUSE OF COMMONS

Copies of the Standing Orders relative to petitions and Private Bills, as also of the Model Bills for the Incorporation of Banks, Insurance Companies, Loan Companies, Railway Companies and Trust Companies, may be had free upon application to the

Clerk of the House of Commons,
Ottawa.

HOUSE OF COMMONS

EXTRACTS FROM THE STANDING ORDERS OF THE
HOUSE OF COMMONS RESPECTING

Publication of Notices

95. (1) All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a notice published in the *Canada Gazette*; such notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same, and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the notice. If the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the notice; and the applicants shall cause a copy of such notice to be sent by registered letter to the clerk of each county or municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located. Every such notice sent by registered letter shall be mailed in time to reach its destination not later than two weeks before the consideration of the proposed Bill by the Committee to which it may be referred; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

(2) In addition to this notice in the *Canada Gazette* aforesaid, a similar notice shall also be published in some leading newspaper, as follows:—

A. When the application is for an Act to incorporate—

1. *A Railway or Canal Company.*—In the principal city, town or village in each county or district through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company.*—In the principal city or town in each province or territory in which the company proposes to operate.

3. *A company for the construction of any works which in their construction or operation might specially affect the particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others.*—In the particular locality or localities in which the business, rights or property of other persons or corporations may be affected by the proposed Act.

4. *A Banking Company; an Insurance Company; a Trust Company; a Loan Company or an Industrial Company without any exclusive powers.*—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act—

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto.—In the place where the head office of the company is situated, and in the principal city, town, or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of time for the construction or completion of any line of railway or of any branch or extension thereof, or of any canal, or of any telegraph or telephone line, or of any other works already authorized.—At the place where the head office of the company is situated, and in the principal city or town of the districts affected.

3. For the continuation of a charter or for an extension of the powers of the company (when not involving the granting of any exclusive rights) or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers; or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company.—In the place where the head office of the company is situated or authorized to be.

C. When the application is for the purpose of obtaining for any person or existing corporation any exclusive rights or privileges or the power to do any matter or thing which in its operation would affect the rights or property of others.—In the particular locality or localities in which the business, rights or property of others may be specially affected by the proposed Act.

(3) All such notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week for a period of four consecutive weeks; and when originating in the Province of Quebec or in the Province of Manitoba shall be published in English in an English newspaper and in French in a French newspaper, and in both languages in the *Canada Gazette*, and if there is no newspaper in a locality where a notice is required to be given, such notice shall be given in the next nearest locality wherein a newspaper is published; and proof of the due publication of notice shall be established in each case by statutory declaration; and all such declarations shall be sent to the Clerk of the House, endorsed "Private Bill Notice".

Petitions for Private Bills

92. Petitions for Private Bills shall only be received by the House if presented within the first six weeks of the session, and every Private Bill originating in the Commons shall be presented to the House within two weeks after the petition therefor has been favourably reported upon by the Examiner of Petitions or by the Committee on Standing Orders, and no motion for the suspension of this standing order shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension and giving their reasons therefor.

97. No petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, or for the construction of branches thereto, shall be considered by the Examiner, or by the Committee on Standing Orders until there has been filed with the said Examiner a map or plan, showing the proposed location of the works, and each county, township, municipality or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

Private Bills

93. (1) Any person desiring to obtain any Private Bill shall deposit with the Clerk of the House not later than the first day of each session, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same; the translation to be done by the officers of the House, and the printing by the Department of Public Printing.

(2) After the second reading of a Bill, and before its consideration by the Committee to which it is referred, the applicant shall in every case pay the cost of printing the Act in the Statutes, and a fee of Five Hundred Dollars.

ADDITIONAL CHARGES

(3) The following charges shall be levied and paid in addition to the foregoing, viz:—

- (a) When any Standing Order of the House is suspended in reference to a Bill or the Petition therefor, for each such suspension \$ 100
- (b) When a Bill is presented in the House after the eighth week of the session and not later than the twelfth week 100
- (c) When a Bill is presented in the House after the twelfth week of the session 200
- (d) When the proposed capital stock of a company does not exceed \$250,000 100
- (e) When the proposed capital stock is over \$250,000 and does not exceed \$500,000 200
- (f) When the proposed capital stock is over \$500,000 and does not exceed \$750,000 300
- (g) When the proposed capital stock is over \$750,000 and does not exceed \$1,000,000 400
- (h) When the proposed capital stock is over \$1,000,000 and does not exceed \$1,500,000 600
- (i) When the proposed capital stock is over \$1,500,000 and does not exceed \$2,000,000 800
- (j) For every additional million dollars or fractional part thereof 200

(4) When a Bill increases the capital stock of an existing company, the additional charge shall be according to the foregoing tariff, upon the amount of the increase only.

(5) (a) When a Bill increases or involves an increase in the borrowing powers of a company without any increase in the capital stock, the additional charge shall be \$300.

(b) When a Bill increases both the capital stock and the borrowing powers of a company, the additional charges shall be made upon both.

(6) If any increase in amount of the proposed capital stock or borrowing powers of a company be made at any stage of a Bill, such Bill shall not be advanced to the next stage until the charges consequent upon such change have been paid.

(7) In this Standing Order the term "proposed capital stock" includes any increase thereto provided for in the Bill and where power is taken in a Bill to increase at any time the amount of the proposed capital stock, the additional charge shall be levied on the maximum amount of such proposed increase which shall be stated in the Bill.

(8) The additional charges provided for in this Standing Order shall also apply to Private Bills originating in the Senate; provided, however, that if a petition for any such Bill has been presented in this House within the first six weeks of the session, the additional charges made under paragraph (b) or (c) of subsection (3) shall not be levied thereon.

Model Bills

96. (1) The Chief Clerk of Private Bills shall be the Examiner of Private Bills, and as such, shall examine and revise all Private Bills before they are printed, for the purpose of insuring uniformity where possible and of seeing that they are drawn in accordance with the Standing Orders of the House respecting Private Bills.

(2) Every Bill for an Act of Incorporation, where a form of Model Bill has been adopted, shall be drawn in accordance with a Model Bill (copies of Model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the Model Bill shall be inserted between brackets or underlined and shall be so printed.

(3) Where a Private Bill amends any section, subsection or paragraph of an existing Act, such section, subsection or paragraph shall be repealed in the text of the Bill and be re-enacted as proposed to be amended, the new matter being indicated by underlining; and the section, subsection or paragraph which is to be so repealed, or so much thereof as is essential, shall be printed in the right hand page opposite such section, subsection or paragraph.

(4) When a Private Bill repeals an existing section, subsection or other minor division of a section, that section, subsection or division, or so much thereof as is essential, shall be printed opposite the clause.

(5) A brief explanatory note giving the reasons for any clause of an unusual nature or which differs from the Model Bill clauses or standard clauses shall be printed opposite the clause in the Bill.

MAP OR PLAN WITH BILLS

98. No Bill for the incorporation of a railway or a canal company, or for authorizing the construction of branch lines or extensions of existing lines of railways or of canals, or for changing the route of the railway or of the canal of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill, a map or plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve; and such map or plan shall be signed by the Engineer or other person making the same.

AVIS DU GOUVERNEMENT

MINISTÈRE DES TRAVAUX PUBLICS

LE ministère des Travaux publics recevra jusqu'à 3 heures p.m., le mercredi 25 février 1948, des soumissions pour la construction et la livraison d'un chaland à trémie en acier de 150 verges cubes, lesquelles soumissions doivent être cachetées, adressées au soussigné, et porter sur leur enveloppe, en sus de l'adresse, les mots: "Soumission pour chaland à trémie en acier".

On peut prendre connaissance des plans, du blanc de contrat et du devis, et se procurer la formule de soumission aux bureaux de l'ingénieur en chef du ministère des Travaux publics, à Ottawa.

REMARQUE.—Le ministère fournira, sur demande faite au soussigné, les bleus et le devis de l'ouvrage sur réception d'un dépôt au montant de \$20, sous forme d'un chèque de banque visé fait à l'ordre du ministère des Travaux publics. Ce dépôt sera remis au déposant dès que lesdits bleus et devis seront retournés au ministère, pourvu que la chose soit faite pas plus tard qu'un mois après la date fixée pour la réception des soumissions. Si les bleus et le devis ne sont pas remis au ministère dans ce délai, le dépôt sera confisqué.

On ne tiendra compte que des soumissions qui seront faites sur la formule fournie par le ministère et en conformité des conditions qui y sont stipulées.

Un chèque représentant une valeur égale à 10 p. 100 du montant de la soumission, fait à l'ordre du ministre des Travaux publics et visé par une banque à charte canadienne, doit être joint à chaque soumission. On acceptera aussi, comme cautionnement, soit des bons au porteur du Dominion du Canada, soit des bons au porteur de la Cie du chemin de fer National Canadien et de ses compagnies constituantes dont le principal et l'intérêt sont garantis sans réserve par le Dominion du Canada, soit encore lesdits bons pour une partie du cautionnement et un chèque visé tel que susdit pour la balance.

Par ordre,

J. M. SOMERVILLE,

Secrétaire.

Ministère des Travaux publics,
Ottawa, le 14 janvier 1948.

DEMANDES AU PARLEMENT

SÉNAT

On peut obtenir gratuitement des copies des règles du Sénat relatives aux avis et demandes de bills de divorces en s'adressant au

Greffier du Sénat,
Ottawa.

SÉNAT

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada*, comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. Une compagnie de chemin de fer ou de canal—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. Une compagnie de télégraphe ou de téléphone—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet l'exécution d'entreprises dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des droits ou privilèges exclusifs, ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt ou compagnie industrielle, sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçu par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examineur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui rééditent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

CHAMBRE DES COMMUNES

On peut obtenir gratuitement des copies des règlements relatifs aux pétitions et aux bills privés ainsi que des modèles de bills pour constituer les banques, les compagnies d'assurances, les compagnies de prêts, les compagnies de chemins de fer et les compagnies de fiducie en corporation en s'adressant au

Greffier de la Chambre des communes,
Ottawa.

EXTRAIT DU RÈGLEMENT DE LA CHAMBRE DES COMMUNES TOUCHANT LA PUBLICATION DES AVIS

95. (1) Toute pétition introductive de bill privé de quelque nature qu'il soit, doit être annoncée par avis publié dans la *Gazette du Canada*. Cet avis doit exposer clairement et distinctement la nature et l'objet du bill projeté; il doit être signé par les pétitionnaires ou en leur nom, avec indication de l'adresse des signataires. Si la pétition tend à une loi de constitution en corporation, l'avis doit mentionner le nom de la compagnie projetée. Si les travaux d'une compagnie, qu'elle soit constituée en corporation ou qu'il s'agisse de la constituer en corporation doivent être reconnus comme étant destinés à profiter au Canada d'une manière générale, l'avis doit énoncer cette intention expressément, et les pétitionnaires doivent faire parvenir une copie de cet avis par lettre recommandée, au secrétaire de chaque comté ou municipalité que la construction ou la mise en œuvre de ces ouvrages peut intéresser, ainsi qu'au secrétaire de la province où ces mêmes ouvrages sont ou pourront être situés. Tout avis

ainsi expédié par lettre recommandée doit être mis à la poste assez tôt pour arriver à destination au moins deux semaines avant la prise en considération du bill par le comité auquel il peut être renvoyé. La preuve que les requérants se sont conformés à cette règle s'établit au moyen d'une déclaration statutaire.

(2) Outre l'avis devant figurer dans la *Gazette du Canada*, il doit en être publié un semblable dans quelque journal important, comme suit:

(A) 1. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de chemin de fer ou de canal, cet avis similaire doit être publié dans la principale cité, ville ou municipalité de village de chaque comté ou district que doit traverser le chemin de fer ou le canal projeté;

2. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de télégraphe ou de téléphone, cet avis similaire doit être publié dans la principale cité ou ville de chaque province ou territoire où la compagnie en question se propose d'établir son service;

3. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie créée en vue de la construction de tous ouvrages dont l'établissement ou la mise en œuvre pourrait intéresser tout particulièrement une localité quelconque, ou en vue de tous droits ou privilèges exclusifs, ou encore en vue de toute opération qui pourrait porter atteinte aux droits ou aux biens d'autrui, cet avis similaire doit être publié dans les diverses localités où la loi projetée pourrait porter atteinte aux affaires, droits ou biens d'autres personnes ou compagnies;

4. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation un établissement bancaire, une compagnie d'assurance, une compagnie de fiducie, une compagnie de prêts ou une compagnie industrielle non dotée de pouvoirs exclusifs, il suffit d'un avis dans la *Gazette du Canada*.

(B) 1. Lorsque la pétition a pour objet de modifier une loi existante en vue de prolongement de tout chemin de fer ou canal ou de la construction d'un embranchement de voie ferrée ou de canal, il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité, ville ou municipalité de village de chaque comté ou district devant être desservi par ce prolongement ou cet embranchement.

2. Lorsque la pétition a pour objet de modifier une loi existante en vue de prorogation du délai fixé pour la construction ou l'achèvement de toute ligne de chemin de fer, de tout embranchement ou prolongement de ligne de chemin de fer, de tout canal, de tout réseau télégraphique ou téléphonique, ou de tout ouvrage déjà autorisé il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité ou ville de chaque district intéressé.

3. Lorsque la pétition a pour objet de modifier une loi existante en vue de la continuation d'une charte ou de l'extension des pouvoirs d'une compagnie (quand elle ne comporte pas la concession de droits exclusifs); ou en vue de l'augmentation ou de la réduction du capital-actions d'une compagnie quelconque; ou en vue de l'accroissement ou de la modification de sa faculté d'émettre des obligations ou de contracter des emprunts d'un autre genre; ou encore en vue de toute modification touchant aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie, il est publié un avis à l'endroit où est situé le siège social de la compagnie ou à l'endroit où la compagnie est autorisée à établir son siège social.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer la pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. La preuve que l'avis en question a été dûment publié s'établit dans chaque cas, par voie de déclaration notariale. Toute déclaration de cette nature doit être envoyée au greffier de la Chambre, et cela doit porter au dos l'indication: "Avis de bill privé".

Pétitions introductives de bills privés

92. Nulle pétition introductive de bill privé n'est reçue par la Chambre si elle n'est pas présentée dans les six premières semaines de la session. Tout bill privé prenant naissance à la Chambre des communes doit y être présenté dans les deux semaines qui suivent le jour où la pétition a été rapportée favorablement par l'examineur des pétitions ou par le comité du Règlement. Nulle motion portant suspension du présent article ne peut être accueillie à moins que le comité du Règlement n'ait préalablement présenté un rapport recommandant cette suspension, en y consignant les motifs de sa décision.

97. Nulle pétition portant constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie se proposant d'exploiter un canal, ou portant prolongement d'une ligne de chemin de fer ou d'un canal existant ou autorisé, ou portant construction d'un embranchement de voie ferrée ou de canal, ne sera prise en considération par l'examineur, ou par le comité du Règlement, tant qu'il n'aura pas été déposé entre les mains dudit examinateur une carte ou un plan indiquant l'endroit où se trouveront ces ouvrages, et chaque comté, canton, municipalité ou district à travers lequel le chemin de fer, le canal, le prolongement ou l'embranchement projeté doit être construit.

Bills privés

93. (1) Quiconque désire obtenir un bill privé doit déposer entre les mains du greffier de la Chambre, au plus tard le premier jour de la session, une copie de ce bill en anglais ou en français, ainsi qu'une somme suffisante pour en défrayer la traduction, qui est faite par le personnel de la Chambre, et l'impression, qui est exécutée par le département des impressions publiques.

(2) Le promoteur d'un bill privé doit, après la deuxième lecture de ce bill et avant sa prise en considération par le comité qui en est saisi, défrayer l'impression de la loi dans le recueil des statuts et payer un droit de cinq cents dollars.

FRAIS ADDITIONNELS

(3) En sus des frais précités, les droits suivants doivent être imposés et payés:

a) Lorsqu'il y a suspension d'un article du Règlement relativement à un bill ou à la pétition introductive qui s'y rattache \$ 100

b) Lorsqu'un bill est présenté en Chambre après la huitième semaine et avant l'expiration de la douzième semaine de la session...	100
c) Lorsqu'un bill est présenté en Chambre après la douzième semaine de la session	200
d) Lorsque le capital-actions projeté d'une compagnie ne dépasse pas \$250,000...	100
e) Lorsque le capital-actions projeté d'une compagnie dépasse \$250,000, mais n'est pas supérieur à \$500,000...	200
f) Lorsque le capital-actions projeté d'une compagnie dépasse \$500,000, mais n'est pas supérieur à \$750,000...	300
g) Lorsque le capital-actions projeté d'une compagnie dépasse \$750,000, mais n'est pas supérieur à \$1,000,000...	400
h) Lorsque le capital-actions projeté d'une compagnie dépasse \$1,000,000, mais n'est pas supérieur à \$1,500,000...	600
i) Lorsque le capital-actions projeté d'une compagnie dépasse \$1,500,000, mais n'est pas supérieur à \$2,000,000...	800
j) Pour chaque million de dollars de capital-actions additionnel ou fraction de million...	200

(4) Lorsqu'un bill porte augmentation du capital-actions d'une compagnie existante, le droit additionnel à déboursier est basé sur le tarif précité, et il n'y est fait état que du montant de l'accroissement.

(5) a) Lorsqu'un bill tend à l'augmentation de la faculté d'emprunt d'une compagnie ou en comporte l'augmentation sans qu'il y ait accroissement du capital-actions, le droit additionnel est de trois cents dollars.

b) Lorsqu'un bill porte augmentation à la fois du capital-actions et de la faculté d'emprunt d'une compagnie, le droit additionnel est perçu sur les deux.

(6) Si, à quelque phase du bill, il y a augmentation du capital-actions projeté d'une compagnie ou de sa faculté d'emprunt, le bill en question ne peut franchir une autre étape tant que ces promoteurs n'auront pas solder les frais occasionnés par cette modification.

(7) Dans la présente règle, l'expression "capital-actions projeté" comprend toute augmentation de capital-actions prévue par le bill; et quand un bill porte faculté d'augmenter à quelque époque le chiffre du capital-actions, le droit additionnel est calculé sur le maximum de l'augmentation projetée, dont le bill fait mention.

(8) Les droits additionnels établis par la présente règle s'appliquent aussi aux bills privés qui ont pris naissance au Sénat; néanmoins, si la pétition introductive d'un bill privé de ce genre a été présentée à la Chambre des communes dans les six premières semaines de la session, les droits additionnels prévus aux alinéas b) ou c) du paragraphe 3 ne sont pas exigibles.

Du bill-type

96. (1) Le greffier en chef des bills privés remplit les fonctions d'examineur des bills privés, et, comme tel, il est tenu d'étudier et de réviser tous les bills privés antérieurement à leur impression, en vue d'y établir une certaine uniformité, lorsque la chose est possible, et de s'assurer qu'ils ont été élaborés conformément aux articles du Règlement de la Chambre relatifs aux bills privés.

(2) Tout bill tendant à la constitution en corporation d'une compagnie doit, lorsqu'il a été adopté une formule de bill-type, être rédigé en conformité

de ce modèle, dont il peut être obtenu des exemplaires du greffier de la Chambre. Toute disposition d'un bill de ce genre qui n'est pas conforme au bill-type doit être insérée entre crochets ou soulignée, et elle doit être imprimée de la sorte.

(3) Lorsqu'un bill privé porte modification d'un article, paragraphe ou alinéa quelconque d'une loi existante, ce même article, paragraphe ou alinéa doit être abrogé dans le texte du bill et reconstitué selon la modification que les auteurs du bill veulent y apporter, la nouvelle rédaction devant être soulignée. L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

CARTE OU PLAN ACCOMPAGNANT LE BILL

98. Nul bill portant constitution en corporation d'une compagnie de chemin de fer ou de canal, nul bill tendant à faire autoriser la construction d'embranchement ou de prolongements se rattachant à des lignes de chemins de fer ou à des canaux existants, nul bill portant modification de la route suivie par un chemin de fer ou un canal exploité par une compagnie déjà constituée en corporation ne doit être pris en considération par le comité des chemins de fer tant qu'il n'aura pas été produit devant ledit comité, au moins une semaine avant la prise en considération du bill, une carte ou un plan établi sur une échelle d'au moins un demi-pouce au mille, indiquant le territoire sur lequel il est question de construire les ouvrages projetés et aussi les ouvrages analogues qui y ont déjà été construits ou autorisés, ou qui intéressent la région ou la partie de région devant être desservie par les services projetés. Cette carte ou ce plan doit porter la signature de l'ingénieur ou de toute autre personne qui l'a dressé.

ARTHUR BEAUCHESNE,
Greffier de la Chambre des communes.

AVIS DU GOUVERNEMENT

MINISTÈRE DES TRAVAUX PUBLICS

LE ministère des Travaux publics recevra jusqu'à 3 heures p.m., le mercredi 11 février 1948, des soumissions pour la réparation du quai de New-Glasgow, comté de Pictou (N.-E.), lesquelles soumissions doivent être cachetées, adressées au soussigné, et porter sur leur enveloppe, en sus de l'adresse, les mots: "Soumission pour réparation du quai, New-Glasgow (N.-E.)."

On peut prendre connaissance des plans, du blanc de contrat et du devis, et se procurer la formule de soumission aux bureaux de l'ingénieur en chef du ministère des Travaux publics, à Ottawa, de l'ingénieur régional, édifice public du Dominion, "Bedford-Row", Halifax (N.-E.), ainsi qu'au bureau de poste de New-Glasgow (N.-E.).

REMARQUE.—Le ministère fournira, sur demande faite au soussigné, les bleus et le devis de l'ouvrage pour réception d'un dépôt au montant de \$20, sous forme d'un chèque de banque visé fait à l'ordre du ministre des Travaux publics. Ce dépôt sera remis au déposant dès que lesdits bleus et devis seront retournés au ministère, pourvu que la chose soit faite pas plus tard qu'un mois après la date fixée pour la réception des soumissions. Si les bleus et les devis ne sont pas remis au ministère dans ce délai, le dépôt sera confisqué.

On ne tiendra compte que des soumissions qui seront faites sur la formule fournie par le ministère et en conformité des conditions qui y sont stipulées. Un chèque représentant une valeur égale à 10 p. 100 du montant de la soumission, fait à l'ordre du ministre des Travaux publics et visé par une banque à charte canadienne, doit être joint à chaque soumission. On acceptera aussi, comme cautionnement, soit des bons au porteur du Dominion du Canada, soit des bons au porteur de la Cie du chemin de fer National Canadien et de ses compagnies constituantes dont le principal et l'intérêt sont garantis sans réserve par le Dominion du Canada, soit encore lesdits bons pour une partie du cautionnement et un chèque visé tel que susdit pour la balance.

Par ordre,

J. M. SOMERVILLE,
Secrétaire.

Ministère des Travaux publics,
Ottawa, le 17 janvier 1948.

156-2—KING'S REGULATIONS AND ORDERS FOR THE CANADIAN ARMY, 1939 (AMENDMENTS No 115)

—156-2

"King's Regulations and Orders for the Canadian Army, 1939" is amended as follows:

Paragraphs 426 and 427—*Delete and Substitute—Dealings with Contractors: Civil Employment and Directorships in Companies*

426. (a) An officer or soldier of the Canadian Army shall not:—

- (i) have any private dealing with contractors, their agents or employees, whether on an honorary basis or otherwise, that may lay him open to suspicion of being influenced in the discharge of his duty by other than purely public considerations;
- (ii) give private testimonials to contractors concerning the use of their wares in the Canadian Army, and shall ensure that his correspondence with contractors contains nothing that is usable by the contractor as a testimonial; or
- (iii) derive, by virtue of his status as a member of the Canadian Army, any pecuniary benefit or personal advantage from any Department of National Defence contract or any contract made on behalf or for the benefit of the Department of National Defence.

(b) An officer or soldier on continuous general service shall not authorize the use of his name or photograph in connection with any commercial product, except insofar as his name may be part of a firm name.

(c) An officer or soldier shall not, without the consent of the Minister, accept a gift or reward or favour from:—

- (i) any foreign sovereign, state or functionary;
- (ii) any person in respect of any act or omission on the part of, or dealt with, by such officer or soldier in any way relating to or arising out of his military employment.

(d) An officer on the retired list on re-entering the Active Force shall disclose to Army Headquarters particulars of his interest in companies or firms

to which contracts are granted by, or on behalf, or for the benefit of the Department of National Defence and shall not while a member of the Active Force acquire any further shares or interest in such companies or firms without the approval of Army Headquarters.

427. (a) Subject to (b) of this paragraph, an officer or soldier on continuous general service shall not engage in any civil employment or undertaking which in the opinion of his commanding officer is continuous or interferes or is likely to interfere with the due performance of his military duties, or reflects or is likely to reflect discredit upon the Canadian Army.
- (b) Except that he shall not engage in any civil employment or undertaking which reflects or is likely to reflect discredit upon the Canadian Army, the provisions of sub-paragraph (a) shall not apply to any officer or soldier during leave immediately preceding retirement or discharge or transfer to the Supplementary Reserve, or on leave without pay.
- (c) Subject to (d) of this paragraph, an officer or soldier on continuous general service shall not serve as a director of any company, unless:—
- (i) the company is a private one;
 - (ii) stock of the company is neither sold nor quoted on the open market;
 - (iii) the approval of the appropriate authority at Army Headquarters is obtained.
- (d) When the Canadian Army is on active service an officer or soldier of the Reserve Force or the Supplementary Reserve, or an officer or soldier appointed to or enlisted in, or re-appointed to or re-enlisted in the Active Force for the duration of the emergency only, may retain any directorships he held prior to being placed on active service.

(PC 5155 of 16 Dec 47)			

4 Para 415—
Delete sub-para (3).
Insert new sub-para (3) as follows:
“(3) An officer or airman shall not derive, by virtue of his status as a member of the Royal Canadian Air Force, any pecuniary benefit or personal advantage from any Department of National Defence contract or any contract made on behalf or for the benefit of the Department of National Defence.”

(3) An officer on the retired list on re-entering the R.C.A.F. (Regular) shall disclose to R.C.A.F. Headquarters particulars of his interest in companies or firms to which contracts are granted by, or on behalf or for the benefit of the Department of National Defence, and shall not, while a member of the R.C.A.F. (Regular), acquire any further shares or interest in such companies or firms without the approval of R.C.A.F. Headquarters.

5 Delete para 422.

(PC 5225 of 23 Dec 47)

Insert new paras 422, 422A, and 422B as follows:
“422. Civil Employment—(1) Subject to (3) of this paragraph, an officer or airman on continuous general service shall not engage in any civil employment or undertaking which, in the opinion of the commanding officer, is continuous or interferes or is likely to interfere with the due performance of his air force duties, or reflects or is likely to reflect discredit upon the air force.
(3) An officer or airman on continuous general service shall not authorize the use of his name or photograph in connection with any commercial product, except insofar as his name may be part of a firm name.
(3) Except that he shall not engage in any civil employment or undertaking which reflects or is likely to reflect discredit on the air force, the provisions of this paragraph shall not apply to any officer or airman during leave immediately preceding retirement, discharge or transfer to the R.C.A.F. (Reserve), or on leave without pay.

By Command,

Air Vice-Marshal,
for Chief of the Air Staff.

422A. Gifts or Rewards—An officer or airman shall not, without the consent of the Minister accept a gift or reward or favour from:
(a) any foreign sovereign, state or functionary;
(b) any person in respect of any act or omission on the part of, or dealt with, by such officer or airman in any way relating to or arising out of his air force employment.

422B. Directorships and Interests in Companies—(1) Subject to (2) of this paragraph, an officer or airman on continuous general service shall not serve as a director of any company, unless:
(a) the company is a private one;
(b) stock of the company is neither sold nor quoted on the open market; and
(c) the approval of the appropriate authority at Air Force Headquarters is obtained.
(2) When the air force is on active service, an officer or airman of the R.C.A.F. (Auxiliary), or the R.C.A.F. (Reserve), or an officer or airman appointed or enlisted, or re-appointed or re-enlisted, in the R.C.A.F. (Regular) for the duration of the emergency only, may retain any directorships he held prior to being placed on active service.

DEPARTMENT OF TRADE AND COMMERCE
TENDER No. G23-M2-6

SEALED Tenders enclosed in envelopes marked according to the above Tender No. and addressed to The Secretary, Canadian Commercial Corporation, (70 Lyon Street), Ottawa, Ontario, will be received until 4 p.m. (E.S.T.) on the 11th day of February, 1948, for Supply and Erection of Antenna Masts, Taschereau Boulevard, Montreal, Quebec.

Tender forms will be supplied by the Canadian Commercial Corporation upon request. No tenders will be considered unless made on such forms and all tenders shall be subject to the terms set forth or referred to in such forms.

The Plans and Specifications are on exhibition at the Offices of the Canadian Commercial Corporation, Room No. 1143, No. 2 Temporary Building, (70 Lyon Street), Ottawa, Ontario, at which offices copies may be obtained upon the deposit of \$25, in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be remitted when such copies are returned in good condition. The Plans and Specifications are also on view at the Builders Exchange Inc., 620 Cathcart Street, Montreal, Quebec.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada payable to the Receiver General of Canada, or by bearer bonds, as specified in the form of tender, for ten per cent (10%) of the amount of the tender.

All deposits so made will be returned unless, in the case of the successful tenderer, he should decline to enter into a contract for the work when requested to do so or should fail after accepting the contract to complete the same satisfactorily.

The lowest or any tender will not necessarily be accepted.

CANADIAN COMMERCIAL CORPORATION,
J. D. MCCARTHY,
Secretary.

Ottawa, Canada, January 21, 1948.

APPLICATIONS TO PARLIAMENT

THE SENATE

Copies of the Rules of the Senate relating to Notices and Applications for Bills of Divorce may be had free upon application to the

Clerk of the Senate,
Ottawa.

THE SENATE

Notice for Private Bills

EXTRACTS FROM THE STANDING RULES OF THE SENATE

107. All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a notice published in the *Canada Gazette*. Such notice shall clearly and distinctly state the nature and object of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same; and when the application is for an Act of Incorporation, the name of the proposed company shall be stated in the notice.

In addition to the notice in the *Canada Gazette* aforesaid, a similar notice shall be given as follows:

A. When the application is for an Act to incorporate,—

1. *A Railway or Canal Company*.—In some leading newspaper published in the principal city, town or village in each county or district through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company*.—In a leading newspaper in the principal city or town in each province or territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect a particular locality or for obtaining any exclusive rights or privileges, or for doing any matter or thing which in its operation would affect the rights or property of others.—In a leading newspaper in the particular locality or localities which may be affected by the proposed Act.

4. *A Banking Company; an Insurance Company; a Trust Company; a Loan Company, or an Industrial Company*, without any exclusive powers.—In the *Canada Gazette* only.

5. And, if the works of any company (incorporated or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specially mentioned in the notice; and the applicants shall cause a copy of such notice to be sent by registered letter to the clerk of each county council and of each municipal corporation which may be specially affected by the construction or operation of such works, and also, to the Secretary of the Province in which such works are, or may be located; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

B. When the application is for the purpose of amending an existing Act,—

1. For an extension of any line of railway, or of any canal; or for the construction of branches hereof,—the same *mutatis mutandis* as for an Act to incorporate a Railway or Canal Company.

2. For an extension of the time for the construction or completion of any line of railway, or of any canal, or of any telegraph or telephone line, or of any other works already authorized:—In a principal newspaper in the place where the head office of the company is, or is authorized to be.

3. For the extension of the powers of a company (when not involving the granting of any exclusive rights) or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers; or for any amendment which would in any way affect the rights or interest of the shareholders or bondholders or creditors of the company:—In a principal newspaper in the place where the head office of the company is situated.

C. All such notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week for a period of four consecutive weeks; and when published in the Provinces of Quebec and Manitoba shall be in both the English and French languages; and marked copies of each issue of all newspapers containing any such notice shall be sent to the Clerk of the Senate, endorsed "Private Bill Notice," or a statutory declaration as to due publication may be sent in lieu thereof.

Every notice by registered letter shall be mailed in time to reach the Secretary of the Province and the clerk of each county council and municipal corporation not less than two weeks before the consideration of the petition by the Committee on Standing Orders; and a statutory declaration establishing the fact of such mailing shall be sent to the Clerk of the Senate.

108. No petition praying for the incorporation of a Railway Company, or of a Canal Company, or for an extension of the line of any existing or authorized railway or canal, shall be considered by the Standing Orders Committee, until there has been filed with the Committee a map or plan, showing the proposed location of the works, and each county, township, district or municipality through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

110. Petitions for private bills shall only be received by the Senate if filed with the Clerk of the Senate within the first six weeks of the Session, and every private bill originating in the Senate shall be presented to the Senate within two weeks after the petition therefor has been favourably reported upon by the examiner of petitions or by the Committee on Standing Orders, and no motion for the suspension of this standing order shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension.

114. Any person seeking to obtain a Private Bill shall deposit with the clerk of the Senate, if it is intended that the Bill shall originate in the Senate, a copy of such Bill in the English or French language, with a sum sufficient to pay for the translation of the same by the officers of the Senate, and the printing of 600 copies in English and 200 in French. The applicant shall also pay the Clerk of the Senate, immediately after second reading and before the consideration of the Bill by the Committee to which it is referred, a sum of \$200, with the cost of printing the Act in the Statutes, and lodge the receipt for the same with the Clerk of such Committee.

The fee payable on the second reading of any Private Bill is paid only in the House in which it is introduced.

Form of a Bill to Amend an Act

60A. (1) In the preparation of Bills amending existing enactments the amendments shall not ordinarily be made by clauses which add or leave out

words or substitute words for others, but by clauses which re-enact the section, subsection or other minor division, as it is amended.

(2) In the text of the Bill, on the left hand page, new matter shall be indicated by such typographical means as may best suit the varying circumstances of each case, such as brackets, italics, underlining, asterisks, etc. Opposite each clause, on the right hand page, the enactment amended thereby, or so much thereof as is essential, shall be printed with the proposed changes to be made therein similarly indicated.

(3) When a clause repeals an existing section, subsection or other minor division of a section, that section, subsection or division, or so much thereof as is essential, shall be printed opposite the clause.

(4) A memorandum by the draftsman explaining briefly the reason for each clause, shall be appended to the Bill, or distributed therewith. Whenever practicable the memorandum shall be printed on the right hand page of the Bill, in paragraphs opposite the clause referred to and numbered correspondingly.

(5) The above rules shall also as far as practicable apply to the reprinting of Bills.

L. C. MOYER,
Clerk of the Senate.

HOUSE OF COMMONS

Copies of the Standing Orders relative to petitions and Private Bills, as also of the Model Bills for the Incorporation of Banks, Insurance Companies, Loan Companies, Railway Companies and Trust Companies, may be had free upon application to the

Clerk of the House of Commons,
Ottawa.

HOUSE OF COMMONS

EXTRACTS FROM THE STANDING ORDERS OF THE
HOUSE OF COMMONS RESPECTING

Publication of Notices

95. (1) All applications to Parliament for Private Bills, of any nature whatsoever, shall be advertised by a notice published in the *Canada Gazette*; such notice shall clearly and distinctly state the nature and objects of the application, and shall be signed by or on behalf of the applicants, with the address of the party signing the same, and when the application is for an Act of incorporation, the name of the proposed company shall be stated in the notice. If the works of any company (incorporated, or to be incorporated) are to be declared to be for the general advantage of Canada, such intention shall be specifically mentioned in the notice; and the applicants shall cause a copy of such notice to be sent by registered letter to the clerk of each county or municipality which may be specially affected by the construction or operation of such works, and also to the Secretary of the Province in which such works are, or may be located. Every such notice sent by registered letter shall be mailed in time to reach its destination not later than two weeks before the consideration of the proposed Bill by the Committee to which it may be referred; and proof of compliance with this requirement by the applicants shall be established by statutory declaration.

(2) In addition to this notice in the *Canada Gazette* aforesaid, a similar notice shall also be published in some leading newspaper, as follows:—

A. When the application is for an Act to incorporate—

1. *A Railway or Canal Company.*—In the principal city, town or village in each county or district through which the proposed railway or canal is to be constructed.

2. *A Telegraph or Telephone Company.*—In the principal city or town in each province or territory in which the company proposes to operate.

3. A company for the construction of any works which in their construction or operation might specially affect the particular locality; or for obtaining any exclusive rights or privileges; or for doing any matter or thing which in its operation would affect the rights or property of others.—In the particular locality or localities in which the business, rights or property of other persons or corporations may be affected by the proposed Act.

4. *A Banking Company; an Insurance Company; a Trust Company; a Loan Company or an Industrial Company* without any exclusive powers.—In the *Canada Gazette* only.

B. When the application is for the purpose of amending an existing Act—

1. For an extension of any line of railway, or of any canal, or for the construction of branches thereto.—In the place where the head office of the company is situated, and in the principal city, town, or village in each county or district through which such extension or branch is to be constructed.

2. For an extension of time for the construction or completion of any line of railway or of any branch or extension thereof, or of any canal, or of any telegraph or telephone line, or of any other works already authorized.—At the place where the head office of the company is situated, and in the principal city or town of the districts affected.

3. For the continuation of a charter or for an extension of the powers of the company (when not involving the granting of any exclusive rights) or for the increase or reduction of the capital stock of any company; or for increasing or altering its bonding or other borrowing powers; or for any amendment which would in any way affect the rights or interests of the shareholders or bondholders or creditors of the company.—In the place where the head office of the company is situated or authorized to be.

C. When the application is for the purpose of obtaining for any person or existing corporation any exclusive rights or privileges or the power to do any matter or thing which in its operation would affect the rights or property of others.—In the particular locality or localities in which the business, rights or property of others may be specially affected by the proposed Act.

(3) All such notices, whether inserted in the *Canada Gazette* or in a newspaper, shall be published at least once a week for a period of four consecutive weeks; and when originating in the Province of Quebec or in the Province of Manitoba shall be published in English in an English newspaper and in French in a French newspaper, and in both languages in the *Canada Gazette*, and if there is no newspaper in a locality where a notice is required to be given, such notice shall be given in the next nearest locality wherein a newspaper is published; and proof of the due publication of notice shall be established in each case by statutory declaration; and all such declarations shall be sent to the Clerk of the House, endorsed "Private Bill Notice".

Petitions for Private Bills

92. Petitions for Private Bills shall only be received by the House if presented within the first six weeks of the session, and every Private Bill originating in the Commons shall be presented to

the House within two weeks after the petition therefor has been favourably reported upon by the Examiner of Petitions or by the Committee on Standing Orders, and no motion for the suspension of this standing order shall be entertained unless a report has been first made by the Committee on Standing Orders recommending such suspension and giving their reasons therefor.

97. No petition praying for the incorporation of a railway company, or of a canal company, or for an extension of the line of any existing or authorized railway or canal, or for the construction of branches thereto, shall be considered by the Examiner, or by the Committee on Standing Orders until there has been filed with the said Examiner a map or plan, showing the proposed location of the works, and each county, township, municipality or district through which the proposed railway or canal, or any branch or extension thereof, is to be constructed.

Private Bills

93. (1) Any person desiring to obtain any Private Bill shall deposit with the Clerk of the House not later than the first day of each session, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same; the translation to be done by the officers of the House, and the printing by the Department of Public Printing.

(2) After the second reading of a Bill, and before its consideration by the Committee to which it is referred, the applicant shall in every case pay the cost of printing the Act in the Statutes, and a fee of Five Hundred Dollars.

ADDITIONAL CHARGES

(3) The following charges shall be levied and paid in addition to the foregoing, viz:—

(a) When any Standing Order of the House is suspended in reference to a Bill or the Petition therefor, for each such suspension.	\$ 100
(b) When a Bill is presented in the House after the eighth week of the session and not later than the twelfth week.	100
(c) When a Bill is presented in the House after the twelfth week of the session.	200
(d) When the proposed capital stock of a company does not exceed \$250,000.	100
(e) When the proposed capital stock is over \$250,000 and does not exceed \$500,000.	200
(f) When the proposed capital stock is over \$500,000 and does not exceed \$750,000.	300
(g) When the proposed capital stock is over \$750,000 and does not exceed \$1,000,000.	400
(h) When the proposed capital stock is over \$1,000,000 and does not exceed \$1,500,000.	600
(i) When the proposed capital stock is over \$1,500,000 and does not exceed \$2,000,000.	800
(j) For every additional million dollars or fractional part thereof.	200

(4) When a Bill increases the capital stock of an existing company, the additional charge shall be according to the foregoing tariff, upon the amount of the increase only.

(5) (a) When a Bill increases or involves an increase in the borrowing powers of a company without any increase in the capital stock, the additional charge shall be \$300.

(b) When a Bill increases both the capital stock and the borrowing powers of a company, the additional charges shall be made upon both.

(6) If any increase in amount of the proposed capital stock or borrowing powers of a company be made at any stage of a Bill, such Bill shall not be advanced to the next stage until the charges consequent upon such change have been paid.

(7) In this Standing Order the term "proposed capital stock" includes any increase thereto provided for in the Bill and where power is taken in a Bill to increase at any time the amount of the proposed capital stock, the additional charge shall be levied on the maximum amount of such proposed increase which shall be stated in the Bill.

(8) The additional charges provided for in this Standing Order shall also apply to Private Bills originating in the Senate; provided, however, that if a petition for any such Bill has been presented in this House within the first six weeks of the session, the additional charges made under paragraph (b) or (c) of subsection (3) shall not be levied thereon.

Model Bills

96. (1) The Chief Clerk of Private Bills shall be the Examiner of Private Bills, and as such, shall examine and revise all Private Bills before they are printed, for the purpose of insuring uniformity where possible and of seeing that they are drawn in accordance with the Standing Orders of the House respecting Private Bills.

(2) Every Bill for an Act of Incorporation, where a form of Model Bill has been adopted, shall be drawn in accordance with a Model Bill (copies of Model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the Model Bill shall be inserted between brackets or underlined and shall be so printed.

(3) Where a Private Bill amends any section, subsection or paragraph of an existing Act, such section, subsection or paragraph shall be repealed in the text of the Bill and be re-enacted as proposed to be amended, the new matter being indicated by underlining; and the section, subsection or paragraph which is to be so repealed, or so much thereof as is essential, shall be printed in the right hand page opposite such section, subsection or paragraph.

(4) When a Private Bill repeals an existing section, subsection or other minor division of a section, that section, subsection or division, or so much thereof as is essential, shall be printed opposite the clause.

(5) A brief explanatory note giving the reasons for any clause of an unusual nature or which differs from the Model Bill clauses or standard clauses shall be printed opposite the clause in the Bill.

MAP OR PLAN WITH BILLS

93. No Bill for the incorporation of a railway or a canal company, or for authorizing the construction of branch lines or extensions of existing lines of railways or of canals, or for changing the route of the railway or of the canal of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill, a map or plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or authorized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve; and such map or plan shall be signed by the Engineer or other person making the same.

ORDERS IN COUNCIL

P.C. 5385

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 31st day of December, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations governing the issue of permits to cut hay and the leasing of Crown Lands for grazing purposes in the Northwest Territories, approved by Order in Council P.C. 1336, dated June 29, 1922, are hereby revoked; and
2. The attached "Regulations governing the issue of permits to cut hay and the leasing of Dominion Lands for grazing in the Northwest Territories" are hereby made and established in substitution for the regulations hereby revoked.

A. D. P. HEENEY,
Clerk of the Privy Council.

REGULATIONS GOVERNING THE ISSUE OF PERMITS TO
CUT HAY AND THE LEASING OF DOMINION LANDS
FOR GRAZING IN THE NORTHWEST TERRITORIES

Short Title

1. These regulations may be cited as the "Northwest Territories Hay and Grazing Regulations".

Interpretation

2. In these regulations, unless the context otherwise requires:

- (a) "Agent" means any person employed in connection with the administration, management, leasing, sale or settlement of Dominion Lands. "Local Agent" means the agent so employed with respect to the lands in a defined district.
- (b) "Department" means the Department of Mines and Resources.
- (c) "Director" means the Director of the Lands and Development Services Branch, Department of Mines and Resources.
- (d) "Dominion Lands" or "lands" or "land" means the lands of the Dominion of Canada in the Northwest Territories.
- (e) "Legal Post" means a stake or post of any kind of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground. The post must be of such diameter that when squared or faced for eighteen inches from the top end, each face of the squared or faced portion shall not be less than four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position, it may be made into a post by cutting the tree off not less than four feet from the ground, and squaring and facing the upper eighteen inches, each face of the portion so squared or faced to be not less than four inches in width. Whether a post is planted or a stump of a tree made into a post, a

mound of stones or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground and not less than eighteen inches high, coneshaped and well constructed.

- (f) "Minister" means the Minister of Mines and Resources.
- (g) "Timber Agent" means the local officer of the Department appointed to collect dues on, and to perform such other duties as are assigned to him in respect to the timber on Dominion Lands.

Permits to Cut Hay

3. The local Agent or any other officer authorized by the Minister may, subject to the provisions of these regulations:

- (a) issue a permit to a settler who is the owner of stock to cut hay on vacant Dominion lands, for his own use but not for barter or sale.
- (b) issue a permit to any person to cut hay on vacant Dominion lands for the purpose of sale.

4. No hay shall be cut on Dominion Lands prior to a date to be fixed each year by the local Agent.

5. (1) Applications from owners of stock to cut hay on vacant Dominion lands for their own use, may be received and permits issued on and after the first day of May in each year.

- (2) Applications to cut hay for sale, shall not be entertained by the local Agent prior to the 10th day of May in any year.

6. (1) A permit to a settler who is the owner of stock to cut hay for his own use, may be issued upon payment in advance of a permit fee of \$1.00 and twenty-five cents per ton for each ton of hay the applicant desires to cut.

- (2) A permit to any person to cut hay for sale, may be issued upon payment in advance of a permit fee of \$1.00 and \$1.00 per ton for each ton of hay the applicant desires to cut, but shall only be issued after the local Agent is satisfied that the needs of stockowners in the district have been met.

7. (1) Each permit shall describe the lands upon which the permittee may cut hay.

- (2) Hay when cut by a permittee or his servants or agents upon Dominion Lands specified in his permit and up to the amount of hay authorized therein, shall be the property of the permittee.

8. The holder of a hay permit who makes improvements on a hay meadow covered by his permit to the satisfaction of the local Agent, shall be given priority if he applies for a permit on such hay meadow from year to year, provided the land is available and he has complied with all the requirements of the regulations.

9. A Half-breed, Indian or Eskimo who is a resident of the Northwest Territories may upon application to the local Agent, be granted a free permit to cut hay for his own use, but in no case shall such person receive a permit for a greater amount of hay than five tons per head for the stock of which he is the sole owner.

10. (1) Upon expiration of his permit, the permittee shall return his permit to the local Agent with the affidavit on the back thereof properly completed,

or if the permit has been lost, he shall complete an affidavit in the same form and forward it to the Agent.

(2) No permit shall be issued to an applicant, if he fails to comply with the provisions of the preceding sub-section.

11. No person shall cut hay on vacant Dominion Lands without a permit.

Grazing

12. The Minister may lease such Dominion Lands in the Northwest Territories for grazing purposes, as he may consider suitable for the purpose.

13. A lease for grazing purposes, shall be in the form prescribed by the Minister and may contain such terms not inconsistent with the Dominion Lands Act and these regulations as he may prescribe.

14. The maximum area which may be leased to a person under the provisions of these regulations shall be 6,400 acres and no person shall be permitted to acquire by lease or leases, more than that area.

15. The rent to be charged for a grazing lease shall be not less than two cents per acre per annum, and shall be payable yearly in advance provided that the rent payable in any lease shall not be less than \$5.00 per annum.

16. A lease shall be for a term of not more than ten years, but the Minister may upon the written request of a lessee made within one month prior to the expiration of the term of the lease, grant to him a renewal lease for a further term not exceeding ten years provided there shall not at the time of such request, be any breach or non-observance of any condition, proviso or stipulation of the lease then in force.

17. A lease for grazing purposes shall be subject to:

- (a) a reservation to the Crown of all minerals which may be found to exist therein, upon or under such lands, together with full power to prospect and work the same, and for that purpose to enter upon, use and occupy the said land, or so much thereof and to such extent as may be necessary for the effective working of such minerals and access to the same.
- (b) a reservation to the Crown of all timber which may be upon the lands and the Timber Agent may grant timber permits under the provisions of the regulations in that respect, to cut and remove timber which may be found within the limits of the leasehold, subject to such conditions for the protection of the interests of the lessee as the Timber Agent may deem proper.
- (c) a reservation of the right to enter upon, work and remove any rock outcrop required for public purposes.
- (d) a reservation of such right or rights of way and of entry as may be required under any regulation in force in connection with the construction, maintenance and use of works for the conveyance of water for use in mining operations.
- (e) a reservation of the right to enter upon the land for the purpose of installing and maintaining any public utility, public service or electric transmission line, found to be necessary by the Minister.

18. It shall be lawful for the Director or any person thereunto authorized by him, at all reasonable times during the currency of a lease, to enter upon the land to examine the condition thereof.

19. If the land described in a lease is not used for grazing purposes, or if the rent or any part thereof shall be unpaid for ninety days after becoming payable (whether demanded or not), or if any covenant, proviso, stipulation or condition in the lease or these regulations is not performed or observed, the Minister may by notice in writing, cancel the lease and thereupon all benefits, rights and privileges granted to the lessee shall absolutely cease and determine and be at an end without any suit or legal proceedings provided that nothing in this section shall prejudice the rights of the Minister to collect all arrears of rent or any remedy he may have for the recovery of such arrears.

20. No acceptance of rent subsequent to any breach or default, other than non-payment of rent, nor any condoning, excusing or overlooking by the Minister on previous occasions of breaches or defaults similar to that for which a cancellation of a lease may be effected, shall be taken to operate as a waiver nor in any way to defect or affect the rights of the Minister under these regulations.

21. If a lease is granted through any error or through misrepresentation, the Minister may cancel the lease and refund any money paid by the applicant.

22. The Minister may at any time during the term of a lease, by giving six months' notice in writing to the lessee, withdraw any portion of the land from the operation of the lessee or cancel the same and in either event, the lessee shall not be entitled to any damages or compensation on account of such withdrawal or termination other than a proportionate reduction or rebate of the annual rental.

23. (1) If a lease is cancelled or expires or any portion of the land is withdrawn from the lease, the lessee shall, provided there are no arrears of rent or taxes, have the right to remove within three months, any improvements owned by him which may be on the leasehold at the time his lease is cancelled or expires, or a portion thereof is withdrawn from the lease.

(2) If the lessee does not remove his improvements before the land is again disposed of, the local Agent or other officer of the Department shall make an appraisal of the improvements which have been left on the land by the lessee and the Minister may direct the sale of same by auction or private sale.

(3) Out of any money realized by the sale, the Minister may, after deducting any expenses of sale and any arrears of rent and taxes, pay to the former lessee, the balance realized from the sale of the improvements.

24. (1) Any person who desires to lease Dominion Lands for grazing purposes, shall make application to the local Agent.

(2) If the lands are not surveyed, application shall be made not later than thirty days after the land has been staked with legal posts. The application shall be in duplicate and shall be accompanied by an application fee of \$5.00 which will be returned to the applicant if the application is not granted, but not otherwise. The application shall contain a description by metes and bounds of the location applied for and shall be accompanied by a sketch in duplicate, showing the position of such location

its relation to some prominent topographical feature, surveyed line or other known point. The sketch shall contain sufficient data to admit of the location of the location applied for, being definitely shown in the records of the Department.

(3) The application shall show:

- (a) if the lands or any part thereof have been improved or are occupied.
- (b) the character of the improvements, if any.
- (c) by whom the land is occupied and the purpose of the occupation.

(4) The location applied for, shall not exceed four miles in its greatest dimension, nor shall the length of the location exceed three times the breadth thereof; except where a location is on a lake, river or stream, in which case the frontage (or breadth) on the stream shall not exceed one and one-half miles nor shall the length (or depth) in this case be more than four times the breadth.

(5) The local Agent upon being satisfied that the land is available and suitable for grazing purposes and that the sketch and statements contained in the application are in order, shall forward the documents to the Department.

25. The lessee shall not, during the term of the lease, use or allow to be used any part of the lands and premises demised for any purpose other than grazing purposes.

26. The lessee shall not permit any livestock other than his own to graze on the area covered by his lease.

27. (1) During each of the first three years of his lease, the lessee shall place on the land leased to him, not less than one horse, or one head of cattle or five sheep, over the age of one year, for every twenty acres leased to him.

(2) During each year after the first three years of his lease, the lessee shall have and maintain not less than one horse or one head of cattle or five sheep over the age of one year, for every thirty acres leased to him, provided however, that if upon inspection, it is found that the land described in the lease will support more livestock than the number specified, the Minister may require the lessee to place and maintain additional livestock thereon.

28. The lessee shall, within one year from the date of the execution of the lease by the Department, furnish a statutory declaration showing that he is owner of and has the required number of stock on the leasehold, and thereafter, shall furnish a statutory declaration to the Department on the first day of July in each year, or at such other times as the Department may require, showing the number of livestock on the leasehold.

29. The lessee shall be entitled to the hay on the property comprised in his lease, but shall not sell or barter the same unless he has obtained a permit issued under the provisions of these regulations.

30. The lessee may cultivate any portion of his leasehold for the purpose of growing winter feed for his stock, but shall not have the right to dispose of any such feed by barter or sale.

31. (1) The lessee shall not assign or transfer the rights described in his lease or any portion thereof, without the permission of the Minister being first had and obtained. A lessee desiring to assign his lease shall pay all outstanding rental and furnish the Department with a properly executed,

unconditional assignment in duplicate, of the lease, a registration fee of \$3.00 and evidence from the proper official of a local authority, if any, that all taxes on the lands covered by the assignment have been paid. In no case, however, shall a lessee be allowed to assign or transfer unless he has placed at least one-half the required number of stock on the leasehold, which stock shall be his own property.

(2) The lessee shall not sublet the rights described in his lease or any portion thereof.

32. Any notice affecting a lease shall be valid if signed by the Director or the local Agent and shall be sufficiently served on the lessee if left addressed to him at the demised premises or posted addressed to him at his last known address or left at the said address. A notice sent by post, shall be deemed to be given at the time when in due course of post, it would be delivered at the address to which it is sent.

P.C. 4685

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 19th day of November, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR
GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, R.S.C. 1927, is pleased to order as follows:

1. The Regulations for the Leasing and Administration of Lands containing Limestone, Granite, Slate, Marble, Gypsum, Marl, Gravel, Sand, Clay, Volcanic Ash, or any building stone in the Province of Manitoba, Saskatchewan and Alberta and the Northwest Territories, within twenty miles on either side of the Main Line of the Canadian Pacific Railway, in the Province of British Columbia, in the tract of three and one-half (3½) million acres acquired by the Government of the Dominion from the Province of British Columbia, and referred to in subsection (b) of section three of the Dominion Lands Act, made by Order in Council P.C. 933, of May 13, 1910 and re-established by Order in Council P.C. 1791 of August 16, 1911, as amended, are hereby revoked; and

2. The attached Regulations for the Leasing and Administration of Lands, the Property of the Crown, containing Limestone, Granite, Slate, Marble, Gypsum, Marl, Gravel, Sand, Clay, Volcanic Ash, or any building stone in the Northwest Territories, are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,

3-4 Clerk of the Privy Council.

REGULATIONS FOR THE LEASING AND ADMINISTRATION OF LANDS, THE PROPERTY OF THE CROWN, CONTAINING LIMESTONE, GRANITE, SLATE, MARBLE, GYPSUM, MARL, GRAVEL, SAND, CLAY, VOLCANIC ASH, OR ANY BUILDING STONE, IN THE NORTHWEST TERRITORIES

1. These Regulations may be cited as The Quarrying Regulations.

2. In these Regulations:

- (a) "Department" means the Department of Mines and Resources.
- (b) "Locator" means the person who locates or stakes a quarrying location in the manner prescribed in these regulations.

(c) "Minister" means the Minister of Mines and Resources.

(d) "Quarrying Location" means a tract of Dominion land containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone.

(e) "Year" means a period of twelve calendar months.

3. Dominion lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, clay, volcanic ash, or any building stone, in the Northwest Territories, may be leased to any person by the Minister at an annual rental of one dollar (\$1.00) an acre payable yearly in advance, for the purpose of quarrying out and removing therefrom stone or other material mentioned herein:

Provided that no lease for a quarrying location shall convey any right to salt, coal, petroleum, natural gas, gold, silver, copper, iron, or other minerals, within or under the land covered by the lease, or any exclusive right or other property or interest in, or any exclusive right or privilege with respect to any lake, river, spring, stream or other body of water within or bordering on or passing through the land covered by the lease:

And provided further that these regulations shall not apply to School Lands, or to any lands comprised within a National Park of Canada, or land reserved by Parliament or by Order of the Governor in Council, or Minister.

4. The term of the lease shall be twenty-one years renewable for a further period of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operating of quarrying locations which may have been made from time to time by the Governor in Council.

5. (1) Except as provided in this section no person shall be allowed to locate more than one quarrying location:

Provided that a person who has been granted a lease for a location, and who subsequently abandons or assigns the same, may after the expiration of twelve months from the date of the said lease, be permitted to make another location:

Provided, further, however, that such right of relocation shall not be granted unless all payments on account of rent, or other liability to the Department, due by such person, have been fully made, up to the date of registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

(2) More than one location may also be acquired under the provisions of these regulations by any Local Administrative District requiring the material described in the application for the construction or maintenance of works or improvements in such district, and personal application for such locations may be made on behalf of the Local Administrative District by any of its responsible officers; provided that a Local Administrative District, acquiring by application under these regulations more than one lease, shall not be at liberty to sell or otherwise dispose of any of the material taken out under the authority of such leases, and it will be necessary to furnish the department with a statement, made under affidavit, on the 1st of November in each year, showing the quantities of material taken out during

the year, the lands from which such material has been taken, and a declaration to the effect that no portion of the material so taken out was sold, or otherwise disposed of. Failure to comply with this provision of the regulations will render the leases subject to cancellation in the discretion of the Minister.

6. Application for a quarrying location shall be filed by the locator in person with the Agent of Dominion Lands for the district in which the location is situated, within thirty days from the date upon which the location applied for was staked in accordance with section eight of these regulations. If, however, the location is situated more than one hundred miles by travelled route from the office of the Agent of Dominion Lands, the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of one hundred miles. If the application is not filed within the time prescribed, it shall not be considered.

7. (1) Application for a quarrying location shall be in duplicate and shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan in duplicate showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The maximum area of the location shall be forty acres and it shall not exceed one-half mile in its greatest dimension, nor shall the length exceed twice the breadth. The location shall be rectangular in form except where a boundary of a previously located tract is adopted as common to both locations.

(2) The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(a) That the location contains, in merchantable quantities, material of the class applied for by the locator:

(b) That the location has been defined on the ground by the locator in person by planting two wooden posts, at least four inches square and standing not less than four feet above the ground, such posts being numbered "1" and "2" respectively. The distance between post No. "1" and post No. "2" shall not exceed 2,640 feet, and upon each post shall be inscribed the name of the locator, the class of material which the land contains, and the date of the location. Upon Post No. "1" there shall be written, in addition to the foregoing, the words "Initial Post," the approximate compass bearing of post No. "2" and a statement of the number of feet lying to the right, and to the left of the line between post No. "1" and post No. "2". Thus (initial post, direction of post No. "2" is. . . . feet lie to the right and. . . . feet to the left of the line between post No. "1" and post No. "2").

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2, so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen

- (c) All the particulars required to be inscribed on posts No. 1 and No. 2 shall be set out in the application.
- (d) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply for a lease of the quarrying rights under the said location, within the time prescribed in these regulations.

8. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Agent of Dominion lands that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the Minister to do so, and shall quarry out or remove from such location the quantity of stone or other material covered by the lease, as the case may be, specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of stone or other material which the lessee is required to quarry out from such location, which quantity may be increased from time to time, upon thirty days' notice to that effect being given to the lessee, but in no case shall the maximum quantity of stone or material required to be taken out exceed five cubic yards per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of material is not quarried out during each year, the lease may be cancelled by the Minister.

10. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

11. The boundaries beneath the surface of quarrying locations shall be the vertical planes or lines in which their surface boundaries lie.

12. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

13. A fee of five dollars shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

14. The locator shall be given a period of thirty days from the date of the receipt of his application within which to pay to the Agent of Dominion lands the full amount of the rental for the first year of the term of the lease, at the rate of one dollar (\$1) per acre, and upon the receipt of such rental, if the application is granted, the lease shall be issued and shall bear date the day upon which it is so issued, or the date of the acceptance of the application, whichever may be the earlier. If the rental is not paid within the time specified, the application shall absolutely lapse, and the right applied for shall become available for other disposition.

15. If, during the term of the lease, the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar (\$1) an acre per annum, within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all rights granted thereunder.

16. A person operating a quarrying location shall furnish the Agent of Dominion Lands for the dis-

trict in which the location is situated, with sworn returns every six months, or at such times as the Minister may direct, accounting for the full quantity of merchantable stone or other material quarried out or removed from the location.

17. Every lessee of quarrying rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

18. In case the surface rights of a quarrying location are covered by a timber licence, grazing or petroleum lease, mining claim or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorize entry thereon except the permission of the Minister is first had and obtained and such permission shall be given subject to such conditions for the protection of rights of such lessee or licensee as it may be considered necessary to impose.

19. (1) In case the mineral rights in any land comprised within a quarrying location are or have been disposed of by the Crown and the lessee of such mineral rights cannot make any arrangement with the lessee of the quarrying location, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of such mineral rights, he may apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing it shall be lawful for the lessee of the mineral rights to give notice to the lessee of the quarrying location, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by the lessee of the mineral rights in order to determine what portion of the surface rights the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the exact position thereof, and the amount of compensation to which the lessee of the quarrying location, owner or occupant shall be entitled.

(2) The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands, for the district in which the lands in question lie, and shall when practicable, be personally served on such lessee of the quarrying location, or his agent, if known, or occupant, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the lessee of the quarrying location, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the lessee of the quarrying location or his agent resides in the district in which the land is situated, ten days, if out of the district, and if in the province or territory, twenty days, and if out of the province or territory thirty days, before the expiration of the time limited in such notice. If, within thirty days from the date of the service of such notice, the lessee of the quarrying location, or his agent, or occupant, refuses or declines to appoint an arbitrator, or when, for any reason no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the agent of Dominion Lands for the district in which the lands in question lie, shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such lessee of the quarrying location, his agent, or occupant, or that such lessee, agent, or occupant, wilfully evades the services of such notice, or can-

not be found, and that reasonable efforts have been made to effect such service and that the notice was left at the last place of abode of such lessee, agent or occupant, appoint an arbitrator on his behalf.

20. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the land in question is situated, shall forthwith select such third arbitrator.

21. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights and needs of both lessees, they shall decide as to the particular portion of the surface rights which the lessee of the mineral rights may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the lessee of the quarrying location or occupant shall be entitled.

22. In making such valuation, the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals therein or thereunder.

23. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the land is situated within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall be immediately carried into effect.

24. The arbitrators shall be entitled to be paid a per diem allowance of ten dollars (\$10) together with their necessary travelling and living expenses while engaged in the arbitration, and the cost of such arbitration shall be borne by the lessee of the mineral rights.

25. The lessee of a clay location shall, within two years from the date of the lease, erect upon the lands described therein, or on lands acceptable to the Minister, a plant suitable for the manufacture of brick or other clay products, and he shall, within the same period, furnish evidence, supported by affidavit, showing the character and value of the plant installed and the date of its installation. If the required plant is not installed within the time specified, and if evidence of its installation is not furnished within the same time, the lease shall be subject to cancellation in the discretion of the Minister. Provided, however, that the Minister shall not require that the value of the plant so installed shall exceed the sum of \$10,000.

26. The lessee of a clay location shall, during each year of the term of the lease after the second year, manufacture from his leasehold and produce ready for shipment not less than 100,000 bricks, or their equivalent in some other form of clay products, to the satisfaction of the Minister. If during any year, after the second year of the term of the lease, the lessee fails to manufacture the quantities specified, or fails to furnish satisfactory evidence of his having done so, the lease shall be subject to immediate cancellation in the discretion of the Minister.

27. The Fees to be charged in connection with the administration of these regulations shall be as follows:

Application for lease.. . . .	\$5.00
Recording an Assignment.. . . .	3.00
Renewal of lease.. . . .	5.00
Rental per annum, per acre.. . . .	1.00

P.C. 94

CERTIFIED to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 13th January, 1948.

THE Committee of the Privy Council have had before them a report, dated 3rd January, 1948, from the Minister of Mines and Resources, representing:

That an application has been received from Mr. John Alexander Cameron of Hay River Settlement, Northwest Territories, for a waterfront lease comprising a portion of Lot 7, Block "G", Hay River Settlement, in the Northwest Territories; and

That the surface rights of the land affected are vacant and available for the purpose of this application.

The Minister is of the opinion that this application should receive favourable consideration, and therefore recommends that under and by virtue of the provisions of the Dominion Lands Act, Chapter 113, Revised Statutes of Canada 1927, authority be granted to issue a lease for the said land as described hereunder, with the addition of a clause providing that the lease may be terminated, or any portion of the land withdrawn from the operation thereof on six months' notice; the said lease to be for a term of ten (10) years from the first of January, 1948, at an annual rental of Thirty-three Dollars (\$33.00) for the first five years at the expiration of which the amount of rental will be subject to revision for the following five years; the said rent in each and every year to be payable in advance; the lease may be renewed for further terms of ten years subject to further revision at the time of each renewal and again five years thereafter:

Description

All that portion of lot numbered seven block "G" Hay River Settlement, Northwest Territories, as the same is shown on a plan of Blocks A, B, C, D, E, F and G in said settlement, approved and confirmed at Ottawa on the fifteenth day of April, nineteen hundred and forty-seven, by Frederick Hatheway Peters, Surveyor General of Dominion Lands, and of record under number forty thousand three hundred and forty-one in the Legal Surveys and Map Service of the Department of Mines and Resources at Ottawa, which said portion may be more particularly described as follows: commencing at the north westerly corner of said lot; thence easterly following the northerly boundary of same a distance of sixty-six feet to a point; thence southerly and parallel to the westerly boundary of said lot to the bank of Hay River; thence westerly following the said bank to the south west corner of said lot; thence northerly following the westerly boundary of said lot to the point of commencement, comprising an area of one-third of an acre more or less, subject to the rights of the recording owner of the mineral claim or claims affecting or which may in future affect the said lands to enter upon, use and occupy the surface of the said mineral claim or claims, or such portion thereof and to such extent as the Minister may consider necessary for the efficient and minerlike operation of the mines and minerals contained in the mineral claim or claims, but for no other purpose, including the right to cut such of the timber on the mineral claim or claims or such portion thereof as may be necessary for the working of the same.

A. D. P. HEENEY,
Clerk of the Privy Council.

P.C. 5/262

CERTIFIED to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council, on the 23rd January, 1948.

THE Board recommend the following regulations for approval—

1. Under the provisions of Section 59 of the Civil Service Act, all temporary positions be exempt from the provisions of Section 13 of the Act in order that temporary employees upon reassignment may be granted the same treatment as provided by the Civil Service Regulations for permanent employees in connection with rate of compensation on transfer (reassignment to a class of the same or lower maximum) and on promotion (reassignment to a class with a higher maximum) and in connection with salary increases.

2. (a) A temporary employee who is made permanent in a grade lower than the grade of position he occupies as a temporary employee, may be promoted at the salary rate he was receiving immediately prior to becoming permanently appointed.

(b) In such cases, notwithstanding the provisions of Section 82(a) of the Civil Service Regulations, the date of annual increase enjoyed under temporary certificate shall not be affected by the promotion.

3. Order in Council of April 30, 1946, P.C. 23/1700, as amended, and Section 82 of the Civil Service Regulations, be amended by inserting "or reassignment to a higher grade" after the word "promotion" and by inserting "or reassigned to a higher grade" after the word "promoted" wherever it appears.

4. Under Section 5 of the Civil Service Act, the word "reassignment" shall be held to mean a change, without break in service, from one position to another in the Civil Service carrying the same, lower or higher maximum compensation, and shall apply only to temporary employees. Any period of separation from the Service (including leave without pay) of one working day or more shall constitute a break in service.

5. The foregoing be effective March 29, 1947.

A. D. P. HEENEY,
Clerk of the Privy Council.

P.C. 205

CERTIFIED to be true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 19th January, 1948.

THE Committee of the Privy Council have had before them a report dated 13th January, 1948, from the Minister of Mines and Resources, representing:

That an application has been received from Giant Yellowknife Gold Mines Limited of Toronto, Ontario, for a waterfront lease comprising a parcel of land containing one and seven-tenths acres more or less within the boundaries of Aye Mineral Claim Number Twenty-five, adjoining Yellowknife Bay in the Northwest Territories.

That the surface rights of the land affected are vacant and available for the purpose of this application.

The Minister is of the opinion that this application should receive favourable consideration and therefore recommends that pursuant to the Dominion Lands Act, Chapter 113 Revised Statutes of Canada, 1927, authority be granted to issue a lease of the said land, as described hereunder, with the addition

of a clause providing that the lease may be terminated or any portion of the land withdrawn from the operation thereof on six months' notice, the said lease to be for a term of ten (10) years from the first of January, 1948, at an annual rental of Seventy-five Dollars (\$75.00) payable in advance each year for the first five years, at the expiration of which the amount of rental will be subject to revision for the following five years; the lease may be renewed for further terms of ten years subject to a further revision of the rental at the time of each renewal and again five years thereafter:

Description

All that parcel of land lying and being within the boundaries of the Aye Mineral Claim number twenty-five, adjoining Yellowknife Bay in the Northwest Territories, as said mineral claim is shown as lot two hundred and fifty-two, group nine hundred and sixty-four on a plan of survey thereof approved at Ottawa on the eighth day of August, nineteen hundred and forty-six, by Frederic Hatheway Peters, Surveyor General, contained in field book of record number twenty-two thousand four hundred and forty-eight in the Legal Surveys Division of the Department of Mines and Resources, Ottawa; which said parcel may be more particularly described as follows:

Beginning at an iron post marked R.W. 20A at the point of intersection of the northwesterly boundary of said Aye mineral claim number twenty-five and the westerly boundary of the Yellowknife Hydro transmission line right of way; thence northeasterly along the northwesterly boundary of said mineral claim, a distance of one hundred and six feet and three-tenths of a foot, more or less, to the point of intersection of the northwesterly boundary of said mineral claim and the easterly boundary of said transmission line right of way, which point is the point of commencement; thence southeasterly and at right angles to the northwesterly boundary of said mineral claim, a distance of one hundred and fifty feet to a point; thence northeasterly and parallel to the northwesterly boundary of said mineral claim, a distance of three hundred and sixty-five feet, more or less to the ordinary high water mark of Yellowknife Bay; thence northwesterly along said high water mark to the point of intersection of said high water mark and the northwesterly boundary of said mineral claim; thence southwesterly along the northwesterly boundary of said mineral claim, a distance of five hundred feet, more or less, to the point of commencement; comprising an area of one acre and seven-tenths of an acre, more or less, subject to the rights of the recorded owner of the mineral claim or claims affecting or which may in future affect the said lands to enter upon, use and occupy the surface of the said mineral claim or claims, or such portion thereof and to such extent as the Minister may consider necessary for the efficient and minerlike operation of the mines and minerals contained in the mineral claim or claims, but for no other purpose, including the right to cut such of the timber on the mineral claim or claims or such portion thereof as may be necessary for the working of the same.

The Committee concur in the foregoing recommendation and submit the same for approval.

A. D. P. HEENEY,
Clerk of the Privy Council.

AVIS DU GOUVERNEMENT

MINISTÈRE DES TRAVAUX PUBLICS

LE ministère des Travaux publics recevra jusqu'à 3 heures p.m., mercredi 18 février 1948, des soumissions pour des changements et rajouts à l'édifice public, Chilliwack (C.-B.), lesquelles soumissions doivent être cachetées, adressées au soussigné, et porter sur l'enveloppe, en sus de l'adresse, les mots: "Soumission pour changements et rajouts, édifice public, Chilliwack (C.-B.)."

On peut prendre connaissance des plans et du devis, et se procurer la formule de soumission aux bureaux de l'architecte en chef du ministère des Travaux publics, Ottawa (Ont.), de l'architecte régional résident, édifice public fédéral, Victoria (C.-B.), du concierge, édifice public, Chilliwack (C.-B.), et au bureau de poste de Vancouver (C.-B.).

On ne tiendra compte que des soumissions qui seront faites sur la formule fournie par le ministère et en conformité des conditions qui y sont stipulées.

Un chèque représentant une valeur égale à 10 p. 100 du montant de la soumission, fait à l'ordre du ministre des Travaux publics et visé par une banque à charte canadienne, doit être joint à chaque soumission. On acceptera aussi, comme cautionnement, soit des bons au porteur du Dominion du Canada, soit des bons au porteur de la Cie du chemin de fer National Canadien et de ses compagnies constituantes dont le principal et l'intérêt sont garantis sans réserve par le Dominion du Canada, soit encore lesdits bons pour une partie du cautionnement et un chèque visé tel que susdit pour la balance.

REMARQUE.—Sur réception d'un dépôt au montant de \$25, sous forme d'un chèque de banque visé, fait à l'ordre du ministre des Travaux publics, le ministère fournira les bleus et le devis de l'ouvrage par l'entremise de la division de l'architecte en chef et du bureau de l'architecte régional résident de Victoria (C.-B.). Ce dépôt sera remis au déposant dès que lesdits bleus et devis seront retournés au ministère, pourvu que la chose soit faite pas plus tard qu'un mois après la date fixée pour la réception des soumissions. Si les bleus et le devis ne sont pas remis au ministère dans ce délai, le dépôt sera confisqué.

Par ordre,

J. M. SOMERVILLE,

Secrétaire.

Ministère des Travaux publics,

Ottawa, le 21 janvier 1948.

MINISTÈRE DU COMMERCE

SOUMISSION N° G23-M2-6

DES soumissions cachetées, renfermées dans des enveloppes portant le numéro de la soumission ci-dessus mentionné et adressées au Secrétaire, Corporation commerciale canadienne, (70, rue Lyon), Ottawa (Ontario), seront reçues jusqu'à quatre heures de l'après-midi (heure normale de l'Est) le 11^e jour de février 1948, pour la fourniture et l'érection de mâts d'antenne, Boulevard Taschereau, Montréal (P.Q.).

La Corporation commerciale canadienne fournira des formules de soumission sur demande. Aucune soumission ne sera considérée à moins qu'elle ne soit rédigée sur lesdites formules, et toutes les soumissions seront sujettes aux conditions stipulées ou mentionnées dans ces formules.

Les Plans et Devis sont exposés aux bureaux de la Corporation commerciale canadienne, Chambre n° 1143, Edifice Temporaire n° 2, (70, rue Lyon), Ottawa (Ontario), et des copies peuvent en être obtenues sur dépôt de \$25, sous forme de chèque certifié payable au Receveur général du Canada. Le dépôt sera remboursé quand les copies seront retournées en bon état. Les Plans et Devis sont aussi exposés au Builders Exchange Inc., 620, rue Cathcart, Montréal (P.Q.).

Chaque soumission doit être accompagnée d'un chèque certifié, sur une banque à charte au Canada et payable au Receveur général du Canada, ou d'obligations au porteur, tel que spécifié sur la formule de soumission, au montant de 10 p. 100 du total de la soumission.

Toutes les sommes ainsi déposées seront retournées à moins que, dans le cas de l'heureux soumissionnaire, il refuse de passer un contrat pour le travail lorsqu'il en sera requis ou, si après avoir accepté le contrat, il ne le remplit pas d'une façon satisfaisante.

On ne s'engage à accepter ni la plus basse ni aucune des soumissions.

CORPORATION COMMERCIALE
CANADIENNE,

J. D. McCARTHY,

Secrétaire.

Ottawa, Canada,

ORDRES DE L'ARMÉE CANADIENNE

Q.G.A., OTTAWA,
le 3 novembre 1947.

91-1—INSTRUCTION DES ENFANTS**—91-1**

1. Le ministre de la Défense nationale (désigné ci-après comme "ministre") est autorisé à créer, aménager et entretenir des écoles pour l'instruction des enfants dans les secteurs des stations et des camps qui sont situés à une trop grande distance des écoles déjà établies; il est aussi autorisé à engager des instituteurs pour ces écoles.

2. Le ministre est autorisé à conclure une entente avec les autorités des ministères provinciaux de l'Instruction publique, des commissions scolaires, des municipalités, des villes et des villages, en vue de contribuer partiellement au coût de l'entretien de leurs écoles, à la régie desdites écoles, et de se renseigner sur le niveau d'instruction que peuvent y acquérir les enfants.

3. Seront admis à fréquenter les écoles ouvertes en vertu de la présente ordonnance:

- a) sans frais pour les parents, les enfants des militaires qui habitent des logements publics, que ce soit d'une façon permanente ou autrement;
- b) sans frais pour les parents, les enfants de tous autres militaires qui habitent des logements dans les établissements, les stations ou les camps mentionnés ci-dessus, ou dans les environs, pourvu que les militaires intéressés qui n'habitent pas des logements publics versent, à cette fin, tels montants que peut fixer le ministre;
- c) les enfants de fonctionnaires civils qui sont employés par le ministère de la Défense nationale, y compris ceux qui sont employés temporairement comme ceux qui sont employés à l'heure, qui habitent des logements dans les établissements, les camps et les stations mentionnés ci-dessus, ou dans les environs desdits camps ou stations, pourvu que les intéressés, pendant qu'ils occupent tels emplois, versent à cette fin, tels montants que peut fixer le ministre.

4. Là où sont déjà établies des écoles à une distance raisonnable des établissements, des stations ou des camps, au lieu d'ouvrir une école, le ministre peut

- a) autoriser le paiement ou le remboursement en tout ou en partie, des montants que les militaires mentionnés au sous-alinéa 3 a) ci-dessus sont obligés de verser pour y envoyer leurs enfants;
- b) autoriser lui-même, ou par l'entremise d'un officier qu'il peut désigner, le commandant de l'établissement, du camp, ou de la station, là où il n'existe pas de moyens de transport public pour le transport des enfants à l'école et de l'école, à fournir les transports militaires pour tous les enfants mentionnés au par. 3 ci-dessus moyennant le versement de tels frais que peut fixer le ministre.

5. La présente ordonnance est applicable à compter du 3 avril 1947 et remplace les dispositions de l'appendice "A" à l'arrêté en conseil C.P. 1271 de la même date; ledit appendice "A" est, par les présentes, révoqué.

6. Le présent ordre remplace l'OAC 91-1 du 28 avril 1947.

**156-2—ORDONNANCES ET RÈGLEMENTS ROYAUX APPLICA- —156-2
BLES À L'ARMÉE CANADIENNE, 1939—MODIFICATIFS
(N° 112)**

Les *Ordonnances et Règlements royaux applicables à l'Armée canadienne, 1939*, sont modifiés ainsi qu'il suit:

Biffer les paragraphes 163, 164, 181 f), 186, 187, 187A, 187B et 225.

A la suite du paragraphe 275, *ajouter* le texte suivant:

"14. LES SERVICES DE CADETS DU CANADA

Admissibilité au grade d'officier

276. L'aspirant à une commission dans les Services de cadets du Canada doit être:

- a) sujet britannique ou citoyen canadien;
- b) âgé d'au moins 18 ans et d'au plus 50 ans;
- c) proposé par le commandant de région intéressé;
- d) classé selon un profil PULHEMS minimum 3333311, à l'exception d'un sous PUL ou E, pourvu que le commandant de région accorde son approbation et que le médecin de la région ou de la zone certifie que l'aspirant n'aggraverait pas son état dans l'accomplissement de ses fonctions.

Grade à l'incorporation

277. a) Sous réserve des dispositions suivantes, la nomination initiale aux Services de cadets du Canada a lieu au grade de sous-lieutenant.

b) Un breveté du Collège militaire royal, un officier ou cadet-officier qui a terminé avec succès le stage d'instruction militaire du Corps-école d'officiers canadiens, un officier qui détient le grade de lieutenant ou un grade supérieur dans l'Active, la Réserve ou la Réserve supplémentaire ou le grade correspondant dans la Marine royale canadienne ou le Corps royal d'aviation canadien peut se voir accorder le grade de lieutenant lors de son incorporation initiale aux Services de cadets du Canada.

Qualités requises

278. a) A moins qu'il ne puisse justifier de qualités acquises antérieurement à titre d'officier, un sous-lieutenant des Services de cadets du Canada doit terminer avec succès le cours donnant droit au certificat d'instructeurs de cadets (classe A) dans un délai d'un an après sa nomination. Sauf dans les cas particuliers où l'adjudant général autorise la prolongation de la période de qualification, à l'officier qui n'acquiert pas la compétence requise dans le délai prescrit, on proposera de renoncer à son brevet et, s'il n'y donne pas suite, on prendra les mesures pour recommander sa retraite.

b) Un instructeur civil des Cadets royaux de l'armée canadienne qui ne peut autrement justifier de qualités acquises antérieurement à titre d'officier doit terminer avec succès le cours donnant droit au certificat d'instructeur de cadets (classe A) dans un délai d'un an après la date de son engagement à titre d'instructeur civil. Sauf dans les cas particuliers où l'adjudant général autorise la prolongation de la période de qualification, un instructeur civil des Cadets royaux de l'Armée canadienne qui n'acquiert pas la compétence requise dans le délai prescrit perd son emploi d'instructeur.

Avancement

279. L'avancement définitif ou provisoire dans le cas d'un officier des Services de cadets du Canada n'a lieu que si l'effectif du corps de cadets où enseigne l'officier comporte un poste vacant du grade à franchir. L'avancement définitif ou provisoire a lieu de la façon suivante:

- a) Un sous-lieutenant des Services de cadets du Canada peut franchir le grade de lieutenant:
 - (i) s'il a servi au moins un an à titre de sous-lieutenant;
 - (ii) s'il possède un certificat d'instructeur de cadets (classe A).
- b) Un lieutenant des Services de cadets du Canada peut franchir le grade de capitaine:

- (i) s'il a terminé avec succès un cours d'admissibilité au grade de capitaine (Service des cadets du Canada);
- (ii) s'il a détenu le grade de lieutenant pendant trois ans et qu'il a instruit un corps de cadets pendant trois ans à la satisfaction du commandant de région intéressé.
- c) Un capitaine des Services de cadets du Canada peut franchir le grade de major:
 - (i) s'il a terminé avec succès un cours d'admissibilité au grade de major (Service de cadets du Canada);
 - (ii) s'il a détenu le grade de capitaine pendant quatre ans et qu'il a rempli ses fonctions à la satisfaction du commandant de région.
- d) Un major des Services de cadets du Canada peut franchir le grade de lieutenant-colonel s'il a détenu le grade de major pendant quatre ans et qu'il a rempli ses fonctions à la satisfaction du commandant de région.
- e) A tout ancien officier d'une quelconque des armées de mer, de terre ou de l'air de Sa Majesté, étant nommé sous-lieutenant aux Services de cadets, il peut être accordé un grade provisoire équivalant au grade effectif ou provisoire le plus élevé qu'il a détenu dans l'une de ces trois armes ou le grade effectif correspondant après qu'il a accompli un an de service satisfaisant à son grade provisoire.
- f) Selon les exigences de l'administration et de l'instruction, le commandant de région peut proposer d'accorder à un officier le grade provisoire immédiatement supérieur à son grade effectif.
- g) Un instructeur civil des Cadets royaux de l'Armée canadienne qui détient un certificat d'instructeur de cadets (classe A) et qui est nommé sous-lieutenant aux Services de cadets du Canada peut franchir le grade de lieutenant après un an de service à la suite de la date où il a acquis ses titres au certificat précité. De même, il peut devenir capitaine, à condition de suivre avec succès le cours d'admissibilité à ce grade (Services de cadets du Canada) et d'avoir instruit un corps de cadets à la satisfaction du commandant de région, pendant quatre ans à compter de la date où il a obtenu son certificat d'instructeur de cadets (classe A).

Cadre de réserve

279A. a) Un cadre de réserve d'officiers est autorisé dans le cas des Services de cadets du Canada.

b) Un officier des Services de cadets du Canada qui ne possède pas les qualités requises pour servir dans la Réserve ou la Réserve supplémentaire de l'Armée canadienne et qui pour une raison quelconque cesse d'instruire un corps de cadets peut être porté au cadre de réserve d'officiers des Services de cadets du Canada.

c) Un officier des Services de cadets du Canada qui possède les qualités requises pour servir dans la Réserve ou la Réserve supplémentaire de l'Armée canadienne et qui, pour une raison quelconque cesse d'instruire un corps de cadets peut être versé à la Réserve supplémentaire.

Retraite

279B. a). Les officiers des Services de cadets du Canada sont mis à la retraite, sans égard à leur grade, à l'âge de 55 ans, à moins d'un ordre contraire du Ministre.

b) Un officier qui durant trois années consécutives a fait partie du cadre de réserve d'officiers des Services de cadets du Canada est mis à la retraite de l'Armée canadienne à la fin de la troisième année.

Emploi des officiers de la Réserve

279C. Les officiers dont les noms paraissent aux contrôles des unités de la Réserve de l'Armée canadienne et qui servent dans ces unités peuvent, au besoin, être affectés aux Services de cadets du Canada avec l'assentiment du commandant de région. En pareil cas, l'affectation d'un officier de la Réserve est assujettie aux conditions suivantes:

- a) Ce stage de service doit être volontaire de la part de l'officier intéressé.
- b) Il doit exister, à l'effectif des Services de cadets du Canada, un poste vacant attribué au corps de cadets visé.

- c) Le stage de service ne doit pas dépasser la période d'instruction des cadets, autorisée annuellement par le Ministre, y compris le séjour au camp d'été.
- d) Ce stage de service ne nuira en rien aux privilèges d'officiers de réserve de l'intéressé.

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada*; cet avis doit

indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada*, comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. Une compagnie de chemin de fer ou de canal—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. Une compagnie de télégraphe ou de téléphone—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet l'exécution d'entreprises dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des droits ou privilèges exclusifs, ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt ou compagnie industrielle, sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition

par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçu par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examineur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui rééditent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

EXTRAIT DU RÈGLEMENT DE LA CHAMBRE DES COMMUNES TOUCHANT LA PUBLICATION DES AVIS

95. (1) Toute pétition introductive de bill privé de quelque nature qu'il soit, doit être annoncée par avis publié dans la *Gazette du Canada*. Cet avis doit exposer clairement et distinctement la nature et l'objet du bill projeté; il doit être signé par les pétitionnaires ou en leur nom, avec indication de l'adresse des signataires. Si la pétition tend à une loi de constitution en corporation, l'avis doit mentionner le nom de la compagnie projetée. Si les travaux d'une compagnie, qu'elle soit constituée en corporation ou qu'il s'agisse de la constituer en corporation doivent être reconnus comme étant destinés à profiter au Canada d'une manière générale, l'avis doit énoncer cette intention expressément, et les pétitionnaires doivent faire parvenir une copie de cet avis par lettre recommandée, au secrétaire de chaque comté ou municipalité que la construction ou la mise en œuvre de ces ouvrages peut intéresser, ainsi qu'au secrétaire de la province où ces mêmes ouvrages sont ou pourront être situés. Tout avis ainsi expédié par lettre recommandée doit être mis à la poste assez tôt pour arriver à destination au moins deux semaines avant la prise en considération du bill par le comité auquel il peut être renvoyé. La preuve que les requérants se sont conformés à cette règle s'établit au moyen d'une déclaration statutaire.

(2) Outre l'avis devant figurer dans la *Gazette du Canada*, il doit en être publié un semblable dans quelque journal important, comme suit:

(A) 1. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de chemin de fer ou de canal, cet avis similaire doit être publié dans la principale cité, ville ou municipalité de village de chaque comté ou district que doit traverser le chemin de fer ou le canal projeté;

2. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de télégraphe ou de téléphone, cet avis similaire doit être publié dans la principale cité ou ville de chaque province ou territoire où la compagnie en question se propose d'établir son service;

3. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie créée en vue de la construction de tous ouvrages dont l'établissement ou la mise en œuvre pourrait intéresser tout particulièrement une localité quelconque, ou en vue de tous droits ou privilèges exclusifs, ou encore en vue de toute opération qui pourrait porter atteinte aux droits ou aux biens d'autrui, cet avis similaire doit être publié dans les diverses localités où la loi projetée pourrait porter atteinte aux affaires, droits ou biens d'autres personnes ou compagnies;

1738—6

4. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation un établissement bancaire, une compagnie d'assurance, une compagnie de fiducie, une compagnie de prêts ou une compagnie industrielle non dotée de pouvoirs exclusifs, il suffit d'un avis dans la *Gazette du Canada*.

(B) 1. Lorsque la pétition a pour objet de modifier une loi existante en vue de prolongement de tout chemin de fer ou canal ou de la construction d'un embranchement de voie ferrée ou de canal, il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité, ville ou municipalité de village de chaque comté ou district devant être desservi par ce prolongement ou cet embranchement.

2. Lorsque la pétition a pour objet de modifier une loi existante en vue de prorogation du délai fixé pour la construction ou l'achèvement de toute ligne de chemin de fer, de tout embranchement ou prolongement de ligne de chemin de fer, de tout canal, de tout réseau télégraphique ou téléphonique, ou de tout ouvrage déjà autorisé il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité ou ville de chaque district intéressé.

3. Lorsque la pétition a pour objet de modifier une loi existante en vue de la continuation d'une charte ou de l'extension des pouvoirs d'une compagnie (quand elle ne comporte pas la concession de droits exclusifs); ou en vue de l'augmentation ou de la réduction du capital-actions d'une compagnie quelconque; ou en vue de l'accroissement ou de la modification de sa faculté d'émettre des obligations ou de contracter des emprunts d'un autre genre; ou encore en vue de toute modification touchant aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie, il est publié un avis à l'endroit où est situé le siège social de la compagnie ou à l'endroit où la compagnie est autorisée à établir son siège social.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer ladite pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. La preuve que l'avis en question a été dûment publié s'établit dans chaque cas, par voie de déclaration statutaire. Toute déclaration de cette nature doit être envoyée au greffier de la Chambre, et cela doit porter au dos l'indication: "Avis de bill privé".

Pétitions introductives de bills privés

92. Nulle pétition introductive de bill privé n'est reçue par la Chambre si elle n'est pas présentée dans les six premières semaines de la session. Tout bill privé prenant naissance à la Chambre des communes doit y être présenté dans les deux semaines qui suivent le jour où la pétition a été rapportée favorablement par l'examineur des pétitions ou par le

comité du Règlement. Nulle motion portant suspension du présent article ne peut être accueillie à moins que le comité du Règlement n'ait préalablement présenté un rapport recommandant cette suspension, en y consignant les motifs de sa décision.

97. Nulle pétition portant constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie se proposant d'exploiter un canal, ou portant prolongement d'une ligne de chemin de fer ou d'un canal existant ou autorisé, ou portant construction d'un embranchement de voie ferrée ou de canal, ne sera prise en considération par l'examineur, ou par le comité du Règlement, tant qu'il n'aura pas été déposé entre les mains dudit examinateur une carte ou un plan indiquant l'endroit où se trouveront ces ouvrages, et chaque comté, canton, municipalité ou district à travers lequel le chemin de fer, le canal, le prolongement ou l'embranchement projeté doit être construit.

Bills privés

93. (1) Quiconque désire obtenir un bill privé doit déposer entre les mains du greffier de la Chambre, au plus tard le premier jour de la session, une copie de ce bill en anglais ou en français, ainsi qu'une somme suffisante pour en défrayer la traduction, qui est faite par le personnel de la Chambre, et l'impression, qui est exécutée par le département des impressions publiques.

(2) Le promoteur d'un bill privé doit, après la deuxième lecture de ce bill et avant sa prise en considération par le comité qui en est saisi, défrayer l'impression de la loi dans le recueil des statuts et payer un droit de cinq cents dollars.

FRAIS ADDITIONNELS

(3) En sus des frais précités, les droits suivants doivent être imposés et payés:

a) Lorsqu'il y a suspension d'un article du Règlement relativement à un bill ou à la pétition introductive qui s'y rattache	\$ 100
b) Lorsqu'un bill est présenté en Chambre après la huitième semaine et avant l'expiration de la douzième semaine de la session...	100
c) Lorsqu'un bill est présenté en Chambre après la douzième semaine de la session	200
d) Lorsque le capital-actions projeté d'une compagnie ne dépasse pas \$250,000...	100
e) Lorsque le capital-actions projeté d'une compagnie dépasse \$250,000, mais n'est pas supérieur à \$500,000...	200
f) Lorsque le capital-actions projeté d'une compagnie dépasse \$500,000, mais n'est pas supérieur à \$750,000...	300
g) Lorsque le capital-actions projeté d'une compagnie dépasse \$750,000, mais n'est pas supérieur à \$1,000,000...	400
h) Lorsque le capital-actions projeté d'une compagnie dépasse \$1,000,000, mais n'est pas supérieur à \$1,500,000...	600
i) Lorsque le capital-actions projeté d'une compagnie dépasse \$1,500,000, mais n'est pas supérieur à \$2,000,000...	800
j) Pour chaque million de dollars de capital-actions additionnel ou fraction de million...	200

(4) Lorsqu'un bill porte augmentation du capital-actions d'une compagnie existante, le droit additionnel à déboursier est basé sur le tarif précité, et il n'y est fait état que du montant de l'accroissement.

(5) a) Lorsqu'un bill tend à l'augmentation de la faculté d'emprunt d'une compagnie ou en comporte

l'augmentation sans qu'il y ait accroissement du capital-actions, le droit additionnel est de trois cents dollars.

b) Lorsqu'un bill porte augmentation à la fois du capital-actions et de la faculté d'emprunt d'une compagnie, le droit additionnel est perçu sur les deux.

(6) Si, à quelque phase du bill, il y a augmentation du capital-actions projeté d'une compagnie ou de sa faculté d'emprunt, le bill en question ne peut franchir une autre étape tant que ces promoteurs n'auront pas solder les frais occasionnés par cette modification.

(7) Dans la présente règle, l'expression "capital-actions projeté" comprend toute augmentation de capital-actions prévue par le bill; et quand un bill porte faculté d'augmenter à quelque époque le chiffre du capital-actions, le droit additionnel est calculé sur le maximum de l'augmentation projetée, dont le bill fait mention.

(8) Les droits additionnels établis par la présente règle s'appliquent aussi aux bills privés qui ont pris naissance au Sénat; néanmoins, si la pétition introductive d'un bill privé de ce genre a été présentée à la Chambre des communes dans les six premières semaines de la session, les droits additionnels prévus aux alinéas b) ou c) du paragraphe 3 ne sont pas exigibles.

Du bill-type

96. (1) Le greffier en chef des bills privés remplit les fonctions d'examineur des bills privés, et, comme tel, il est tenu d'étudier et de reviser tous les bills privés antérieurement à leur impression, en vue d'y établir une certaine uniformité, lorsque la chose est possible, et de s'assurer qu'ils ont été élaborés conformément aux articles du Règlement de la Chambre relatifs aux bills privés.

(2) Tout bill tendant à la constitution en corporation d'une compagnie doit, lorsqu'il a été adopté une formule de bill-type, être rédigé en conformité de ce modèle, dont il peut être obtenu des exemplaires du greffier de la Chambre. Toute disposition d'un bill de ce genre qui n'est pas conforme au bill-type doit être insérée entre crochets ou soulignée, et elle doit être imprimée de la sorte.

(3) Lorsqu'un bill privé porte modification d'un article, paragraphe ou alinéa quelconque d'une loi existante, ce même article, paragraphe ou alinéa doit être abrogé dans le texte du bill et reconstitué selon la modification que les auteurs du bill veulent y apporter, la nouvelle rédaction devant être soulignée. L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

CARTE OU PLAN ACCOMPAGNANT LE BILL

98. Nul bill portant constitution en corporation d'une compagnie de chemin de fer ou de canal, nul bill tendant à faire autoriser la construction d'embranchement ou de prolongements se rattachant à

des lignes de chemins de fer ou à des canaux existants, nul bill portant modification de la route suivie par un chemin de fer ou un canal exploité par une compagnie déjà constituée en corporation ne doit être pris en considération par le comité des chemins de fer tant qu'il n'aura pas été produit devant ledit comité, au moins une semaine avant la prise en considération du bill, une carte ou un plan établi sur une échelle d'au moins un demi-pouce au mille, indiquant le territoire sur lequel il est question de construire les ouvrages projetés et aussi les ouvrages analogues qui y ont déjà été construits ou autorisés, ou qui intéressent la région ou la partie de région devant être desservie par les services projetés. Cette carte ou ce plan doit porter la signature de l'ingénieur ou de toute autre personne qui l'a dressé.

AVIS DU GOUVERNEMENT

MINISTÈRE DES TRAVAUX PUBLICS

Le ministère des Travaux publics recevra jusqu'à 3 heures p.m., le mercredi 18 février 1948, des soumissions pour l'amélioration du port (reconstruction de quai) de Sointula (C.-B.), lesquelles soumissions doivent être cachetées, adressées au soussigné, et porter sur leur enveloppe, en sus de l'adresse, les mots "Soumission pour amélioration du port (reconstruction de quai), Sointula (C.-B.)".

On peut prendre connaissance des plans, du blanc de contrat et du devis, et se procurer la formule de soumission aux bureaux de l'ingénieur en chef du ministère des Travaux publics, à Ottawa, de l'ingénieur régional, bureau de poste, New-Westminster (C.-B.), et aux bureaux de poste de Vancouver, Victoria et Sointula (C.-B.).

REMARQUE.—Le ministère fournira, sur demande faite au soussigné, les bleus et le devis de l'ouvrage sur réception d'un dépôt au montant de \$20, sous forme d'un chèque de banque visé fait à l'ordre du ministre des Travaux publics. Ce dépôt sera remis au déposant dès que lesdits bleus et devis seront retournés au ministère, pourvu que la chose soit faite pas plus tard qu'un mois après la date fixée pour la réception des soumissions. Si les bleus et le devis ne sont pas remis au ministère dans ce délai, le dépôt sera confisqué.

On ne tiendra compte que des soumissions qui seront faites sur la formule fournie par le ministère et en conformité des conditions qui y sont stipulées.

Un chèque représentant une valeur égale à 10 p. 100 du montant de la soumission, fait à l'ordre du ministre des Travaux publics et visé par une banque à charte canadienne, doit être joint à chaque soumission. On acceptera aussi, comme cautionnement, soit des bons au porteur du Dominion du Canada, soit des bons au porteur de la Cie du chemin de fer Canadien-National et de ses compagnies constituantes dont le principal et l'intérêt sont garantis sans réserve par le Dominion du Canada, soit encore lesdits bons pour une partie du cautionnement et un chèque visé tel que susdit pour la balance.

Par ordre,

J. M. SOMERVILLE,
Secrétaire.

Ministère des Travaux publics,
Ottawa, le 26 janvier 1948. 5-1

MINISTÈRE DES TRAVAUX PUBLICS

Le ministère des Travaux publics recevra jusqu'à 3 heures p.m., le mercredi 25 février 1948, des soumissions pour la construction d'un bâtiment d'autopsie et d'expériences sur les animaux à l'hôpital Shaughnessy, Vancouver, (C.-B.), lesquelles soumissions doivent être cachetées, adressées au soussigné, et porter sur l'enveloppe, en sus de l'adresse, les mots: "Soumission pour bâtiment d'autopsie et d'expériences sur les animaux, hôpital Shaughnessy, Vancouver (C.-B.)".

On peut prendre connaissance des plans et du devis, et se procurer la formule de soumission aux bureaux de l'architecte en chef du ministère des Travaux publics, Ottawa (Ont.), de l'architecte régional résident, édifice public, Victoria, (C.-B.), et au bureau de poste de Vancouver, (C.-B.).

On ne tiendra compte que des soumissions qui seront faites sur la formule fournie par le ministère et en conformité des conditions qui y sont stipulées.

Un chèque représentant une valeur égale à 10 p. 100 du montant de la soumission, fait à l'ordre du ministre des Travaux publics et visé par une banque à charte canadienne, doit être joint à chaque soumission. On acceptera aussi, comme cautionnement, soit des bons au porteur du Dominion du Canada, soit des bons au porteur de la Cie du chemin de fer Canadien-National et de ses compagnies constituantes dont le principal et l'intérêt sont garantis sans réserve par le Dominion du Canada, soit encore lesdits bons pour une partie du cautionnement et un chèque visé tel que susdit pour la balance.

REMARQUE.—Sur réception d'un dépôt au montant de \$25, sous forme d'un chèque de banque visé, fait à l'ordre du ministre des Travaux publics, le ministère fournira les bleus et le devis de l'ouvrage par l'entremise de la division de l'architecte en chef, et du bureau de l'architecte régional résident de Victoria (C.-B.). Ce dépôt sera remis au déposant dès que lesdits bleus et devis seront retournés au ministère, pourvu que la chose soit faite pas plus tard qu'un mois après la date fixée pour la réception des soumissions. Si les bleus et le devis ne sont pas remis au ministère dans ce délai, le dépôt sera confisqué.

Par ordre,

J. M. SOMERVILLE,
Secrétaire.

ROUTINE ORDERS

ROYAL CANADIAN AIR FORCE
AIR FORCE HEADQUARTERS, OTTAWA.

ORDERS IN COUNCIL

The following order in council has been promulgated to the Royal Canadian Air Force:

Air Force Routine Order 78, 30 Jan 48

Financial Regulations for the Royal Canadian
Air Force on Active Service, 1945—Amendment 34

1 Delete para 196.

Insert new para 196 as follows:

“196. Recovery of Articles For Which Compensation Paid—(1) Where any lost article

is recovered subsequent to compensation having been paid, such article shall be retained by the claimant, provided that where such article is fit for further use, the claimant shall be required to repay fifty per cent of the amount paid to him as compensation in respect of such article.

(2) The necessary financial adjustments in respect of any articles retained, as provided for in (1) of this paragraph, shall be made in the pay account of the officer or airman concerned.”

(PC 159/177 of 16 Jan 48)

By Command,

Air Vice-Marshal,
for Chief of the Air Staff.

DEPARTMENT OF TRADE AND COMMERCE
TENDER No. G.19-S4-6

SEALED Tenders enclosed in envelopes marked according to the above Tender No. and addressed to The Secretary, Canadian Commercial Corporation, (70 Lyon Street), Ottawa, Ontario, will be received until 4 p.m. (E.S.T.), on the 18th day of February, 1948, for Dismantling and Moving of Central Heating Plant, etc., from Deseronto, Ontario, to St. Hubert, P.Q.

Tender forms will be supplied by the Canadian Commercial Corporation upon request. No tenders will be considered unless made on such forms and all tenders shall be subject to the terms set forth or referred to in such forms.

The Plans and Specifications are on exhibition at the Offices of the Canadian Commercial Corporation, Room No. 1143, No. 2 Temporary Building, (70 Lyon Street), Ottawa, Ontario, at which offices copies may be obtained upon the deposit of \$25, in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be remitted when such copies are returned in good condition. The Plans and Specifications are also on view at the Builders Exchange Inc., 620 Cathcart St., Montreal, Que.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada payable to the Receiver General of Canada, or by bearer bonds as specified in the form of tender, for ten per cent (10%) of the amount of the tender.

All deposits so made will be returned unless, in the case of the successful tenderer, he should decline to enter into a contract for the work when requested to do so or should fail after accepting the contract to complete the same satisfactorily.

The lowest or any tender will not necessarily be accepted.

CANADIAN COMMERCIAL CORPORATION,
J. D. McCARTHY,
Secretary.

Ottawa, Canada, January 29, 1948.
